The Chair of the Security Council Committee established pursuant to resolution 2140 (2014) presents his compliments to the Permanent Representatives of Member States and to the Permanent Observers of Non-Member States to the United Nations and wishes to convey the following:

The Committee received the final report of the Panel of Experts on Yemen and was briefed by the Panel on its activities and findings as mandated by resolution 2342 (2017). The report was subsequently made public on 13 February 2018 (S/2018/68).

I have the honour to recall that, in paragraph 11 of resolution 2140 (2014), the Security Council decided that all Member States shall freeze without delay all funds, other financial assets and economic resources which are on their territories, which are owned or controlled, directly or indirectly, by the individuals or entities designated by the Committee established by the same resolution, or by individuals or entities acting on their behalf or at their direction, or by entities owned or controlled by them. The Council further decided that all Member States shall ensure that any funds, financial assets or economic resources are prevented from being made available by their nationals or by any individuals or entities within their territories, to or for the benefit of the individuals or entities designated by the Committee. The updated list established and maintained by the Security Council Committee established pursuant to resolution 2140 (2014) with respect to individuals, entities, groups, or undertakings is available on the Committee's website at <https://www.un.org/sc/suborg/en/sanctions/2140>.

In this regard, the Committee wishes to draw your attention to the recommendation contained in paragraph 196 (c) of the Panel's final report, which reminds all Member States of the above-mentioned obligations, including freezing of funds, other financial

assets and economic resources owned or controlled by individuals and entities acting on behalf of individuals and entities designated by the Committee.

The Committee stands ready to answer any questions that your delegation may have in connection to the above reminder.
