2. RISK FACTORS

2.1 GENERAL

THE VALUE OF INVESTMENTS CAN GO UP OR DOWN AND PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE PERFORMANCE.

THE NOMINAL VALUE OF THE BONDS WILL BE REPAYABLE IN FULL UPON MATURITY ON THE REDEMPTION DATE UNLESS THE BONDS ARE PREVIOUSLY RE-PURCHASED AND CANCELLED.

AN INVESTMENT IN THE BONDS INVOLVES CERTAIN RISKS INCLUDING THOSE DESCRIBED BELOW. PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER, WITH THEIR OWN INDEPENDENT FINANCIAL AND OTHER PROFESSIONAL ADVISORS, THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THE PROSPECTUS BEFORE DECIDING TO MAKE AN INVESTMENT IN THE BONDS. THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS NOT INTENDED TO BE INDICATIVE OF ANY ORDER OF PRIORITY OR OF THE EXTENT OF THEIR CONSEQUENCES.

NEITHER THIS SECURITIES NOTE, NOR ANY OTHER PARTS OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE BONDS: (I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDIT OR OTHER EVALUATION OR (II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER OR THE SPONSOR OR AUTHORISED FINANCIAL INTERMEDIARIES THAT ANY RECIPIENT OF THIS SECURITIES NOTE OR ANY OTHER PART OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE PROSPECTUS OR ANY BONDS, SHOULD PURCHASE ANY BONDS.

ACCORDINGLY PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN INDEPENDENT EVALUATION OF ALL RISK FACTORS, AND SHOULD CONSIDER ALL OTHER SECTIONS IN THIS DOCUMENT.

2.2 FORWARD LOOKING STATEMENTS

This Securities Note may contain “forward looking statements” which include, among others, statements concerning matters that are not historical facts and which may involve projections of future circumstances. These forward looking statements are subject to a number of risks, uncertainties and assumptions and important factors that could cause actual risks to differ materially from the expectations of the Issuer’s Directors. No assurance is given that future results or expectations will be achieved.

2.3 RISKS RELATING TO THE BONDS

- The existence of an orderly and liquid market for the Bonds depends on a number of factors, including but not limited to the presence of willing buyers and sellers of the Issuer’s Bonds at any given time and the general economic conditions in the market in which the Bonds are traded. Such factors are dependent upon the individual decisions of investors and the general economic conditions of the market, over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price or at all.
- Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.
- A Bondholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the Bondholder’s currency of reference, if different.
- No prediction can be made about the effect which any future public offerings of the Issuer’s securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time.
- The Bonds constitute the general, direct, unconditional and unsecured obligations of the Issuer, and shall at all times rank *pari passu*, without any priority or preference among themselves and with other unsecured debt, if any. Furthermore, subject to the negative pledge clause (section 5.7 of this Securities Note), third party security interests

may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect.

- The terms and conditions of this Bond Issue are based on Maltese law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in Maltese law or administrative practice after the date of this Prospectus.
- No prediction can be made about the effect which any future public offerings of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time.
- In the event that the Issuer wishes to amend any of the Terms and Conditions of Issue of the Bond it shall call a meeting of Bondholders in accordance with the provisions of section 5.13 of this Securities Note. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

The Bonds constitute the general, direct, unconditional and unsecured obligations of the Issuer, and shall at all times rank *pari passu*, without any priority or preference among themselves and with other unsecured debt, if any. Furthermore, subject to the negative pledge clause set out in section 5.7 of this Securities Note, third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect.

The following sets out a summary of Group indebtedness as at 30 September 2014, amounting to €41.71 million, and includes bank loans and related party loans. The bank borrowings listed below are secured by the pledges and mortgages described below. The indebtedness being created by the Bonds ranks after these bank borrowings. In addition, the Bonds would also rank after any future debts which may be secured by a cause of preference such as a pledge, mortgage, privilege and/or a hypothec.

5.6 REGISTRATION, FORM, DENOMINATION AND TITLE

- 5.6.1 Certificates will not be delivered to Bondholders in respect of the Bonds in virtue of the fact that the entitlement to Bonds will be represented in an uncertificated form by the appropriate entry in the electronic register maintained on behalf of the Issuer by the CSD. There will be entered in such electronic register the names, addresses, identity card numbers (in the case of natural persons), registration numbers (in the case of companies) and MSE account numbers of the Bondholders and particulars of the Bonds held by them respectively, and the Bondholders shall have, at all reasonable times during business hours, access to the register of bondholders held at the CSD for the purpose of inspecting information held on their respective account.

Title to the Bonds may be transferred as provided below under the heading **”Transferability of the Bonds”** in section 5.11 of this Securities Note.

5.7 NEGATIVE PLEDGE

The Company undertakes, for as long as any principal or interest under the Bonds or any of the Bonds remains outstanding, not to create or permit to subsist any Security Interest (as defined below), other than a Permitted Security Interest (as defined below), upon the whole or any part of their present or future assets or revenues to secure any Financial Indebtedness (as defined below) of the Issuer, unless at the same time or prior thereto the Issuer's indebtedness under the Bonds shares in and is secured equally and rateably therewith, and the instrument creating such Security Interest so provides.

"Financial Indebtedness" means any indebtedness in respect of: (A) monies borrowed; (B) any debenture, bond, note, loan stock or other security; (C) any acceptance credit; (D) the acquisition cost of any asset to the extent payable before or after the time of acquisition or possession by the party liable where the advance or deferred payment is arranged primarily as a method of raising finance for the acquisition of that asset; (E) leases entered into primarily as a method of raising finance for the acquisition of the asset leased; (F) amounts raised under any other transaction having the commercial effect of borrowing or raising of money; (G) any guarantee, indemnity or similar assurance against financial loss of any person;

"Security Interest" means any privilege, hypothec, pledge, lien, charge or other encumbrance or real right which grants rights of preference to a creditor over the assets of the Issuer;

"Permitted Security Interest" means: (A) any Security Interest arising by operation of law; (B) any Security Interest securing temporary bank loans or overdrafts in the ordinary course of business; (C) any other Security Interest (in addition to (A) and (B) above) securing Financial Indebtedness of the Issuer, in an aggregate outstanding amount not exceeding 80% of the difference between the value of the unencumbered assets of the Issuer and the aggregate principal amount of Bonds outstanding at the time.

Provided that the aggregate Security Interests referred to in (B) and (C) above do not result in the unencumbered assets of the Issuer being less than 105.10 % of the aggregate principal amount of the Bonds still outstanding;

"unencumbered assets" means assets which are not subject to a Security Interest.

5.8 PAYMENTS

- 5.8.1 Payment of the principal amount of Bonds will be made in Euro by the Issuer to the person in whose name such Bonds are registered, with interest accrued up to the Redemption Date, by means of direct credit transfer into such bank account as the Bondholder may designate from time to time, provided such bank account is denominated in Euro and held with any licensed bank in Malta. Such payment shall be effected within seven (7) days of the Redemption Date. The Issuer shall not be responsible for any charges, and any loss or delay in transmission. Upon payment of the Redemption Value the Bonds shall be redeemed and the appropriate entry made in the electronic register of the Bonds at the CSD.

In particular, but without limitation, all payments of principal and interest by or on behalf of the Issuer in respect of the Bonds shall be made net of any amount which the Issuer is compelled by law to deduct or withhold for or on account of any present or future taxes, duties, assessments or other government charges of whatsoever nature imposed, levied, collected, withheld or assessed by or within the Republic of Malta or any authority thereof or therein having power to tax.
- 5.8.5 No commissions or expenses shall be charged by the Issuer to Bondholders in respect of such payments.

- 5.10.5 the Issuer is unable, or admits in writing its inability, to pay its debts as they fall due or otherwise becomes insolvent; or
- 5.10.6 there shall have been entered against the Issuer a final judgment by a court of competent jurisdiction from which no appeal may be or is made for the payment of money in excess of €5 million or its equivalent and ninety (90) days shall have passed since the date of entry of such judgment without its having been satisfied or stayed; or
- 5.10.7 any default occurs and continues for ninety (90) days under any contract or document relating to any Financial Indebtedness (as defined above) of the Issuer in excess of €5 million or its equivalent at any time.

If the person so becoming entitled shall elect to be registered himself, he shall deliver or send to the CSD a notice in writing signed by him stating that he so elects. If he shall elect to have another person registered he shall testify his election by transferring the Bond, or procuring the transfer of the Bond, in favour of that person.
- 5.11.3 All transfers and transmissions are subject in all cases to any pledge (duly constituted) of the Bonds and to any applicable laws and regulations.
- 5.11.4 The cost and expenses of effecting any registration of transfer or transmission, except for the expenses of delivery by any means other than regular mail (if any) and except, if the Issuer shall so require, the payment of a sum sufficient to cover any tax, duty or other governmental charge or insurance charges that may be imposed in relation thereto, will be borne by the Issuer.

- 5.11.5 The Issuer will not register the transfer or transmission of Bonds for a period of fifteen (15) days preceding the due date for any payment of interest on the Bonds.

The Issuer may, from time to time, without the consent of the Bondholders, create and issue further debentures, debenture stock, bonds, loan notes, or any other debt securities, either having the same terms and conditions as any outstanding debt securities of any series (including the Bonds) and so that such further issue shall be consolidated and form a single series with the outstanding debt securities of the relevant series (including the Bonds), or upon such terms as the Issuer may determine at the time of their issue.

5.13 MEETINGS OF BONDHOLDERS

- 5.13.1 The Issuer may from time to time call meetings of Bondholders for the purpose of consultation with Bondholders or for the purpose of obtaining the consent of Bondholders on matters which in terms of the Prospectus require the approval of a Bondholders' meeting.
- 5.13.2 A meeting of Bondholders shall be called by the Directors by giving all Bondholders listed on the register of Bondholders as at a date being not more than thirty (30) days preceding the date scheduled for the meeting, not less than fourteen (14) days' notice in writing. Following a meeting of Bondholders held in accordance with the provisions contained hereunder, the Issuer shall, acting in accordance with the resolution(s) taken at the meeting, communicate to the Bondholders whether the necessary consent to the proposal made by the Issuer has been granted or withheld. Subject to having obtained the necessary approval by the Bondholders in accordance with the provisions of this section 5.13 at a meeting called for that purpose as aforesaid, any such decision shall subsequently be given effect to by the Issuer.
- 5.13.3 The amendment or waiver of any of the provisions of and/or conditions contained in this Securities Note, or in any other part of the Prospectus, may only be made with the approval of Bondholders at a meeting called and held for that purpose in accordance with the terms hereof.
- 5.13.4 A meeting of Bondholders shall only validly and properly proceed to business if there is a quorum present at the commencement of the meeting. For this purpose at least two (2) Bondholders present, in person or by proxy, representing not less than 50% in nominal value of the Bonds then outstanding, shall constitute a quorum. If a quorum is not present within thirty (30) minutes from the time scheduled for the commencement of the meeting as indicated on the notice convening same, the meeting shall stand adjourned to a place, date and time as shall be communicated by the Directors to the Bondholders present at that meeting. The Issuer shall within two (2) days from the date of the original meeting publish by way of a company announcement the date, time and place where the adjourned meeting is to be held. An adjourned meeting shall be held not earlier than seven (7) days, and not later than fifteen (15) days, following the original meeting. At an adjourned meeting: the number of Bondholders present, in person or by proxy, shall constitute a quorum; and only the matters specified in the notice calling the original meeting shall be placed on the agenda of, and shall be discussed at, the adjourned meeting.
- 5.13.5 Any person who in accordance with the Memorandum and Articles of Association of the Issuer is to chair the annual general meetings of shareholders shall also chair meetings of Bondholders.
- 5.13.6 Once a quorum is declared present by the chairman of the meeting, the meeting may then proceed to business and address the matters set out in the notice convening the meeting. In the event of decisions being required at the meeting the directors or their representative shall present to the Bondholders the reasons why it is deemed necessary or desirable and appropriate that a particular decision is taken. The meeting shall allow reasonable and adequate time to Bondholders to present their views to the Issuer and the other Bondholders present at the meeting. The meeting shall then put the matter as proposed by the Issuer to a vote of the Bondholders present at the time at which the vote is being taken, and any Bondholders taken into account for the purpose of constituting a quorum who are no longer present for the taking of the vote shall not be taken into account for the purpose of such vote.
- 5.13.7 The voting process shall be managed by the Company Secretary under the supervision and scrutiny of the auditors of the Issuer.

- 5.13.8 The proposal placed before a meeting of Bondholders shall only be considered approved if at least 65% in nominal value of the Bondholders present at the meeting at the time when the vote is being taken, in person or by proxy, shall have voted in favour of the proposal.

6. TAXATION

6.1 GENERAL

Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation which may be applicable to them in respect of the Bonds, including their acquisition, holding and disposal as well as any income/gains derived therefrom or made on their disposal. The following is a summary of the anticipated tax treatment applicable to Bondholders in so far as taxation in Malta is concerned. This information does not constitute legal or tax advice and does not purport to be exhaustive.

The information below is based on an interpretation of tax law and practice relative to the applicable legislation, as known to the Issuer at the date of the Prospectus, in respect of a subject on which no official guidelines exist. Investors are reminded that tax law and practice and their interpretation as well as the levels of tax on the subject matter referred to in the preceding paragraph, may change from time to time.

This information is being given solely for the general information of investors. The precise implications for investors will depend, among other things, on their particular circumstances and on the classification of the Bonds from a Maltese tax perspective, and professional advice in this respect should be sought accordingly.

6.2 MALTA TAX ON INTEREST

Since interest is payable in respect of a Bond which is the subject of a public issue, unless the Issuer is otherwise instructed by a Bondholder or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act, (Cap. 123 of the Laws of Malta), interest shall be paid to such person net of a final withholding tax, currently at the rate of 15% of the gross amount of the interest, pursuant to article 33 of the Income Tax Act (Cap. 123 of the Laws of Malta). Bondholders who do not fall within the definition of a "recipient" do not qualify for the said rate and should seek advice on the taxation of such income as special rules may apply.

This withholding tax is considered as a final tax and a Maltese resident individual Bondholder need not declare the interest so received in his income tax return. No person shall be charged to further tax in respect of such income. However where the Bondholder is a Maltese resident individual, he is still entitled to declare the gross interest in the tax return and the tax so deducted will be available as a credit against the individual's tax liability or for a refund as the case may be.

In the case of a valid election made by an eligible Bondholder resident in Malta to receive the interest due without the deduction of final tax, interest will be paid gross and such person will be obliged to declare the interest so received in his income tax return and be subject to tax on it at the standard rates applicable to that person at that time. Additionally in this latter case the Issuer will advise the Inland Revenue on an annual basis in respect of all interest paid gross and of the identity of all such recipients unless the beneficiary is a non-resident of Malta. Any such election made by a resident Bondholder at the time of subscription may be subsequently changed by giving notice in writing to the Issuer. Such election or revocation will be effective within the time limit set out in the Income Tax Act.

In terms of article 12(1)(c) of the Income Tax Act, Bondholders who are not resident in Malta satisfying the applicable conditions set out in the Income Tax Act are not taxable in Malta on the interest received and will receive interest gross, subject to the requisite declaration/evidence being provided to the Issuer in terms of law.

6.3 EUROPEAN UNION SAVINGS DIRECTIVE

Non-residents of Malta should note that payment of interest to individuals and certain residual entities residing in another EU Member State is reported on an annual basis to the Director General Inland Revenue, Malta, who will in turn exchange the information with the competent tax authority of the Member State where the recipient of interest is resident. This exchange of information takes place in terms of the EU Savings Directive 2003/48/EC.

6.4 MALTESE TAXATION ON CAPITAL GAINS ON TRANSFER OF THE BONDS

On the assumption that the Bonds would not fall within the definition of “securities” in terms of article 5(1)(b) of the Income Tax Act, that is, “shares and stocks and such like instrument that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return”, no tax on capital gains is chargeable in respect of transfer of the Bonds.

6.5 DUTY ON DOCUMENTS AND TRANSFERS

In terms of article 50 of the Financial Markets Act (Cap. 345 of the Laws of Malta) as the Bonds constitute financial instruments of a company quoted on a regulated market Exchange, as is the MSE, redemptions and transfers of the Bonds are exempt from Maltese duty.

INVESTORS AND PROSPECTIVE INVESTORS ARE URGED TO SEEK PROFESSIONAL ADVICE AS REGARDS BOTH MALTESE AND ANY FOREIGN TAX LEGISLATION APPLICABLE TO THE ACQUISITION, HOLDING AND DISPOSAL OF BONDS AS WELL AS INTEREST PAYMENTS MADE BY THE ISSUER. THE ABOVE IS A SUMMARY OF THE ANTICIPATED TAX TREATMENT APPLICABLE TO THE BONDS AND TO BONDHOLDERS. THIS INFORMATION, WHICH DOES NOT CONSTITUTE LEGAL OR TAX ADVICE, REFERS ONLY TO BONDHOLDERS WHO DO NOT DEAL IN SECURITIES IN THE COURSE OF THEIR NORMAL TRADING ACTIVITY.

- 7.2.8 The Bonds have not been and will not be registered under the Securities Act of 1933 of the United States of America and accordingly may not be offered or sold within the United States or to or for the account or benefit of a U.S. person.
- 7.2.9 No person receiving a copy of the Prospectus or an Application Form in any territory other than Malta may treat the same as constituting an invitation or offer to such person nor should such person in any event use such Application Form, unless, in the relevant territory, such an invitation or offer could lawfully be made to such person or such Application Form could lawfully be used without contravention of any registration or other legal requirements.
- 7.2.10 It is the responsibility of any person outside Malta wishing to make any Application to satisfy himself/herself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities required to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.
- 7.2.11 Subject to all other terms and conditions set out in the Prospectus, the Issuer reserves the right to reject, in whole or in part, or to scale down, any Application, including multiple or suspected multiple Applications, and to present any cheques and/or drafts for payment upon receipt. The right is also reserved to refuse any Application which in the opinion of the Issuer is not properly completed in all respects in accordance with the instructions or is not accompanied by the required documents. Only original Application Forms will be accepted and photocopies/facsimile copies will not be accepted.
- 7.2.12 The Bonds will be issued in multiples of €100. Other than in the Preplacement Offer, the minimum subscription amount of Bonds that can be subscribed for by Applicants is €2,000. In the Preplacement Offer, the minimum subscription amount of Bonds that can be subscribed for by Applicants is €25,000.
- 7.2.13 The Bond Issue shall close on the earlier of: (i) the date on which the aggregate of the amount subscribed for in terms of the Preplacement Offer and total Applications received reaches €36 million; or (ii) on 28 November 2014. Within 5 business days from closing of the subscription lists, the Issuer shall announce the result of the Issue and shall determine, and issue a company announcement setting out, the basis of acceptance of applications and allocation policy to be adopted.
- 7.2.14 In the event that an Applicant has not been allocated any Bonds or has been allocated a number of Bonds which is less than the number applied for, the Applicant shall receive a full refund or, as the case may be, the balance of the price of the Bonds applied for but not allocated, without interest, by credit transfer to such account indicated in the Application Form, at the Applicant’s sole risk within five Business Days from the date of final allocation. The Issuer shall not be responsible for any charges, and any loss or delay in transmission.
- 7.2.15 The completed Application Forms ‘A’, ‘B’ and ‘C’ are to be lodged with any of the Authorised Financial Intermediaries.
- 7.2.16 All Application Forms must be accompanied by the full price of the Bonds applied for in EUR. Payment may be made either in cash or by cheque payable to “**The Registrar – PTL Bond Issue**”. In the event that cheques accompanying Application Forms are not honoured on their first presentation, the Issuer and the Registrar reserve the right to invalidate the relative Application.

- 7.2.17 For the purposes of the Prevention of Money Laundering and Funding of Terrorism Regulations 2008 as amended from time to time, all appointed Authorised Financial Intermediaries are under a duty to communicate, upon request, all information about clients as is mentioned in Articles 1.2(d) and 2.4 of the “Code of Conduct for Members of the Malta Stock Exchange” appended as Appendix IV to Chapter 3 of the Malta Stock Exchange Bye-Laws, irrespective of whether the said appointed Authorised Financial Intermediaries are Malta Stock Exchange Members or not. Such information shall be held and controlled by the Malta Stock Exchange in terms of the Data Protection Act (Cap. 440 of the Laws of Malta) for the purposes and within the terms of the Malta Stock Exchange Data Protection Policy as published from time to time.

In the event of a discrepancy between the personal details (including name and surname and the Applicant’s address) appearing on the Application Form and those held by the MSE in relation to the MSE account number indicated on the Application Form, the details held by the MSE shall be deemed to be the correct details of the Applicant;
 - c. authorises the Issuer and the MSE to process the personal data that the Applicant provides in the Application Form, for all purposes necessary and subsequent to the Bond Issue applied for, in accordance with the Data Protection Act (Cap. 440 of the Laws of Malta). The Applicant has the right to request access to and rectification of the personal data relating to him/her as processed by the Issuer and/or the MSE. Any such requests must be made in writing and sent to the Issuer at the address indicated in the Prospectus. The requests must further be signed by the Applicant to whom the personal data relates;
 - d. confirms that in making such Application no reliance was placed on any information or representation in relation to the Issuer or the issue of the Bonds other than what is contained in the Prospectus and accordingly agree/s that no person responsible solely or jointly for the Prospectus or any part thereof will have any liability for any such other information or representation;
 - e. agrees that the registration advice and other documents and any monies returnable to the Applicant may be retained pending clearance of his/her remittance and any verification of identity as required by the Prevention of Money Laundering Act (Cap. 373 of the Laws of Malta) and regulations made thereunder, and that such monies will not bear interest;
 - f. agrees to provide the Registrar and/or the Issuer, as the case may be, with any information which it/they may request in connection with the Application;
 - g. warrants, in connection with the Application, to have observed all applicable laws, obtained any requisite governmental or other consents, complied with all requisite formalities and paid any issue, transfer or other taxes due in connection with his/her Application in any territory, and that the Applicant has not taken any action which will or may result in the Issuer or the Registrar acting in breach of the regulatory or legal requirements of any territory in connection with the issue of the Bond or his/her Application;
 - h. warrants that all applicable exchange control or other such regulations (including those relating to external transactions) have been duly and fully complied with;
 - i. represents that the Applicant is not a U.S. person (as such term is defined in Regulation S under the Securities Act of 1933 of the United States of America, as amended) as well as not to be accepting the invitation set out in the Prospectus from within the United States of America, its territories or its possessions, or any area subject to its jurisdiction (the “United States”) or on behalf or for the account of anyone within the United States or anyone who is a U.S. person;
 - j. agrees that Charts Investment Management Service Limited will not, in their capacity of Sponsor, treat the Applicant as their customer by virtue of such Applicant making an Application for the Bonds, and that Charts Investment Management Service Limited will owe the Applicant no duties or responsibilities concerning the price of the Bonds or their suitability for the Applicant;

- k. agrees that all documents in connection with the issue of the Bonds will be sent at the Applicant's own risk and may be sent by post at the address (or, in the case of joint Applications, the address of the first named Applicant) as set out in the Application Form;
- l. renounces to any rights the Applicant may have to set off any amounts the Applicant may at any time owe the Issuer against any amount due under the terms of these Bonds.

7.3 PLAN OF DISTRIBUTION AND ALLOTMENT

The Bonds are open for subscription to all categories of investors, which may be broadly split as follows:

- i. The Issuer has reserved an aggregate amount of Bonds amounting to €2,000,000 for subscription by Hili Ventures Group Preferred Applicants;
- ii. The Issuer has reserved an aggregate amount of Bonds amounting to €5,000,000 for subscription by Premier Capital Bondholders;
- iii. Authorised Financial Intermediaries shall be entitled to subscribe for Bonds up to an aggregate amount of €19,000,000 as detailed in section 7.4 below;
- iv. The remaining balance of €10,000,000 in Bonds shall be made available for subscription by the general public. In the event that the aggregate amount of €26,000,000 reserved for the Hili Ventures Group Preferred Applicants, Premier Capital Bondholders and Authorised Financial Intermediaries in the Preplacement Offer (detailed in clauses (i), (ii) and (iii) above) is not fully taken up, such unutilised portion/s shall also become available for allocation to the general public.

In the event that subscriptions exceed the reserved portions referred to in clauses (i) and (ii) above of €2,000,000 and €5,000,000 respectively, the unsatisfied excess amounts of such Applications will automatically participate in the amount of Bonds available to the general public.

Other than subscriptions in relation to clause (iii) above (Preplacement Offer), the minimum subscription amount of Bonds that can be subscribed for by Applicants is €2,000. As to the Preplacement Offer, the minimum subscription amount of Bonds that can be subscribed for by Applicants is €25,000. In each case, subscription amounts shall be in multiples of €100. Subscriptions may be made through any of the Authorised Financial Intermediaries.

It is expected that an allotment advice will be dispatched to Applicants within five (5) Business Days of the announcement of the allocation policy. The registration advice and other documents and any monies returnable to Applicants may be retained pending clearance of the remittance and any verification of identity as required by the Prevention of Money Laundering Act (Cap. 373 of the Laws of Malta), and regulations made thereunder. Such monies will not bear interest while retained as aforesaid.

Dealings in the Bonds shall not commence prior to admission to trading of the Bonds by the MSE or prior to the said notification.

7.4 PREPLACEMENT OFFER

An aggregate amount of €19,000,000 of Bonds are being reserved for Authorised Financial Intermediaries participating in the Preplacement Offer. The Issuer shall enter into conditional subscription agreements with a number of Authorised Financial Intermediaries for the subscription of Bonds whereby it will bind itself to allocate Bonds thereto during the Preplacement Offer period, up to the amount of €19,000,000 as aforesaid.

In the event that subscriptions exceed the reserved portion of €19,000,000, the unsatisfied excess amount of such subscriptions may, at the option of each Authorised Financial Intermediary that has entered into a Subscription Agreement, participate in the amount of Bonds available to the general public without priority or preference.

In terms of each Subscription Agreement entered into with an Authorised Financial Intermediary, the Issuer will be conditionally bound to issue, and each Authorised Financial Intermediary will bind itself to subscribe to, the number of Bonds indicated therein. The Subscription Agreements will become binding on each of the Issuer and the Authorised Financial Intermediaries upon delivery, provided that these intermediaries would have paid to the Issuer all subscription proceeds in cleared funds on delivery of the Subscription Agreement.

The minimum which each Authorised Financial Intermediary may apply for in terms of the Subscription Agreement is €500,000 in Bonds and the amount per underlying application must be of a minimum of €25,000 (and in multiples of €100 thereafter).

7.5 PRICING

The Bonds are being issued at par, that is, at €100 per Bond.

7.6 ALLOCATION POLICY

The Issuer shall allocate the Bonds on the basis of the following policy and order of priority:

- i. Up to an aggregate amount of €2,000,000 shall be allocated to Hili Ventures Group Preferred Applicants in accordance with the allocation policy as determined by the Issuer and Registrar. In the event that subscriptions exceed the reserved portion of €2,000,000, the unsatisfied excess amount of such Applications will be considered for allocation purposes with the Applications submitted by the general public without priority or preference;
- ii. Up to an aggregate amount of €5,000,000 shall be allocated to Premier Capital Bondholders in accordance with the allocation policy as determined by the Issuer and Registrar. In the event that subscriptions exceed the reserved portion of €5,000,000, the unsatisfied excess amount of such Applications will be considered for allocation purposes with the Applications submitted by the general public without priority or preference;
- iii. An aggregate amount of €19,000,000 has been reserved for subscription by Authorised Financial Intermediaries participating through the Preplacement Offer in accordance with section 7.4 above. In the event that subscriptions exceed the reserved portion of €19,000,000, the unsatisfied excess amount of such subscriptions may, at the option of each Authorised Financial Intermediary that has entered into a Subscription Agreement, be considered for allocation purposes with the Applications submitted by the general public without priority or preference.

Applications received by the general public, including such unsatisfied excess amounts detailed in clauses (i), (ii) and (iii) above, if any, shall be allocated without priority or preference and in accordance with the allocation policy as determined by the Issuer and Registrar.

Any amounts which were reserved for the Hili Ventures Group Preferred Applicants, Premier Capital Bondholders and Authorised Financial Intermediaries in the Preplacement Offer (detailed in clauses (i), (ii) and (iii) above) but not fully taken up, will be taken into consideration by the Issuer and the Registrar in formulating the allocation policy for the general public portion.

1. This Application is governed by the Terms and Conditions contained in Section 7 of the Securities Note dated 3 November 2014 forming part of the Prospectus. Capitalised terms not defined herein shall, unless the context otherwise requires, have the meaning ascribed to them in the Prospectus.
2. The Application Form is to be completed in BLOCK LETTERS and entitles you to a preferential treatment as shareholder, director or employee of any company forming part of the Hili Ventures Group.
3. Applicants are to insert full personal details in Panel B. In the case of an application by more than one person (including husband and wife) full details of all individuals - including I.D. card numbers - must be given in Panels B and C but the person whose name appears in Panel B shall, for all intents and purposes, be deemed to be the registered holder of the Bonds. Interest, redemption proceeds and any refund payments will be issued in the name of such Bondholder (vide note 7 below).
4. Applications in the name and for the benefit of minors shall be allowed provided that they are signed by both parents or by the legal guardian/s and accompanied by a Public Registry birth certificate of the minor in whose name and for whose benefit the Application Form is being submitted. The relative box in Panel A must also be marked appropriately. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption proceeds payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption proceeds shall be payable directly to the registered holder, provided that the Issuer has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years.
5. Applicants who are non-resident in Malta for tax purposes, must indicate their passport number in Panel B and complete Panel G. The relative box in Panel A must also be marked appropriately.

APPLICANTS ARE TO NOTE THAT ANY SECURITIES ALLOTTED TO THEM WILL BE RECORDED BY THE MSE IN THE MSE ACCOUNT NUMBER QUOTED ON THE APPLICATION FORM EVEN IF THE DETAILS OF SUCH MSE ACCOUNT NUMBER, AS HELD BY THE MSE, DIFFER FROM ANY OR ALL OF THE DETAILS APPEARING OVERLEAF. A SEPARATE REQUEST BY THE APPLICANT TO CHANGE THESE DETAILS AS RECORDED AT THE MSE WILL HAVE TO BE EFFECTED.**
8. Applications must be for a minimum of €2,000 (and in multiples of €100 thereafter).
9. Payment must be made in Euro, in cleared funds, to 'The Registrar - PTL Bond Issue'. In the event that the cheque accompanying an Application Form is not honoured on the first presentation, the Registrar reserves the right to invalidate the relative Application.
10. Only Applicants who hold a valid official Maltese identity card or companies registered in Malta will be treated as resident in Malta. In such a case the Applicant may elect to have final withholding tax, currently 15% deducted from interest payments in which case such interest need not be declared in the Applicant's income tax return. The Applicant may elect to receive the interest gross (i.e. without deduction of final withholding tax), but he/she will be obliged to declare interest so received on his/her return. Authorised entities applying in the name of a prescribed fund (having indicated their status in the appropriate box in Panel A) will have final withholding tax, currently 10%, deducted from interest payments. In terms of Section 6.2 of the Securities Note, unless the Issuer is otherwise instructed by Bondholder, or if the Bondholder does not fall within the definition of 'Recipient' in terms of Article 41(c) of the Income Tax Act (Cap. 123 of the laws of Malta), interest shall be paid to such persons net of a final withholding tax, currently at the rate of 15% of the gross amount of the interest pursuant to Article 33 of the Income Tax Act.
11. Applicants will receive their interest directly in a bank account held locally in Euro as indicated in Panel H. If any Application is not accepted, or is accepted for fewer Bonds after the closure of the subscription lists than those applied for, the monies or the balance of the amount paid but not allocated, as the case may be, will be returned by direct credit into the Applicant's bank account as indicated in Panel H.
12. European Council Directive 2003/48/EC on the Taxation of Savings Income in the form of interest payments requires all payors established in the EU which pay interest to an individual resident in another EU Member State, to report the interest payment to the tax authorities of the Member State in which the payor is established. If the applicant's permanent residential address is in a EU Member State or is in a country to which the Directive applies (called a "specified territory") then the interest paid will be reported as aforementioned.
13. Subscriptions will open at 08:30 hours on 24 November 2014 and close at 16:00 hours on 28 November 2014. The Issuer reserves the right, however, to close the Issue before 28 November 2014, in the event of over-subscription. Subscriptions may be made during office hours through any of the Authorised Financial Intermediaries listed in Annex I of the Prospectus. The Issuer reserves the right not to accept any Application which appears to be in breach of the Terms and Conditions of the Issue as contained in the Prospectus. Any Applications received by the Registrar after the subscription lists close will be rejected. Any remittances by post are at the sole risk of the Applicant and the Issuer disclaims all responsibility for such remittances not received by the closing of the subscription lists.

The value of the investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds on offer will be repayable in full upon redemption. Prior to applying for the purchase of Bonds, an investor should consult an independent financial advisor, licensed under the Investment Services Act (Cap. 370 of the Laws of Malta), for advice.

4. GROUP OPERATION BUSINESSES

4.1 PTL

4.1.1 Business Overview

PTL is a multi-brand information technology solutions provider to businesses and the public sector primarily in Malta and to a lesser extent in the Middle East. PTL provides comprehensive and integrated solutions for its customers' technology needs through the company's extensive hardware, software and value-added service offerings. The breadth of offerings allows customers to streamline their procurement processes by partnering with PTL as a complete technology solutions provider. The company's hardware offerings include products with leading brands across multiple categories such as network communications, notebooks/mobile devices, data storage, video monitors, printers, desktops and servers, among others. Software offerings include licensing, licensing management and software solutions and services that help customers to optimise their software investments. PTL offers a full suite of value-added services, which typically are delivered as part of a technology solution, to help customers meet their specific needs.

Solutions range from configuration services for computer devices to fully integrated solutions such as virtualisation, collaboration, security, application integration and migration, mobility and cloud computing. With broad technical scope and capabilities, PTL offers a single source for its clients' diverse IT requirements, which involves assessing, designing, deploying and managing IT solutions to help customers enable, manage and secure their IT environments.

PTL's business is well-diversified across customers, products and service offerings and vendors from whom it purchases products and software for resale. The company has aligned its sales and marketing functions around customer channels to retain and increase sales to existing customers and to acquire new customers. The direct selling personnel are supported by a team of technology specialists who design solutions and provide recommendations in the selection and procurement processes. Products are purchased for resale from original equipment manufacturers (OEMs) and distributors. Management maintains that effective purchasing from a diverse vendor base is a key element of the company's business strategy. PTL is authorised by OEMs to sell all or selected products offered by the manufacturer, and operate as a reseller for major software publishers that allows the end-user customer to acquire packaged software or licensed products and services.

PTL offers its end-to-end services to entities from various industry sectors, but predominantly operates within a set of industry vertical markets where the Group has developed extensive knowledge and expertise. Such vertical markets include the following:

- **Retail and Distribution** – PTL provides a variety of solutions to businesses in Malta and the Middle East ranging from point-of-sale devices, merchandising infrastructure and supply chain systems to customer loyalty programmes, security products and services.
- **Banking** – PTL primarily supplies the banking industry in Malta with NCR deposit ATMs and also offers ancillary support services.
- **Public sector** – PTL supplies IT products (hardware and software) and provides support services to a number of government entities and public sector organisations in Malta.

Further analysis of the sectors in which PTL's clients operate is included below:

4.1.2 The Information Technology (IT) Sector

IT sector worldwide

According to research, worldwide IT spending (excluding telecommunications) is projected to total \$2.1 trillion in 2014, a 4.2% increase from 2013 spending of \$2.0 trillion. In 2013, the market experienced flat growth, growing 0.4% year over year.

Spending on devices (including PCs, ultramobiles, mobile phones and tablets) contracted 1.2% in 2013, but will grow by 4.4% in 2014. It is expected that convergence of the PC, ultramobiles (including tablets) and mobile phone segments, as well as erosion of margins, will take place as differentiation will soon be based primarily on price instead of orientation of devices to specific tasks.

Enterprise software spending growth continues to be the strongest throughout the forecast period and is expected to achieve an annual growth rate of 7.0%. Customer relationship management and supply chain management (SCM) have also experienced a period of strong growth.

Investment is being driven from exploiting analytics to make B2C processes more efficient and improve customer marketing efforts. Investment is also being aligned to B2B analytics, particularly in the SCM space, where annual spending is expected to grow 10.6% in 2014. The focus is on enhancing the customer experience throughout the presales, sales and post sales processes.

Market analysts have slightly revised downward the IT services compound annual growth rate between 2012 and 2017. The largest contributor to this revision comes from reductions in IT outsourcing – specifically, in co-location, hosting and data centre outsourcing growth rates. It seems that CIOs are increasingly reconsidering data centre build-out and instead planning faster than expected moves to cloud computing and mobility. Despite these small reductions, it is anticipated that annual growth through 2017 will be four to five percent.

IT sector in Malta

The IT sector is divided into three closely connected segments: hardware, software and IT services (implementations, integrations, technical service, consultancy, training and outsourcing). In 2013, the total income from this sector in Malta amounted to €571 million, an increase of 14.7% over the previous year. The chart below illustrates the output from the IT sector in Malta in the last 10 years. As highlighted, the IT market recovered quickly in 2008 after the economic downturn in 2007, and grew at an annual compound rate of 19% thereafter.

Source: National Statistics Office Malta (NACE 62 & NACE 63 data)

Activity in the IT sector has, in the last decade, increased considerably in relation to the local economy and in 2013 represented 4% of Malta’s gross value added (2003: 1%). The chart hereunder highlights the growth in the country’s gross value added as compared to the growth in IT.

4.1.3 Competition and Trends

The IT hardware, software and services industry is very fragmented and highly competitive. PTL competes with a large number and wide variety of marketers and resellers of IT hardware, software and services. The competitive landscape in the industry is continually changing as various competitors expand their product and service offerings. In addition, emerging models such as cloud computing are creating new competitors and opportunities in messaging, infrastructure, security, collaboration and other services offerings, and, as with other areas, PTL both resells and competes directly with many of these offerings.

4.1.4 Operational Performance

The following table sets out the highlights of PTL's operating performance for the years indicated therein.

Income Statement For the year ended 31 December			
	2013 (12 months) Actual (€'000)	2012 (13 months) Actual (€'000)	2011 (12 months) Actual (€'000)

A segmental analysis of revenue for the three financial years ended 31 December 2011 to 31 December 2013 is provided below:

Revenue by segment	FY2013	FY2012	FY2011
	(12 months) Actual (€'000)	(13 months) Actual (€'000)	(12 months) Actual (€'000)
Products	4,397	3,947	1,876

Services	1,988	1,882	2,101
Total revenue	9,604	8,802	6,546

The company was acquired in FY2012 by the Hili group by way of the transfer of PTL's issued ordinary shares. As a result the financial year end was changed to match that of the Group from 30 November to 31 December. During the year ended 31 December 2012, the company disposed of immovable property and recorded a gain of €2.2 million.

Revenue for the year ended 31 December 2013 amounted to €9.6 million, an increase of 9% from the previous year and which followed an increase of 34% from FY2011. In FY2013, 18% of revenue was generated from clients located in the Middle East which operate in the retail sector. In addition, 5% of turnover was derived from the sale of ATMs to banks in Libya. In relation to the business in Malta, PTL has in the last years experienced a general decline in large scale IT projects locally, which are normally driven by the public sector and the banking industry.

PTL has three main revenue segments as follows:

- **Products** – relates to the sale of hardware and licences.
- **Maintenance and support** – relates to ongoing agreements with customers for servicing and maintenance of products sold. Agreements are typically renewed on an annual basis and the value is determined on a pre-set minimum number of hours at pre-agreed rates.
- **Services** – this revenue stream encompasses all other services provided outside of the standard service and maintenance agreements.

During the reviewed period PTL registered an improved EBITDA of €935,000, which is significantly higher than the figures for FY2012 (€330,000) and FY2011 (€361,000). This was reflected in the bottom line as profit after tax increased from €14,000 (being €1,960,000 profit after tax less €1,946,000 relating to the one-off property transaction) in FY2012 to €551,000 in FY2013.

4.2. SAD

4.2.1 Business Overview

SAD is Poland's largest Apple retailer and operates 22 stores under the iSpot brand, together with a well-developed online proposition. As an Apple Premium Reseller and Apple Authorised Service Provider, SAD outlets carry a full range of Apple products, including software and accessories, and through its trained staff also offer support and repair services to customers regardless of where they originally purchased the Apple product. In addition to Apple solutions, iSpot stores offer an extensive range of third-party products and software.

SAD is also involved in turnkey solutions for government agencies and business customers, and its services comprise the design and construction of networks, data security, and the supply of hardware and software. Moreover, as a certified Apple Authorised Training Centre, SAD has since incorporation participated in numerous projects relating to the implementation of Apple technology in higher education, has equipped more than 2,000 school technology labs and provided training to circa 8,500 teachers on information technology.

An important part of SAD's business is its involvement in the audio-video market, streaming and TV broadcasting. In this niche market, SAD provides TV stations, production companies, content owners and broadcasters with innovative technology and integration solutions to enable the production of live, enriched video programming. SAD's clients comprise most of the major TV stations in Poland, including TVN, TVP and Polsat.

4.2.2 The Market for Mobiles in Poland

Source: EUROSTAT

According to results of market analysis, the number of smart phones in Poland may have reached more than 13 million by the end of 2013 (out of *circa* 52 million units), twice as many in comparison with 2012. While Western markets are reaching saturation, Poles are still demanding more and more mobile devices, including tablets. Among their greatest advantages are relatively low prices due to fierce competition, increasing availability and lower mobile internet rates. The growth in smart phones is also confirmed when analysing data traffic. Such traffic is projected to increase over the next five years at a CAGR of 3.86%, with mobile data being the fastest growing segment of the market.

The percentage of cell phone users in Poland is still significantly higher than of those opting for smart phones, but the gap is closing month by month. The current smart phone penetration level in Poland is 33% - a lot worse than in Sweden (70%) or South Korea (73%). But as much as 18% of Poles are seriously considering buying one, while half of the current smart phone owners are considering replacing theirs with newer models. All of that is contributing to the projected rise of smart phone penetration in Poland up to 51%.

As to the favoured brands, Samsung seems to stand comfortably on top, having acquired almost a third of the smart phone market share. Nokia is in second place, but their share has decreased significantly. With respect to Apple, an estimated 4% of smart phone users were on the iOS platform in Poland in 2013, though that number has been steadily growing. Such results re-confirm the fact that Poles are very price conscious when it comes to choosing smart phones and tablets, and thus prefer lower-end Android phones.

According to another research study, 2014 will see the Poles increase browsing the web through their smart phones and tablets. The trend is observed all over the world and Poland will most certainly be no exception. More interestingly, Apple and Samsung products will be generating a significant majority of the Polish online mobile traffic. However, the question is if Samsung's growth will retain its vigorous dynamics, or perhaps level off to the benefit of Apple, which will stop losing ground to the Korean company.

In June 2014, the traffic generated from tablets and smart phones on the Polish internet reached 10%. This is more than twice the result for the last year (4% in January 2013) and two times lower than the global average (24%).

4.2.3 Competition and Trends

The market in Poland for Apple products and services is highly competitive. As with other developed markets, the market is characterised by frequent product introductions and rapid technological advances that have substantially increased the capabilities and use of mobile communication and media devices, personal computers, and other digital electronic devices. SAD competes with other resellers of Apple products and services, and therefore the main competing factors are not price or quality of products, but location of stores, quality of service provided and share of the business-to-business market. SAD's other competitors, who sell mobile devices and personal computers based on other operating systems, typically undertake aggressive cut prices and lower their product margins to gain or maintain market share.

SAD is highly dependent on Apple to continuously introduce new and improved products and services ahead of competitors so as to maintain high demand for Apple offerings. Principal competitive factors important to SAD include price, product features, relative price/performance, product quality and reliability, design innovation, a strong third-party software and peripherals ecosystem, marketing and reselling capability, service and support, and corporate reputation.

4.2.4 Operational Performance

The following table sets out the highlights of SAD's operating performance for the years indicated therein. The reporting currency of the company is the Polish Zloty. For comparative purposes, the financial information below has been translated into Euro, being the functional currency of the Group, at an average conversion rate of 1 Polish Zloty: €0.24.

Revenue by segment			
	FY2013 Actual (€'000)	FY2012 Actual (€'000)	FY2011 Actual (€'000)
Retail	43,404	38,850	30,059

Total revenue	77,342	56,561	38,622

SAD's principal business activity is that of a reseller of Apple products, primarily through its 22 retail outlets which operate as Authorised Premium Resellers under the proprietary iSpot brand. During the three years under review retail sales increased by 44% from €30.06 million in FY2011 to €43.40 million in FY2013, primarily as a result of new openings in FY2012 (2 new stores) and FY2013 (5 new stores). CPU, iPads and iPhones were the key type of merchandise sold by SAD in the reviewed years constituting on average 68% of total sales. In FY2013, traffic in stores was of *circa* 2.12 million customers (FY2012: 2.59 million), of which 264,195 visits (FY2012: 219,733) were converted to sales of products and services.

In addition to its retail operation, SAD generates business from the corporate sector which has been growing significantly in recent years mainly driven by B2B sales. In fact this sector expanded from 22% of aggregate turnover in FY2011 to 44% in FY2013. It is estimated that *circa* 50% of the business from the corporate sector represents pure distribution of Apple products whereas the remaining portion includes other hardware sales and IT services.

Sales of services to corporate customers constituted 71% to 91% of total sales of services in the periods under consideration and pertained mainly to the design, planning, implementation of solutions for the media sector and consulting, maintenance, servicing and technical support regarding these solutions, as well as designing applications for corporate customers based on Apple and non-Apple products.

During the period under review, SAD's EBITDA margin improved from 3.2% in FY2011 to 4.5% in FY2013 and net profit increased substantially from €0.71 million in FY2011 to €2.25 million in FY2013.

4.3 APCO

4.3.1 Business Overview

APCO is a provider of electronic payments transaction processing services for retailers and internet-based merchants and operates under the brand name 'APCOPAY'. In addition, APCO is a supplier of ATMs (Wincor Nixdorf), point-of-sale terminals, plastic cards, deposit machines, currency exchanges, automotive fuel payment systems and other cash-handling equipment.

The primary business model of APCO is to enable merchants that are APCO clients to accept a variety of card and electronic-based payments at the point of sale. The term "merchant" generally refers to any entity that accepts credit or debit cards for the payment of goods and services. APCO sells its products and services through multiple sales channels in Malta and internationally, and targets customers in many vertical markets.

Card-based payment forms consist of credit, debit, vouchers and prepaid cards. Credit and debit card transaction processing includes the processing of major international card brands such as MasterCard and Visa, as well as other debit networks. Electronic payment processing involves a consumer or cardholder acquiring goods or services from a merchant and using a credit or debit card or other electronic method as the form of payment. APCO is the processing intermediary between the merchant, the credit and debit networks and the financial institutions that issue cards. APCO's offerings include terminal sales and deployment, front-end authorisation processing, settlement and funding processing, full customer support, industry compliance with PCI-DSS (Payment Card Industry Data Security Standards), consolidated billing and statements, and online reporting. APCO's value proposition is to provide high quality, responsive, secure and full end-to-end service to all its customers.

The majority of merchant services revenue is generated on services priced as a percentage of transaction value or a specified fee per transaction, depending on card type. APCO also charges fees based on specific services that are unrelated to the number of transactions or the transaction value.

4.3.2 The E-payments and M-payments Market

E-payments are defined as digital payments that are made over the internet for e-commerce activities. The largest segment of e-payments is the consumer-to-business (C2B) payments, which are used mainly for goods purchased in online stores, and are being driven by the fast growing global e-commerce market. Consumers are likely to increasingly opt for online stores that provide more convenience and a broader selection of products at prices regarded as competitive. Moreover, in order to drive sales, e-commerce businesses are increasingly offering personalised services and loyalty programs to frequent customers.

M-payments are defined as a form of payment where the mobile phone is used as a payment method – not just as an alternative channel to send the payment instruction – and the payment information flow takes place in real time. Such payments occur across applications such as: (i) Peer-to-peer (P2P) – as domestic money transfers or international remittances; and (ii) Consumer-to-business (C2B) – as retail payments at stores, mobile online payments such as those made on eBay or to purchase ringtones. It should be noted that these payments are not made using the browser on the mobile, but by using the payment application built for the mobile.

Volume growth in global non-cash payments transactions accelerated during 2011 (being the latest market data available), with developing markets again fuelling the rise. Volumes grew 8.8% to reach 307 billion transactions in 2011. The Central Europe, Middle East, Africa (CEMEA) and Emerging Asia regions each grew by more than 20%, while Latin America also recorded above average growth of 14.4%. Mature markets of North America and Europe recorded mid-single digit growth rates but remain the largest non-cash payments markets, together accounting for about two-thirds of global non-cash transaction volumes.

Growth in Europe, which in 2011 had a 26.8% share of total global volumes, occurred in non-Euro countries, such as Poland (+14.6%), the UK (+7.6%) and Denmark (+7.6%). Among the Eurozone countries, Finland grew by 10%. However Spain and Ireland recorded falls of 1% and 0.8% respectively. Both countries were hit hard and early by the economic downturn and experienced slowing growth of overall non-cash transactions. In total Europe grew by 4.2%, its performance buoyed by the faster growing markets such as Poland and the UK.

It is expected that global non-cash payments volumes will have grown by 8.5% in 2012 to reach 333 billion transactions. Growth is likely to have been driven by further economic recovery in North America, as well as the continued rapid rise of developing markets.

The use of cards (debit and credit) further accelerated during 2011, with debit card volumes rising 15.8% to a total of 124 billion transactions, and credit cards climbing 12.3% to a total of 57 billion. These two payments instruments lead the non-cash arena, with debit cards the most popular non-cash payments instrument globally. The rate of growth of credit card transactions bounced back in 2011, helped by liquidity returning to the U.S. markets and overall improving sentiment. The growing popularity of e-commerce also helped push up figures.

Three forces are helping drive growth in mobile and electronic payments transactions – increased penetration of smart phones and internet usage, advances in technology, and innovative products and services. Industry expectations are that m-payment transactions will have grown 58.5% annually to 28.9 billion transactions in 2014; and e-payments, as demonstrated by trends in e-commerce, are expected to have grown by 18.1% yearly in the same period to a total of 34.8 billion transactions. This growth is making the area an attractive one for banks and non-banks.

4.3.3 Competition and Trends

APCO believes that electronic transactions will expand further in the future and that an increasing percentage of these transactions will be processed through emerging technologies. Competitors are continually offering innovative products and enhanced services, such as products that support smart phones that contain mobile wallet software. As mobile payments continue to evolve and are desired by merchants and consumers, APCO will continue to develop new products and services that will leverage the benefits that these new technologies can offer customers. In addition, it is expected that new markets will develop in areas that have been previously dominated by paper-based transactions. Industries such as e-commerce, government, recurring payments and business-to-business should continue to see transaction volumes migrate to more electronic-based settlement solutions. As a result, the continued development of new products and services and the emergence of new vertical markets will provide opportunities for APCO to expand its business in the years to come.

4.3.4 Operational performance

APCO Limited

APCO Limited is engaged in the importation of office and banking equipment and the provision of payment services. The following table sets out the operating performance highlights of APCO Limited for the years indicated therein.

A segmental analysis of revenue for the three financial years ended 30 June 2011 to 30 June 2013 is provided below:

Revenue by segment	FY2014 Actual (€'000)	FY2013 Actual (€'000)	FY2012 Actual (€'000)
Hardware revenue	1,567	1,456	1,432
Payment Service Provider (PSP)	1,861	2,119	2,721
Other revenue	-	43	98
Total revenue	3,428	3,618	4,251

Revenue primarily comprises of: (i) hardware sales mainly to the banking and finance sector, and include sales of automation equipment such as ATMs, point-of-sale terminals and foreign exchange machines; and (ii) the provision of online payment solutions to web merchants. As a payment service provider the company offers a single payment gateway that provides the merchant's customers access to multiple payment methods via various banks, cards and payment networks. The platform is developed and owned by its sister company, APCO Systems Limited.

Income increased significantly in FY2012 by €1.90 million (FY2011: €2.35 million) mainly due to growth in the payment solutions sector. During the said year, the company experienced an increase in the number of new merchants and a corresponding increase in the processing of payments. However, most of these merchants terminated the service in FY2013 and as a result revenue in FY2013 was lower than the preceding financial year. Further to the above event, management resolved to better evaluate prospective merchants and initiate business relationships only with more established and stable merchants.

Revenue registered in FY2014 was 5% lower than in the preceding year, principally as a result of a further decrease in the provision of services which declined by 12% to €1.86 million. This movement was partly compensated for by an increase of 8% in the sale of equipment to €1.57 million. In FY2014, operating costs were significantly lower than in FY2013, which improved EBITDA by 39% to €380,000.

Revenue generated from the provision of payment services is highly volatile partly due to seasonality factors that affect the business activities of APCO's clients. A portion of its customer base operates in the gaming industry and as a result the number of major sports events has a material impact on the volume of transactions and achieved revenue. In FY2013, apart from the exceptional movement in merchant accounts described above, the lack of major sports events in the summer months also contributed to lower income for the year. As for FY2014, the company experienced a general decrease in transactions volume during the year which adversely impacted revenue from services.

APCO Systems Limited

APCO Systems Limited is engaged in the provision of bespoke computer software and payment gateway solutions under the 'APCOPAY' brand. The following table sets out the operating performance highlights of APCO Systems Limited for the years indicated therein.

Income Statement For the year ended 30 June	2013 Actual (€'000)	2012 Actual (€'000)	2011 Actual (€'000)

Profit before tax	774	1,085	854
Taxation	(268)	(312)	(283)
Profit for the year	506	773	571

The key accounting ratios are set out below:

	FY2013	FY2012	FY2011
Revenue growth (<i>Revenue FY1/Revenue FY0</i>)	22%	15%	
EBITDA margin (<i>EBITDA/revenue</i>)	45%	63%	66%
Net profit margin (<i>Profit after tax/revenue</i>)	29%	54%	46%

APCO Systems Limited has developed a single payment gateway under the brand 'APCOPAY'. In this respect, revenue is generated from annual fees, fees charged on transaction volumes and support services. Such revenue is charged to its sister company, APCO Limited.

The pro forma income statement outlines the financial performance of the Group, assuming that all Group restructuring transactions undertaken during FY2014 were completed as of 1 January 2013, and that PTL Holdings p.l.c. controlled the Group as from 1 January 2013. The historical results for FY2013 and forecasted figures for FY2014 and FY2015 principally relate to the operations of PTL, SAD and APCO.

In FY2013, revenue generated by SAD amounted to €77 million (representing approximately 85% of Group turnover) and is projected to increase by 23% and 11% in FY2014 and FY2015 respectively. The assumed growth in revenue is primarily attributable to the addition of one new iSpot shop in FY2014 and two new shops in FY2015. In addition, management is anticipating significant sales in the projected period from the launch of the new range of iPhone, iPad and other Apple products (including wearables and Apple TV). With respect to Group EBITDA, SAD is expected to generate 83% of the projected figure of €7.5 million in FY2015 (EBITDA margin of 6%).

As to PTL, management is projecting a decline in revenue of 13% from FY2013 to FY2015 (€1.2 million). This is mainly due to a reduction in revenue from the Middle East and Libya. In the former market, PTL discontinued its relationship with a solutions supplier for the retail sector in FY2014 which will adversely impact revenue in FY2014 and FY2015. PTL however plans to remain active in the Middle East through the launch of alternative products for its retail clients and moreover plans to widen its offerings to win new customers operating in other sectors. In Libya, PTL sold a number of ATMs to Libyan banks in FY2013 and in the initial six months of FY2014. Such business operation has however ceased in the latter half of FY2014 and management is not projecting any further sales from Libya. With respect to PTL's business in Malta, income is projected to remain broadly stable in the reviewed period. Management expects growth to be driven through new areas of business, such as business intelligence (BI) and from synergies with other Group companies.

Regarding the operations of APCO, management is anticipating a decline in transaction volumes and revenue for FY2014 due to the lower business activity generated by the merchants. However, it is expected that revenue in FY2015 will recover by 39% through the addition of new clients and increased transaction volumes. Revenue derived from the sale of equipment to the banking and finance industry is projected to increase at a constant marginal rate, but income from the payment gateway should grow significantly as from FY2015. Going forward, management plans to increase focus on the enhancement of its payment gateway services, which can be undertaken with minimal capital expenditure.

On a consolidated basis, the Group is expected to register an interest cover ratio of 1.5x in FY2014 and 2.7x in FY2015. The low interest cover for FY2014 is principally due to exceptional costs of €1.6 million incurred by the Group in respect of the acquisition of SAD and APCO. As to the net result for FY2014, the Group will incur a loss after tax of €0.2 million as a consequence of the inclusion of the aforesaid acquisition costs and the impact of a forecasted loss at PTL. The net profit margin is expected to recover to 2% in FY2015.

The gearing ratio (net debt/net debt + equity) demonstrates the degree to which capital employed in a business is funded by external borrowings as compared to shareholders' funds. A company with high leverage tends to be more vulnerable when its business goes through a slowdown. At a leverage of 85% in FY2013, the Company's capital is funded to a higher degree from external debt as opposed to shareholders' funds. The Directors believe that the high leverage is appropriate for the Group in view of the substantial cash flows that are expected to be generated by SAD in the foreseeable future.

Other than equity, the Group is principally financed through bank loans and debt securities, analysed as follows:

The operational activities of PTL, SAD and APCO are analysed in further detail in section 4 of this report.

- In June 2014, the Group concluded an agreement to acquire 100% of the shares in SAD for a consideration of €40.35 million. The transaction was financed by *circa* €32 million of bank funding, an injection of €7.7 million by Hili Ventures Limited (the parent of the Company) and the remaining balance by own funds. With respect to the cash balance received from Hili Ventures Limited, an amount of €4 million was capitalised through the issuance of new ordinary shares of the Company, whilst the remaining balance of €3.7 million is accounted for as a loan advanced by the parent company.
- In August 2014, the Group entered into an agreement to acquire 100% of APCO for a consideration of €8.8 million. Annual Accounts: For the year ended 31 December 2013, except for Island Hotels Group Holdings plc (YE 31/10/2013),
Simonds Farsons Cisk plc (YE 31/01/2013), Tumas Investments plc (YE 31/12/2012) and AX Investments plc (YE 31/10/2013).

The interest cover ratio determines the ability of a company to pay interest on its outstanding borrowings. For the financial year ended 31 December 2013, the Group's earnings before depreciation, interest and taxes was 3.10 times higher than interest expenses for the year. This indicates that the Group is generating sufficient higher earnings to service its outstanding debt.

The debt to equity ratio or gearing ratio demonstrates the degree to which the capital employed in a business is funded by external borrowings as compared to shareholders' funds. A company with high leverage tends to be more vulnerable when its business goes through a slowdown. The gearing ratio of the Group is at 85%, which is relatively high. Notwithstanding, management is comfortable with such leverage given that the operating entities of the Group, in particular SAD, are expected to achieve substantial growth in revenue and operating cash flows in the short to medium term which will enable the Group to reduce significantly its gearing level by the redemption date of the Bonds.

The chart below shows the yield to maturity of the proposed bond as compared to other corporate bonds listed on the Malta Stock Exchange. The Malta Government Stock yield curve has also been included as the benchmark risk-free rate for Malta.

13 October 2014

To date, there are no corporate bonds which have a redemption date beyond 2024 and therefore a trend line has been plotted (denoted in the above chart by the dashed line). The premium over Malta Government Stock has been assumed at 344 basis points, which is the average premium for medium term corporate bonds listed on the Malta Stock Exchange. The PTL Holdings plc 5.1% Unsecured Bonds 2024 has been priced at 292 basis points above Malta Government Stock and broadly is equal to listed corporate bonds.

Share of results of joint ventures	The PTL Group owns minority stakes in a number of companies (less than 50% plus one share of a company's share capital). The results of such companies are not consolidated with the subsidiaries of the Group, but the Group's share of profit is shown in the profit and loss account under the heading 'share of results of associates and jointly controlled entities'.
