2. RISK FACTORS

AN INVESTMENT IN THE ISSUER INVOLVES CERTAIN RISKS INCLUDING BUT NOT LIMITED TO THOSE DESCRIBED BELOW. PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER, WITH THEIR OWN INDEPENDENT FINANCIAL AND OTHER PROFESSIONAL ADVISORS, THE FOLLOWING RISK FACTORS AND THOSE DISCLOSED IN THE SECURITIES NOTE AND OTHER INVESTMENT CONSIDERATIONS AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THE PROSPECTUS BEFORE DECIDING TO MAKE AN INVESTMENT IN THE ISSUER. SOME OF THESE RISKS ARE SUBJECT TO CONTINGENCIES WHICH MAY OR MAY NOT OCCUR AND THE ISSUER IS NOT IN A POSITION TO EXPRESS A VIEW ON THE LIKELIHOOD OF ANY SUCH CONTINGENCIES OCCURRING.

IF ANY OF THE RISKS DESCRIBED BELOW WERE TO MATERIALISE, THEY COULD HAVE A SERIOUS EFFECT ON THE ISSUER'S FINANCIAL RESULTS, TRADING PROSPECTS AND THE ABILITY OF THE ISSUER TO FULFIL ITS OBLIGATIONS UNDER SECURITIES ISSUED BY IT FROM TIME TO TIME.

THE RISKS AND UNCERTAINTIES DESCRIBED BELOW ARE THOSE THAT THE DIRECTORS BELIEVE TO BE MATERIAL AS AT THE DATE HEREOF, BUT THESE RISKS AND UNCERTAINTIES MAY NOT BE THE ONLY ONES THAT THE ISSUER FACES. ADDITIONAL RISKS AND UNCERTAINTIES, INCLUDING THOSE WHICH THE DIRECTORS ARE NOT CURRENTLY AWARE OF OR DO NOT DEEM MATERIAL, MAY WELL RESULT IN A MATERIAL IMPACT ON THE FINANCIAL CONDITION AND OPERATIONAL PERFORMANCE OF THE ISSUER. ACCORDINGLY, PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN INDEPENDENT EVALUATION OF ALL RISK FACTORS, AND SHOULD CONSIDER ALL OTHER SECTIONS IN THE PROSPECTUS BEFORE INVESTING. IN ADDITION, PROSPECTIVE INVESTORS OUGHT TO BE AWARE THAT RISKS MAY BE AMPLIFIED DUE TO A COMBINATION OF RISK FACTORS.

THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS NOT INTENDED TO BE INDICATIVE OF ANY ORDER OF PRIORITY OR OF THE EXTENT OF THEIR CONSEQUENCES.

2.1 FORWARD-LOOKING STATEMENTS

This Registration Document includes statements that are or may be deemed to be "forward-looking statements". These forward-looking statements can be identified by the use of forward-looking terms, including but not limited to the terms "believes", "estimates", "anticipates", "expects", "intends", "may", "will", or "should" or, in each case, their negative or other variations or comparable terms. These forward-looking statements are based purely on the intentions, beliefs or current expectations of the Issuer and/or the Directors. There can be no assurance that the results and events contemplated by the forward-looking statements contained herein will occur. Forward-looking statements, by their very nature, involve substantial uncertainties because they relate to events and depend on circumstances that may or may not occur in the future, many of which are beyond the Issuer's control. Forward-looking statements are not guarantees of future performance and should therefore not be construed as such. The Issuer's actual results of operations and financial condition may, as a result of many different factors, differ materially from the impression created by the forward-looking statements contained in this Registration Document. In addition, even if the results of operations and financial condition of the Issuer are consistent with the forward-looking statements contained in this Registration Document, those results or developments may not be indicative of results or developments in subsequent periods.

Subject to its legal and regulatory obligations (including those under the Listing Rules), the Issuer and its Directors expressly disclaim any obligations to update or revise any forward-looking statement contained herein to reflect any change in expectations with regard thereto or any change in events, conditions or circumstances on which any statement is based.

2.2 BUSINESS RISKS

The business focus of the Issuer is to acquire receivables which are payable by companies and other entities conducting business, operating or otherwise involved in the heavy industry sector, and to

refinance its business via loans, bonds and other financing instruments. The Issuer seeks to derive its profits from the positive margin of the interest which would be payable to the Issuer in relation to receivables acquired by the Issuer as aforesaid on the one hand, and the interest which would be payable by the Issuer to its lenders, bondholders or other financing creditors from time to time on the other hand.

The Issuer is subject to the risk that it carries out or otherwise procures and obtains an incorrect or inaccurate valuation of a receivable prior to its acquisition by the Issuer in the course of its business. In addition, any risk assessment carried out or otherwise procured by the Issuer in relation to a prospective receivable and its payor may likewise be incorrect, flawed, inaccurate or may otherwise not reveal or give a full appreciation to the Issuer of all the risks inherent in the acquisition by the Issuer of the relevant receivable. Furthermore, the Issuer may fail to efficiently and effectively monitor the financial, credit, business and operational status, situation and risks of the relevant payor and its ability and capacity to effect payment of the relevant receivable and interest thereon to the Issuer.

Should any of the risks outlined above materialise, the Issuer may acquire/hold a receivable whose payor is likely to default in effecting payment to the Issuer of a part of the, or even the entire, principal amount of the relevant receivable and/or any interest thereon.

In light of the above, there can be no assurance that there will be sufficient funds received by or available to the Issuer to enable the Issuer to make payments or repayments of principal, interest or other dues under the Securities, in whole or in part. This risk is further aggravated if there are other creditors of the Issuer, especially if their claims against the Issuer are secured, guaranteed or otherwise rank in priority to those of holders of Securities. In addition, Securities may not rank equally between themselves such that the claims of holders of certain classes of Securities may be secured, guaranteed or otherwise rank in priority to those of holders of other classes of Securities.

2.3 LIQUIDITY RISK

The Issuer is also subject to liquidity risk, which is the risk that the Issuer may encounter difficulty in raising funds to meet financial commitments and may be unable to meet its obligations as they become due. The ability of the Issuer to meet its obligations in respect of the Securities is dependent on *inter alia* the timely payment of any amounts due to the Issuer, which amounts may not be fixed but may be dependent or referenced to underlying payments or circumstances beyond the control of the Issuer and also beyond the control of the relevant counterparty. The Issuer is subject to the risk of delay arising between the scheduled payment dates for principal, interest or other payments owed to the Issuer and the date of actual receipt of those payments. Any delay in payments due to the Issuer as aforesaid could result in a delay in payments due by the Issuer to the holders of Securities. Liquidity risk may also result from an inability of the Issuer to realise a financial asset quickly at a price close to its fair value to finance its payment obligations.

2.4 CONCENTRATION RISK

Concentration risk may arise because of lack of diversification in the Issuer's business and investments that may lead to excessive exposure or concentration in one counterparty / issuer or group of connected counterparties / issuers. The Issuer's business is not diversified insofar as its activities and operations focus exclusively on the acquisition of receivables payable by companies and other entities conducting business, operating or otherwise involved in the heavy industry sector.

2.5 CREDIT RISK

This is the current or prospective risk arising from a debtor's or obligor's failure to meet a commitment that it has entered into and agreed with the Issuer. Any default or inability of debtors or obligors or other counterparties to pay amounts due to the Issuer may result in the inability of the Issuer to meet its obligations, in whole or in part, to the holders of Securities and its other creditors. Third party payment obligations to the Issuer may not be secured or otherwise guaranteed, and may be subordinated to and rank after other debts due by the relevant debtor or obligor. Credit risk includes but is not limited to default risk, counterparty risk, cross border (or transfer) risk and credit

concentration risk.

2.6 MARKET RISK

The assets of the Issuer are or may be subject to normal market fluctuations and the risks inherent in investment in the international securities markets. There can be no assurance that these assets will appreciate in value or will not depreciate in value or produce the expected returns necessary for the Issuer to meet its obligations to the holders of Securities.

2.7 DEPENDENCE ON DIRECTORS

The Directors will make all decisions regarding the general management of the Issuer. As a result, the success of the Issuer's activities depends largely upon the ability of the Directors. Holders of Securities have no right or power to take part in the management of the Issuer. Subject to the Directors' fiduciary responsibilities to the Issuer, the Directors shall have no personal liability to holders of Securities for the return of any capital invested or any interest arising therefrom.

2.8 OPERATIONAL RISK

This risk covers the losses arising from inadequate or failed internal processes and systems, the inability to retain key personnel, employee misconduct and unforeseen external events. The Issuer also takes into consideration reputational risk. Such operational risks include incurring direct or indirect loss due to inadequate or inoperative internal control processes, staff errors, and / or illegal actions, information technology system failures or external factors.

2.9 SERVICE PROVIDER AND COUNTERPARTY RISKS

The Issuer is entirely reliant on its service providers which have agreed to provide the Issuer with a number of services, including services with respect to Securities and payments to be made thereunder and the listing thereof. Failure of any service provider to carry out its obligations to the Issuer could have a materially detrimental effect on the operations of the Issuer and potentially its ability to meet its obligations to the holders of Securities or on the rights of such holders.

The Issuer is also subject to the risk of the failure or default of any counterparty, particularly credit institutions or similar financial, investment or other entities by which any of the funds or assets of the Issuer may be held from time to time.

The success of the Issuer is also connected to the overall performance of heavy industry-related operations and businesses. Heavy industry and related operations and businesses may be disrupted due to political strife and other factors, such as economic sanctions, embargoes and similar restrictive measures, as well as market downturns in supply and demand, whether cyclical, economic or seasonal, that may impact significantly on the industry and, ultimately, on the ability of the Issuer to recover payments from relevant counterparties, that is, the payors of receivables acquired by the Issuer in the course of its business.

2.10 REGULATORY RISK

This risk arises from a failure or inability to comply fully with the laws or regulations applicable to the Issuer. Non-compliance could lead to fines, public reprimands, damage to reputation, enforced suspension of operations or, in extreme cases, withdrawal of authorisation to operate (where applicable). Moreover, applicable laws or regulations may change or new laws or regulations may be enacted which may affect the conduct of the Issuer's business.

2.11 EXTERNAL FACTORS

The Issuer is subject to certain risks inherent in the economy in general and other external factors which are beyond its control, including but not limited to changes in economic conditions and/or interest rates, business cycles, inflation volatility in financial markets and increased competitive pressure in heavy industry and related businesses and operations. The income of the Issuer (out of

which payments to holders of Securities are to be made) may also be adversely affected by the political, social and economic climate in any relevant country.

2.12 TAX

Payments to and proceeds received by the Issuer in respect of any of its services, activities and / or assets may be subject to withholding or other direct or indirect taxes. Such taxes may have a material bearing on the Issuer's capacity to honour its payment and other commitments in terms of the Securities.

2.13 POTENTIAL CONFLICTS OF INTEREST

The issue price of Securities may include certain fees, commissions and expenses payable to, or incurred by, any agent or agents (the "**Agents**") engaged by or on behalf of the Issuer in connection with or for the purposes of such issue of Securities, including a paying agent and/or a listing agent.

One (1) or more Directors may also hold shares in and/or may be appointed to the board of directors (whether as executive or non-executive directors) of any Agent. Potential conflicts of interest may arise as a result. In fact, any such person may have an interest in securing maximum profits for the Agent in which he holds shares or of which he is a director to the detriment of the Issuer and investors holding Securities. The Issuer aims to avoid any conflict of interest arising as such by disclosing in any Securities Note the nature of such conflict of interest and fees chargeable by the Agents.

There may also be situations in which a Director holds shares, securities and/or any other interest in the Issuer, whether directly or indirectly and/or either personally or by means of a fiduciary arrangement or by virtue of a beneficial interest in a trust or similar arrangement. Without prejudice to the generality of the aforesaid, as at the date of this Registration Document, Mr Christoph Arnegger (whose details are disclosed in sections 3.2 and 5 of this Registration Document) is a Director and also holds all the shares that are currently in issue in the capital of the Issuer and, accordingly, is entitled to receive any and all profits as may from time to time be available for distribution by the Issuer by way of dividend. Notwithstanding the aforesaid, Directors have statutory duties to the Issuer and are required to exercise good faith and integrity in handling all the Issuer's affairs.

In addition, subject always to their regulatory or other obligations in performing each or any role or function, the Issuer, its affiliates, the Directors and any Agents shall not act on behalf of, or accept any duty of care or any fiduciary duty to, any investor holding Securities. The Issuer and each of its affiliates, the Directors and each Agent will pursue actions and take steps that they deem appropriate to protect their respective interests without regard to the consequences for the Investors or any other person.

3.1 PRINCIPAL ACTIVITIES

The business focus of the Issuer is to acquire receivables which are payable by companies and other entities conducting business, operating or otherwise involved in the heavy industry sector, and to refinance its business via loans, bonds and other financing instruments. The Issuer seeks to derive its profits from the positive margin of the interest which would be payable to the Issuer in relation to receivables acquired by the Issuer as aforesaid on the one hand, and the interest which would be payable by the Issuer to its lenders, bondholders or other financing creditors from time to time on the other hand. The Issuer's know-how lies in the valuation and risk assessment of receivables and their payors prior to their acquisition by the Issuer, and the ongoing monitoring of the relevant payors. Furthermore, the Issuer relies on having efficient access to the capital markets to refinance its business. The Issuer, therefore, seeks to act and operate as a financial intermediary between financing groups and heavy industry-related operators and service providers.

The Issuer does not require any authorisation or licence to carry out its business activities in terms of any applicable law.

In addition, the Issuer has also entered into a separate agreement with the same holding company whereby it was agreed that the repayment by the holding company in favour of the Issuer of six million, four hundred and sixty six thousand, five hundred Euros (€6,466,500) out of the aforementioned global principal amount of the receivable amounting to twenty eight million Euros (€28,000,000), shall be subordinated to and shall rank after the payment by the holding company of all its other current and future debts.
