Cap. 371.

(3) The AIFM shall demonstrate that the leverage limits set by it for each AIF it manages are reasonable and that it complies with those limits at all times.

(4) The competent authority shall assess the risk that the use of leverage by an AIFM with respect to the AIFs it manages could entail. Where deemed necessary in order to ensure the stability and integrity of the financial system, the competent authority, after having notified ESMA, the ESRB and the European regulatory authority of the relevant AIF, shall impose -

(a) limits to the level of leverage that an AIFM is entitled to employ; or

The notification shall include details of the proposed measure, the reasons for the measure, and when the measure is intended to take effect. In exceptional circumstances, the competent authority may decide that the proposed measure takes effect within the ten working days referred to in this sub-regulation.

(7) After having sent the notifications in terms of sub-regulations (6) and (7), the competent authority shall receive advice from ESMA about the measure that is proposed or taken. The advice may, in particular, address whether the conditions for taking action appear to be met, whether the measures are appropriate and the duration of the measures.

(8) On the basis of the information received in accordance with sub-regulation (2), and after taking into account any advice of the ESRB, ESMA may determine that the leverage employed by an AIFM, or by a group of AIFMs, poses a substantial risk to the stability and integrity of the financial system and may issue advice to the competent authority specifying the remedial measures to be taken, including limits to the level of leverage, which that AIFM, or that group of AIFMs, are entitled to employ. ESMA shall immediately inform the competent authority, the ESRB and the Commission of any such determination.

(9) If the competent authority proposes to take action contrary to ESMA's advice referred to in sub-regulations (7) or (8), it shall inform ESMA, stating its reasons. ESMA may publish the fact that the competent authority does not comply or intend to comply with its advice. ESMA may also decide, on a case-by-case basis, to publish the reasons provided by the competent authority for not complying with its advice. The competent authority shall receive advance notice about such a publication.
