2. SUMMARY OF RISK FACTORS

General	An investment in the Notes involves certain risks including those described below. Prospective investors should carefully consider, with their own independent financial and other professional advisers, the risks and other investment considerations as well as all the other information contained in the Prospectus and Reference Documents before deciding to make an investment in the Notes. In addition, prospective investors ought to be aware that the risk may combine and thus accumulate.
Forward-looking Statements	This document contains forward-looking statements. No guarantee can be given that future results or expectations covered by such statements will be achieved. These statements by their nature involve substantial risks and uncertainties, certain of which are beyond the Issuer's control.
<i>Risks Relating to the Issuer</i>	
Strategic & Business Risk	As described in Section 11.4(i) entitled "Principal Activities", the Issuer principally provides banking services to the Group and to customers of the Group. The Issuer is dependent on the Group for its ongoing business operations and future business expansion. Consequently, any adverse changes to the Group's operating results, financial position and business prospects could adversely affect the Issuer's business and the results of its operations.
Credit Risk	Risks arising from changes in credit quality and the recoverability of loans and amounts due from counterparties are inherent in the Issuer's business. Negative changes in the credit quality of the Issuer's borrowers and counterparties or a general deterioration in European or global economic conditions, or arising from systemic risks in the financial systems, could affect the recoverability and value of the Issuer's assets and require an increase in the provision for impairment losses and other provisions.
Concentration Risk	Risk arising from an uneven distribution of counterparties in credit or any other business relationship or from a concentration in business sectors or geographical regions which is capable of generating losses large enough to jeopardise the Issuer's solvency. The Issuer currently provides factoring services to the debtors of the Group on a non-recourse basis. The debtors are drawn from the Belgian property, building and construction sector. Accordingly, the Issuer is currently exposed to the said business sector and geographical region. The said concentration risk may have a negative impact on the financial performance of the Issuer.
Liquidity Risk	The risk that the Issuer will encounter difficulty in raising funds to meet financial commitments. This may result from the Issuer's inability to realise a financial asset quickly at close to its fair value or obtain adequate funding which could have a material adverse affect on the financial performance of the Issuer.
Interest Rate Risk	Risk arising from the extent that interest-earning assets and liabilities mature or re-price at different times. Such a mismatch may have a negative impact on the financial performance of the Issuer.

Operational Risk

The risk covering the losses arising from inadequate or failed internal processes and systems, the inability to retain key personnel, and unforeseen external events. The impact of such losses on the Issuer may be substantial. Although the Issuer has implemented risk controls and loss mitigation actions, and considerable resources are devoted to developing efficient procedures, systems, business continuity planning and to staff training, it is only possible to be reasonably, but not absolutely, certain that such procedures will be effective in controlling each of the operational risks faced by the Issuer.

External Risk

The Issuer's overall performance and results may also be adversely affected by external factors beyond the Issuer's control. These include changes in economic conditions, business cycles, volatility in financial markets and increased competitive pressure in the financial services sector. Negative changes in overall local and international economic conditions, inflation, consumer and business spending, recession, unemployment, limited credit availability and such other factors which are beyond the Issuer's control, may also negatively affect the performance of the Group.

Reputational Risk

The risk that negative publicity regarding the Issuer's and/or the Group's business practices, whether true or not, will cause a decline in the customer base, costly litigation or revenue reductions. Negative publicity can result from the Issuer's actual or alleged conduct in any number of activities, including lending practices, corporate governance, and actions taken by government regulators in response to those activities. Although the Issuer takes steps to minimise reputation risk in dealing with customers, the Issuer is inherently exposed to this risk.

Risks Relating to the Notes

Market Risk

The existence of an orderly and liquid market for the Notes depends on a number of factors, including the presence of willing buyers and sellers of the Issuer's Notes at any given time. Such presence is dependent upon the individual decisions of investors over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Notes will develop, or, if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell the Notes at or above the price at which they are issued or at all.

Impact of Future Offers

No prediction can be made about the effect which any future public offers of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Notes prevailing from time to time.

Market Interest Rates

Investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes.

Laws and Regulations

The terms and conditions of the Notes are based on Maltese law in effect as at the date of the applicable Final Terms. No assurance can be given as to the impact of any possible judicial decision or change in Maltese law or administrative practice after the date thereof.

Ranking

The Notes shall constitute the general, direct, unconditional and secured obligations of the Issuer and shall, at all times, rank *pari passu* without any priority or preference among themselves.

Security

The Notes are secured by a pledge on certain receivables due to the Issuer. The value of the Pledge securing the obligations of the Issuer under the Notes is dependent upon the amount and value which the Security Trustee is able to recover from the Receivables. In the event that any of the Receivables are not recoverable by the Security Trustee, then the corresponding value of the Pledge shall be reduced accordingly and may, depending on the extent of such non-recoverable Receivables and in the event of a default by the Issuer under the Notes, impact the recourse to the Receivables.

Furthermore the pledge created over future receivables in the respective Pledge Agreement, is conditional upon the said receivables coming into existence. Accordingly, in the event that the receivables do not come into existence, no valid pledge thereon can be said to be created or subsist.

Offer Volume

The issue volume specified in the applicable Final Terms corresponds to the maximum total amount of Notes offered but is no indication of which volume of Notes will be actually issued. The actual volume depends on the market conditions and may change during the term of the Notes. Therefore, investors should note that the specified offer volume does not allow to draw any conclusions as to the liquidity of the Notes in the secondary market.

Early Redemption Rights

The Final Terms for a particular issue of Notes may provide for a right of termination of the Issuer. An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

Exchange Rate

A Holder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Notes and the Holder's currency of reference, if different.

Terms and Conditions

The terms and conditions of the Notes are based on Maltese law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in Maltese law or administrative practice after the date of this Prospectus.

3.6 Organisational Structure and Information about the Group

The Issuer is wholly owned by the Group. The financial results and assets and liabilities of the Issuer are included in the consolidated financial statements of VMKG PLLC, company number 0447.152.677 (the ultimate Group holding company), the registered office of which is Bruulstraat 77, 1130 Brussels, Belgium. The above chart displays the position of the Issuer within the Group.

The Group, whose head office is located in Kortrijk, Belgium, operates in Belgium, France, the Netherlands, USA, Switzerland and Luxembourg though the bulk of its operations is concentrated in Belgium. Its activities are diverse; it is a very large plumbing and heating wholesaler and a manufacturer of office and laboratory furniture, sanitary ware, and hands-free electronic controls for wash basins. The Group is also involved in packaging, transportation, asphalt supply, road milling contracting and recycling of reclaimed asphalt.

As at 31 December 2008 the Group's total assets amounted to €228,219,000 with a consolidated turnover of €409,917,000. As at 31 December 2008, the average number of persons employed by the Group stood at 1,639.

As a result of the business operations of the Issuer detailed in Section 11.4 under the heading “**Description of Business**”, the Issuer is dependent on the Group for its ongoing business operations and future business expansion. Consequently, any adverse changes to the Group's operating results, financial position and business prospects could adversely affect the Issuer's business and the results of its operations.

3.7 Historical Background

The Issuer was incorporated on 8 June 1994 as Izola Bank Limited for an indefinite duration under the Commercial Partnerships Ordinance, 1962 (Cap. 168, laws of Malta), and with effect from 28 February 1998 complied with the Companies Act, 1995 under which it, *inter alia*, is currently regulated. On 15 February 2010, the shareholders of the Issuer resolved to change the status of the Issuer from a private limited liability company to that of a public limited liability company.

On 13 June 1994 the Issuer was granted a licence by the Ministry of Finance to carry on the business of banking as a financial institution operating initially with non-residents subject to such conditions as may from time to time be imposed under Section 4(6)(c) of the Banking Act, 1970. Following the enactment of the Banking Act, Cap. 371 of the laws of Malta, the Central Bank of Malta became the competent authority responsible for the regulation and supervision of credit institutions. On 15 November 1994, the Central Bank of Malta issued a new licence in terms of the Banking Act.

In September 2005, the terms of the licence were changed and the Issuer was authorised to conduct full banking activities in all currencies, except the Maltese Lira, with both residents and non-residents. With the entry of Malta into the Eurozone in 2008 and the adoption of the euro as its currency, the Maltese lira ceased to be legal tender.

3.8 Principal Activities of the Issuer

The Issuer is licensed by the Malta Financial Services Authority (“**MFSA**”) under the Banking Act, Cap. 371 of the laws of Malta as a credit institution and is authorised to carry out the business of banking.

The principal activities of the Issuer comprise the following:

- The receipt and acceptance of customers’ money on deposit in current, savings and term accounts which may be denominated in euro and other major currencies;
- The provision of advances by way of short and longer term loans and subscription to private bond issues;
- Money transmission services via SWIFT;
- Factoring services;
- Debit and Credit card issuance;
- Internet banking services; and
- Cash and treasury management services.

3.9 Principal Markets of the Issuer

The Issuer is authorised to provide banking services to residents of Malta, Belgium and France. The Issuer provides a range of services to residents of Belgium: current, savings and term deposit accounts, short and medium term loans, money transmission services, factoring services, credit card issuance, internet banking and cash management services. The Issuer provides internet banking services to residents of France and offers current, savings and term deposit accounts. The Issuer also provides current, savings and term deposit accounts as well as money transmission services to residents of Malta.

3.10 Trend Information

Despite the downturn in economic activity being experienced on a global basis, the financial year of the Issuer which ended 31 December 2009 delivered results which were in line with 2008 figures.

Co-ordinated measures taken by central banks over the past 18 months have included radical reductions in interest rates. Between 1 October 2008 and 31 March 2009, the European Central Bank lowered its reference rate five times from 4.25% to 1.5%. Subsequently, between 2 April 2009 and 7 May 2009, the European Central Bank lowered its reference rate by a further 0.5% to a record low of 1%. This extraordinarily rapid rate of decline in interest rates had an adverse impact on the Issuer’s net interest income.

The contraction in net interest income was largely offset by increased commissions generated by an increase in the factoring activity. On the factoring business side, there has, to date, been no evidence of any deterioration in credit quality and there were no losses reported for 2009.

The Issuer’s conservative funding and liquidity policies effectively mean that the Issuer does not rely on the short-term inter-bank or commercial paper market for funding the loan book. Nor does the Issuer engage in proprietary trading. Hence, the Issuer was, and remains, in a strong liquid position and at no time was it forced to dispose of any assets in its portfolio of holdings to meet its liabilities.

The Issuer’s credit risk is to a large extent contained, as 71% of the loan book is cash secured by amounts owed to customers. The Directors consider that trading conditions for the Issuer throughout the remainder of 2010 will remain largely in line with those experienced in 2009.

The Directors look forward to developing the factoring and credit card business further in this challenging environment. The factoring business has registered steady growth since its introduction in 2003. The Directors consider that there exists plenty of scope to carry on expanding this area of activity in the coming years. The existing vigilant controls will be kept in place. As at 31 December 2009, the Issuer’s largest exposure to a single factoring debtor amounted to €518,681 which represented 0.82% of the total advances portfolio.

The current credit approval and monitoring structures have helped to ensure very good credit quality of factoring debtors and minimised losses to the Issuer. In fact out of a total amount of €79,530,403 of invoices factored over a seven year period, only one amount of €82,021 pertaining to a single debtor was written off in 2008.

The Directors will also take measures to further promote the Issuer's short term credit facilities in its target market. A new marketing campaign will be launched in 2010 advertising increased credit card limits as well as introducing a new overdraft facility.

Save as disclosed herein, there has been no material adverse change in the prospects of the Issuer since the date of its last published audited financial statements, that is, 31 December 2009.

3.11 Major Shareholders

IBL I Limited and IBL T Limited each hold 50% of the issued share capital of the Issuer. The shareholding in IBL I Limited and IBL T Limited is indirectly held by VMKG PLLC (the ultimate parent company of the Group). Accordingly, VMKG PLLC has an indirect control of the Issuer. The presence of independent non-executive directors on the Board of Directors of the Issuer and on the Audit Committee of the Issuer serves to ensure compliance with good corporate governance of the Issuer.

3.12 Interests of Directors and Conflicts of Interest

Magdalena De Roeck, Countess A d'Oultremont and Peter Van Marcke have an indirect beneficial interest in the shareholding of the Issuer through their indirect shareholding in VMKG PLLC, company number 0447.152.677, the ultimate group holding company. Furthermore, Magdalena de Roeck, Countess A d'Oultremont and Peter Van Marcke are also directors of IBL I Limited and IBL T Limited and other companies forming part of the Group. A potential conflict of interest may arise between the duties of such directors in respect of their duties to the Issuer and the other companies forming part of the Group of which they are also directors.

Other than as herein disclosed, to the extent known or potentially known to the Issuer as at the date of this Prospectus, there are no other conflicts of interest between the duties to the Issuer and their private duties or other duties of the directors and members of senior management of the Issuer.

3.13 Legal Proceedings

There are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) during the period covering at least the previous twelve months which may have, or have had in the recent past, significant effects on the Issuer or the Group's financial position or profitability.

3.14 Significant Change

There was no significant change in the financial position of the Issuer which has occurred since 31 December 2009.

3.15 Material Contracts

The Issuer has not entered into any material contracts outside of the ordinary course of its business, which in the view of the Issuer, could result in the Issuer being under an obligation or entitlement that is material to the Issuer's ability to meet its obligations to Holders in respect of the Notes.

Risk Factors

4 GENERAL

An investment in the Notes involves certain risks including those described below. Prospective investors should carefully consider, with their own independent financial and other professional advisers, the following risk factors and other investment considerations as well as all the other information contained in the Prospectus and Reference Documents before deciding to make an investment in the Notes. In addition, prospective investors ought to be aware that the risk may combine and thus accumulate.

5 FORWARD-LOOKING STATEMENTS

This document contains forward-looking statements. No assurance can be given that future results or expectations covered by such forward-looking statements will be achieved. These statements by their nature involve substantial risks and uncertainties, certain of which are beyond the Issuer's control.

6 RISKS RELATING TO THE ISSUER

The following are the risks that are material to the Issuer and that may affect the Issuer's ability to fulfil its obligations under the Notes. The Issuer is engaged in the business of banking. Exposure to credit risk, concentration risk, liquidity risk, interest rate risk, operational risk and reputational risk arises in the normal course of business. Exposure to strategic/business risk and external risk is also a factor. Prospective investors ought to carefully consider these risk factors before deciding to invest in the Notes under the Programme.

6.1 *Strategic and Business Risk*

As described in Section 11.4(i) entitled "Principal Activities", the Issuer principally provides banking services to the Group and to customers of the Group, including but not limited to, the provision of cash management services and acceptance of funds on current, savings and term deposit accounts. The Issuer is dependent on the Group for its ongoing business operations and future business expansion. Consequently, any adverse changes to the Group's operating results, financial position and business prospects could adversely affect the Issuer's business and the results of its operations.

6.2 *Credit Risk*

Risks arising from changes in credit quality and the recoverability of loans and amounts due from counterparties are inherent in the Issuer's business. Adverse changes in the credit quality of the Issuer's borrowers and counterparties or a general deterioration in European or global economic conditions, or arising from systemic risks in the financial systems, could affect the recoverability and value of the Issuer's assets and require an increase in the provision for impairment losses and other provisions.

6.3 *Concentration Risk*

Concentration risk denotes the risk arising from an uneven distribution of counterparties in credit or any other business relationship or from a concentration in business sectors or geographical regions which is capable of generating losses large enough to jeopardise the Issuer's solvency. The Issuer currently factors Group debtors on a non-recourse basis. The debtors are currently drawn from the Belgian property, building and construction sector. Accordingly, the Issuer is currently exposed to the said business sector and geographical region. The said concentration risk may have a negative impact on the financial performance of the Issuer.

6.4 *Liquidity Risk*

Liquidity risk is the risk that the Issuer will encounter difficulty in raising funds to meet financial commitments. This may result from the Issuer's inability to realise a financial asset quickly at close to its fair value or obtain adequate funding which could have a material adverse affect on the financial performance of the Issuer.

6.5 *Interest Rate Risk*

Interest rate risk arises from the extent that interest-earning assets and liabilities mature or re-price at different times. Such a mismatch may have a negative impact on the financial performance of the Issuer.

6.6 *Operational Risk*

Operational risk covers the losses arising from inadequate or failed internal processes and systems, the inability to retain key personnel, and unforeseen external events. The impact of such losses on the Issuer may be substantial. Although the Issuer has implemented risk controls and loss mitigation actions, and considerable resources are devoted to developing efficient procedures, systems, business continuity planning and to staff training, it is only possible to be reasonably, but not absolutely, certain that such procedures will be effective in controlling each of the operational risks faced by the Issuer.

6.7 *External Risk*

The Issuer's overall performance and results may also be adversely affected by external factors beyond the Issuer's control. These include changes in economic conditions, business cycles, volatility in financial markets and increased competitive pressure in the financial services sector. Negative changes in overall local and international economic conditions, inflation, consumer and business spending, recession, unemployment, limited credit availability and such other factors which are beyond the Issuer's control, may also negatively affect the performance of the Group.

6.8 *Reputational Risk*

Reputational risk is the risk that negative publicity regarding the Issuer's and/or the Group's business practices, whether true or not, will cause a decline in the customer base, costly litigation or revenue reductions. Negative publicity can result from the Issuer's actual or alleged conduct in any number of activities, including lending practices, corporate governance, and actions taken by government regulators in response to those activities. Although the Issuer takes steps to minimise reputation risk in dealing with customers, the Issuer is inherently exposed to this risk.

7 RISKS RELATING TO THE NOTES

7.1 *Market Risk*

The existence of an orderly and liquid market for the Notes depends on a number of factors, including the presence of willing buyers and sellers of the Issuer's Notes at any given time. Such presence is dependent upon the individual decisions of investors over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Notes will develop, or, if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell the Notes at or above the price at which they are issued or at all.

7.2 *Impact of Future Offers*

No prediction can be made about the effect which any future public offers of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Notes prevailing from time to time.

7.3 *Market Interest Rates*

Investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes.

7.4 *Laws and Regulations*

The terms and conditions of the Notes are based on Maltese law in effect as at the date of the applicable Final Terms. No assurance can be given as to the impact of any possible judicial decision or change in Maltese law or administrative practice after the date thereof.

7.5 *Ranking*

The Notes shall constitute the general, direct, unconditional and secured obligations of the Issuer and shall, at all times, rank *pari passu* without any priority or preference among themselves.

7.6 *Security*

The value of the Pledge securing the obligations of the Issuer under the Notes is dependent upon the recoverability of the Receivables from the Debtors. In the event that any of the Receivables are not recoverable by the Security Trustee, then the corresponding value of the Pledge shall be reduced accordingly and may, depending on the extent of the non-recoverable Receivables and in the event of a default by the Issuer under the Notes, impact the repayment of the Notes from the Receivables.

Furthermore the pledge created over future receivables in the respective Pledge Agreement, is conditional upon the said receivables coming into existence. Accordingly, in the event that the receivables do not come into existence, no valid pledge thereon can be said to be created or subsist.

7.7 *Offer Volume*

The issue volume specified in the applicable Final Terms corresponds to the maximum total amount of Notes offered but is no indication of which volume of Notes will be actually issued. The actual volume depends on the market conditions and may change during the term of the Notes. Therefore, investors should note that the specified offer volume does not allow to draw any conclusions as to the liquidity of the Notes in the secondary market.

7.8 Early Redemption Rights

The Final Terms for a particular issue of Notes may provide for a right of termination of the Issuer. An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

7.9 Exchange Rate

A Holder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Notes and the Holder's currency of reference, if different.

7.10 Terms and Conditions

The terms and conditions of the Notes are based on Maltese law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in Maltese law or administrative practice after the date of this Prospectus.

Incorporation By Reference/Documents On Display

The following Reference Documents are incorporated by reference into this Prospectus and are available in the English language:

- The Memorandum and Articles of Association of the Issuer; and
- The Audited Financial Statements of the Issuer for each of the financial years ended 31 December 2007, 31 December 2008 and 31 December 2009.

The above mentioned documents together with the Security Trust Deed and the Pledge Agreements shall also be available for inspection at the registered office of the Issuer.

The principal activities of the Issuer comprise the following:

- The receipt and acceptance of customers’ money on deposit in current, savings and term accounts which may be denominated in euro and other major currencies;
- The provision of advances by way of short and longer term loans and subscription to private bond issues;
- Money transmission services via SWIFT;
- Factoring services;
- Debit and Credit card issuance;
- Internet banking services; and
- Cash and treasury management services.

Principal activities of the Issuer

One of the Issuer’s main activities comprises the acceptance of customers’ funds on current, savings and term deposit accounts in euro and other major currencies and the provision of advances by way of short and medium term loans and subscription to private bond issues. In this regard, the Group is the Issuer’s principal customer. The Issuer is also heavily involved in providing cash management services to the Group. These services, including balance reporting, zero balancing, sweep accounts and SWIFT transfers, are delivered through highly computer automated straight through processing operations.

The Issuer began providing factoring services in 2003 on a customised software platform which caters for the straight-through processing of all factored invoices.

In 2005 the Issuer finalised its infrastructure to provide internet banking services and in accordance with LN88 of 2004, as amended by LN66 of 2005 Regulation 9, of the European Passport Rights for Credit Institutions Regulations 2004, gave notice to the MFSA of its intention to provide cross border internet banking services to **residents of Belgium**. Permission was granted by the Belgian authorities and in 2006 the Issuer launched its internet banking services to Belgian customers of the Group and began issuing debit cards which could be used by the Issuer’s internet banking customers to access their accounts online and purchase goods in the Group’s hundred odd stores across Belgium.

In 2008 the Issuer launched a credit card for its internet banking customers which could be used online to settle Group invoices and to purchase goods in the Group’s stores.

In 2009 the Issuer, in accordance with LN88 of 2004, as amended by LN66 of 2005 Regulation 9, of the European Passport Rights for Credit Institutions Regulations 2004, gave notice to the MFSA of its intention to provide cross border internet banking services to **residents of France**. Permission was granted by the French authorities and the Issuer launched its internet banking services to French customers of the Group.

(ii) Principal Markets

The Issuer is authorised to provide banking services to residents of Malta, Belgium and France.

The Issuer provides a range of services to residents of Belgium: current, savings and term deposit accounts, short and medium term loans, money transmission services, factoring services, credit card issuance, internet banking and cash management services.

The Issuer provides internet banking services to residents of France and offers current, savings and term deposit accounts. The Bank also provides current, savings and term deposit accounts as well as money transmission services to residents of Malta.

(iii) Trend Information

Despite the downturn in economic activity being experienced on a global basis, the financial year of the Issuer which ended 31 December 2009 delivered results which were in line with 2008 figures.

Co-ordinated measures taken by central banks over the past 18 months have included radical reductions in interest rates. Between 1 October 2008 and 31 March 2009, the European Central Bank lowered its reference rate five times from 4.25% to 1.5%. Subsequently, between 2 April 2009 and 7 May 2009, the European Central Bank lowered its reference rate by a further 0.5% to a record low of 1%. This extraordinarily rapid rate of decline in interest rates had an adverse impact on the Issuer's net interest income.

The contraction in net interest income was largely offset by increased commissions generated by an increase in the factoring activity. On the factoring business side, there has, to date, been no evidence of any deterioration in credit quality and there were no losses reported for 2009.

The Issuer's conservative funding and liquidity policies effectively mean that the Issuer does not rely on the short-term inter-bank or commercial paper market for funding the loan book. Nor does the Issuer engage in proprietary trading. Hence, the Issuer was, and remains, in a strong liquid position and at no time was it forced to dispose of any assets in its portfolio of holdings to meet its liabilities.

The Issuer's credit risk is to a large extent contained, as 71% of the loan book is cash secured by amounts owed to customers. The Directors consider that trading conditions for the Issuer throughout the remainder of 2010 will remain largely in line with those experienced in 2009.

The Directors look forward to developing the factoring and credit card business further in this challenging environment. The factoring business has registered steady growth since its introduction in 2003 as demonstrated in the table below. The Directors consider that there exists plenty of scope to carry on expanding this area of activity in the coming years. The existing vigilant controls will be kept in place. As at 31 December 2009, the Issuer's largest exposure to a single factoring debtor amounted to €518,681 which represented 0.82% of the total advances portfolio.

The current credit approval and monitoring structures have helped to ensure very good credit quality of factoring debtors and minimised losses to the Issuer. In fact out of a total amount of €79,530,403 of invoices factored over a seven year period, only one amount of €82,021 pertaining to a single debtor was written off in 2008.

The Directors will also take measures to further promote the Issuer's short term credit facilities in its target market. A new marketing campaign will be launched in 2010 advertising increased credit card limits as well as introducing a new overdraft facility.

History of the Issuer's factoring activity:

Year	Number of factored invoices	Amount (€)
2003	947	2,970,469
2004	4,988	7,342,254
2005	9,454	8,536,084
2006	9,893	9,952,607
2007	13,111	13,051,980
2008	13,895	14,608,703
2009	17,776	23,068,304
Total	70,064	79,530,403

Save as disclosed herein, there has been no material adverse change in the prospects of the Issuer since the date of its last published audited financial statements, that is, 31 December 2009.

Taxation

INVESTORS AND PROSPECTIVE INVESTORS ARE URGED TO SEEK PROFESSIONAL ADVICE AS REGARDS BOTH MALTESE AND ANY FOREIGN TAX LEGISLATION WHICH MAY BE APPLICABLE TO THEM IN RESPECT OF THE NOTES, INCLUDING THEIR ACQUISITION, HOLDING AND DISPOSAL AS WELL AS ANY INCOME/GAINS DERIVED THEREFROM OR MADE ON THEIR DISPOSAL.

The following is a summary of the anticipated tax treatment applicable to Noteholders in so far as taxation in Malta is concerned. This information does not constitute legal or tax advice and does not purport to be exhaustive. The information below is based on an interpretation of tax law and practice relative to the applicable legislation, as known to the Issuer at the date of the Prospectus, in respect of a subject on which no official guidelines exist. Investors are reminded that tax law and practice and their interpretation as well as the levels of tax on the subject matter referred to in the preceding paragraph, may change from time to time.

This information is being given solely for the general information of investors. The precise implications for investors will depend, among other things, on their particular circumstances and on the classification of the Notes from a Maltese tax perspective, and professional advice in this respect should be sought accordingly.

17 MALTA

17.1 Malta Tax on Interest

Since interest is payable in respect of a Note which is the subject of a public issue, unless the Issuer is otherwise instructed by a Noteholder or if the Noteholder does not fall within the definition of “recipient” in terms of article 41(c) of the Income Tax Act, (Cap. 123, laws of Malta), interest shall be paid to such person net of a final withholding tax, currently at the rate of 15% of the gross amount of the interest, pursuant to article 33 of the Income Tax Act. Noteholders who do not fall within the definition of a “recipient” do not qualify for the said rate and should seek advice on the taxation of such income as special rules may apply.

This withholding tax is considered as a final tax and a Maltese resident individual Noteholder need not declare the interest so received in his income tax return. No person shall be charged to further tax in respect of such income. However tax withheld shall in no case be available to any person for a credit against that person’s tax liability or for a refund as the case may be.

In the case of a valid election made by an eligible Noteholder resident in Malta to receive the interest due without the deduction of final tax, interest will be paid gross and such person will be obliged to declare the interest so received in his income tax return and be subject to tax on it at the standard rates applicable to that person at that time. Additionally in this latter case the Issuer will advise the Inland Revenue on an annual basis in respect of all interest paid gross and of the identity of all such recipients unless the beneficiary does not qualify as a “recipient” in terms of article 41(c) of the Income Tax Act. Any such election made by a resident Noteholder at the time of subscription may be subsequently changed by giving notice in writing to the Issuer. Such election or revocation will be effective within the time limit set out in the Income Tax Act.

In terms of article 12(1)(c) of the Income Tax Act, Noteholders who are not resident in Malta satisfying the applicable conditions set out in the Income Tax Act are not taxable in Malta on the interest received and will receive interest gross, subject to the requisite declaration/evidence being provided to the Issuer in terms of law.

17.2 European Union Savings Directive

Non-residents of Malta should note that payment of interest to individuals and certain residual entities residing in another EU Member State is reported on an annual basis to the Malta Commissioner of Inland Revenue who will in turn exchange the information with the competent tax authority of the Member State where the recipient of interest is resident. This exchange of information takes place in terms of the EU Savings Directive 2003/48/EC.

17.3 Malta Capital Gains on Transfer of the Notes

On the assumption that the Notes would not fall within the definition of “securities” in terms of article 5(1)(b) of the Income Tax Act, that is, “*shares and stocks and such like instrument that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return*”, no Malta tax on capital gains is chargeable in respect of transfer of the Notes held as capital assets at the time of disposal.

17.4 Duty on Documents and Transfers

In terms of article 50 of the Financial Markets Act, (Cap. 345, laws of Malta) as the Notes constitute financial instruments of a company quoted on a regulated market, as is the MSE, redemptions and transfers of the Notes are exempt from Maltese duty.

INVESTORS AND PROSPECTIVE INVESTORS ARE URGED TO SEEK PROFESSIONAL ADVICE AS REGARDS BOTH MALTESE AND ANY FOREIGN TAX LEGISLATION APPLICABLE TO THE ACQUISITION, HOLDING AND DISPOSAL OF NOTES AS WELL AS INTEREST PAYMENTS MADE BY THE ISSUER. THE ABOVE IS A SUMMARY OF THE ANTICIPATED TAX TREATMENT APPLICABLE TO THE NOTES AND TO NOTEHOLDERS. THIS INFORMATION, WHICH DOES NOT CONSTITUTE LEGAL OR TAX ADVICE, REFERS ONLY TO NOTEHOLDERS WHO DO NOT DEAL IN SECURITIES IN THE COURSE OF THEIR NORMAL TRADING ACTIVITY.

General Information

18 GENERAL

The applicable Final Terms will specify which clearing system/systems has/have accepted the relevant Notes for clearance and provide further appropriate information.

There are no interests of natural and legal persons involved in potential issues under the Programme, including conflicting ones that are material to the issue of Notes under the Programme.

19 SELLING RESTRICTIONS

19.1 United States of America

The Notes have not been and will not be registered under the Securities Act of 1933 of the United States of America and accordingly may not be offered or sold within the United States or to or for the account or benefit of a U.S. person.

19.2 European Economic Area

In relation to each Member State of the European Economic Area (other than Malta) which has implemented the Prospectus Directive when securities are offered to the public or admitted to trading or which, pending such implementation, applies article 3.2 of said directive, the securities can only be offered to “qualified investors” (as defined in said directive) as well as in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to article 3 of said directive.

20 USE OF PROCEEDS

The net proceeds from each issue of the Notes will be used by the Issuer in supporting the general growth of the Issuer principally through the expansion of its factoring, credit card and short term credit facilities business.

21 LISTING ON THE OFFICIAL LIST AND ADMISSION TO TRADING INFORMATION

21.1 Malta Stock Exchange

Application has been made to list the Notes to be issued under the Programme on the official list of the Malta Stock Exchange and to be admitted to trading on the Regulated Market of the Malta Stock Exchange. Notes issued under the Programme may also be listed on such other or further stock exchange/s as may be determined by the Issuer.

Each Final Terms relating to the Notes shall be available for inspection at the registered office of the Issuer.

21.2 Undertaking

The Issuer has undertaken, in connection with the listing of the Notes, that if, while Notes of an Issuer are outstanding and listed on the Regulated Market of the Malta Stock Exchange (or of any other or further stock exchange/s as may be determined by the Issuer), there shall occur any substantial adverse change in the business, financial position or otherwise of the Issuer that is material in the context of issuance under the Programme and which is not reflected in the Prospectus (or any of the Reference Documents) the Issuer, as the case may be, will prepare or produce the preparation of a supplement to the Prospectus, or as the case may be, publish a new Prospectus for use in connection with any subsequent offering by the Issuer of Notes to be listed on the Regulated Market of the Malta Stock Exchange (or of any other or further stock exchange/s as may be determined by the Issuer).

If the Terms and Conditions of the Notes (as set out in the Prospectus) are modified or amended in a manner which would make the Prospectus, as supplemented, inaccurate or misleading, a new Prospectus will be prepared to the extent required by law.

The Issuer will provide, free of charge, a copy of the Prospectus (or any Reference Documents).

21.3 Authorisation

The establishment of the Programme was authorised by the Board of Directors of the Issuer on 15 February 2010.

4.2 The parties agree that, other than the report referred to in Clause 4.1 (f) above and notwithstanding the issuance by the Pledgor of further Tranches under the Programme, no additional report or confirmations will be required by the Pledgee in relation to the Receivables securing the Notes.

5. TERMINATION AND RELEASES

5.1 Once the Pledgee is satisfied, acting reasonably, that all the Indebtedness has been paid in full, the Pledgee shall, at the request and cost of the Pledgor, take any action which may be necessary to release the Secured Assets from the security constituted by this Agreement and to notify the Debtors of the said release.

The Pledgee is hereby being exonerated in the most ample manner from the obligation imposed by article 1968(1) of the Civil Code.

6.2 After an Acceleration Event occurs the Pledgee shall be entitled to:

- (a) demand that the Receivables be assigned to him in payment of the Indebtedness;
- (b) exercise all and any remedies available to the Pledgee under the laws of Malta; and

6.5 The Pledgor will forward copies of all notices, documents and other communications received by it or its nominee in connection with the Secured Assets to the Pledgee promptly following receipt, upon request of the Pledgee.

6.7 It is further acknowledged that the grant of the rights in Clause 6.1 above is in no way a release or restitution by the Pledgee to the Pledgor of the Secured Assets and the Pledgee shall continue to be entitled to exercise its right of retention over the Secured Assets, subject to any authorities they may grant the Pledgor from time to time, until the termination of this Agreement.

- On relevant dates subsequent to the cut off date¹ check that the opening balance on the factored receivables agree to the closing balance of the factoring receivables covered by the preceding report;
- Obtain a schedule reconciling the opening balance of the factored receivables covered by the preceding report with the closing balance of the factored receivables by taking into account the aggregate amount of invoices/credit notes issued and receipts during the period;

- 5.3** The Minimum Funds shall be the amount arrived at by applying the following formula: -

$$MF = \left[\frac{FI - 100 (OR + RFR) + I}{120} \right]$$

MF = Minimum Funds

FI = First Tranche Principal Indebtedness

OR = Other Receivables

RFR = Reported Factoring Receivables

I = Interest paid on the monies held in the Account

- 5.4** The Minimum Funds and the Free Funds shall be calculated as at each Reporting Date.
- 5.5** Subject to Clause 5.6, the Pledgee undertakes that within two (2) business days from the receipt of a Procedures Report to its reasonable satisfaction, it shall give transfer instructions for release of any Free Funds to a local bank account indicated by the Pledgor. All bank charges related to the release of the Free Funds shall be borne by the Pledgor.
- 5.6** The Pledgor shall be bound to deliver the Subsequent Documents to the Pledgee and the Pledgee shall only be bound to release the Free Funds in accordance with the terms of Clause 5.5, if the Subsequent Documents have been so delivered. Upon the delivery thereof, the Pledgee shall be deemed to have fulfilled its obligation in terms of this Agreement, and to continue to so fulfil for the term of this Agreement.

6. INSTRUCTIONS, RIGHTS AND DISCRETIONS IN RELATION TO ACCOUNT

- 6.1** All rights to give instructions relating to or connected with payments from the Account, including without limitation payments of interest and re-payment of principal and/or any balances, shall vest exclusively in the Pledgee.

6.2 Unless otherwise permitted under this Agreement, with respect to instructions not relating to or connected with payments from the Account, the Pledgor undertakes not to give any instructions to the Bank relating to the Account which may have the effect of reducing or prejudicing the value of the security given hereunder without the prior written consent of the Pledgee.

6.3 It is agreed that the right to close the Account shall not at any time be exercisable by the Pledgor without the express written consent of the Pledgee.

7. REMEDIES

7.1 After an Acceleration Event occurs, the Pledgee may exercise in relation to the Account all the rights and remedies possessed by it under this Agreement or granted to it by law or otherwise, including without limitation applying the balances (if any) then held in the Account in the manner described in this Agreement in payment of the Indebtedness. These remedies are in addition to the remedies granted to the Pledgee under any applicable law and, in so far as it is necessary to do so, the Pledgor authorises the Pledgee to avail itself of all and any of the above rights and/or remedies in the exercise and protection of its rights hereunder.

7.2 No failure to exercise, nor any delay in exercising, on the part of the Pledgee, any right or remedy under this Agreement shall operate as a waiver, nor shall any single or partial exercise of any right or remedy prevent any further or other exercise or the exercise of any other right or remedy. The rights and remedies provided in this Agreement are cumulative and not exclusive of any rights or remedies provided by law.

8. RETENTION OF PLEDGE

The Pledgee is entitled to retain this Pledge and decline to release control over it, even if the Indebtedness shall have been paid in full, until such time as it is satisfied that any payment of the Indebtedness will not be challenged and avoided at any time whether as a preference or otherwise and, for all good intents and purposes, it is being expressly agreed that any release of this pledge is subject to the condition that any payments towards the Indebtedness shall not be reversed, revoked or declared null at any time provided that the Pledgee shall not be entitled to retain this Pledge for a period which is longer than six months from the payment in full of the Indebtedness.

9. ATTORNEY

Subject to any limitations expressed elsewhere in this Agreement, the Pledgee is hereby irrevocably appointed the true and lawful Attorney of the Pledgor for the purpose of carrying out the provisions of this Agreement and taking any action or executing any instruments which the Pledgee may deem necessary to accomplish the purposes hereof. This appointment as Attorney is being given as part of this security and is being accepted by the Pledgee;

PROVIDED THAT the Pledgee shall have the option but not an obligation to utilise such power of attorney and the Pledgee shall in no way be responsible for not utilising the said power of attorney nor shall the Pledgee be in any way responsible for anything done in virtue of the said power of attorney.

10. FURTHER ASSURANCES AND AGREEMENTS

The Pledgor agrees that at any time and from time to time upon the written request of the Pledgee, it will promptly and duly execute and deliver to the Pledgee any and all such further instruments and documents as the Pledgee may deem necessary for obtaining the full benefit of this Agreement and of the rights and powers herein granted or perfecting the security created hereunder.

11. APPLICATION OF PROCEEDS

The Pledgor hereby agrees that following the happening of an Acceleration Event, the proceeds of the Account under this Pledge Agreement shall be applied as follows:

- THIRD in payment of the principal Indebtedness and

the surplus, if any, shall be paid to the Pledgor or such other person as may for the time being be entitled thereto.

12. TERMINATION OF PLEDGE

13. NOTICE OF PLEDGE TO THIRD PARTIES

13.1 The Pledgor shall, if requested to state the position of its accounts, inform third parties of this pledge and shall not represent in any way that it has free use of the Account.
