

CHAPTER 14  
Property Companies

This chapter defines and sets out the Listing Rules for Property Companies.

*General*

- 14.1 ~~Where an Applicant or an Issuer is a Property Company Applicant or whose Securities are authorised as Admissible to Listing it shall must~~ comply with the Listing Rules contained in this Chapter in addition to all other applicable Listing Rules. Other Issuers which own Property or which carry out certain Property-related transactions must comply with ~~Listing Rules 14.4 to 14.17~~this Chapter where appropriate.

~~Classification of Transactions by Property Companies~~Requirement for a valuation report

- ~~14.2 Acquisitions and disposals of Property by a Property Company (including any transactions or arrangements the purpose of which is to change, in whole or in part, the beneficial ownership of a Property) are subject to the rules contained in Chapter 8 regarding the classification of transactions save as indicated below:~~

~~14.2.1 for the purposes of Listing Rule 8.99 “the assets of the acquiring or disposing company” means the consideration (and Listing Rule 8.98 and 8.99 do not apply);~~

~~14.2.2 for an acquisition of land to be developed for the purposes of Listing Rule 8.99 “the assets of the acquiring or disposing company” means the consideration plus any financial commitments relating to the development; and~~

~~14.2.3 for the purposes of Listing Rule 8.99 and Listing Rule 8.92.1 the assets of the acquiring or disposing Company are, at the option of the Issuer, either:~~

~~14.2.3.1 the aggregate of such Company’s share capital and reserves (excluding minority interests);~~

~~14.2.3.2 the book value of such Company’s Properties (excluding those Properties classified as current assets in the latest published Annual Accounts); or~~

~~14.2.3.3 the published Valuation of such Properties (excluding those Properties classified as current assets in the latest published Annual Accounts);~~

~~14.2.4 for the purposes of Listing Rule 8.92.2, the net profits attributable to the assets acquired or disposed of and the net profits of the acquiring or disposing Issuer means the net annual rental income;~~

~~14.2.5 Listing Rule 8.92.3 does not apply, but when any of the consideration for an acquisition is in Shares an alternative test will be applied comparing the Shares to be issued with the number of Shares in issue;~~

~~14.2.6 Listing Rule 8.92.4 applies to disposals as well as acquisitions in respect of all Property transactions; and~~

~~14.2.7 for an acquisition of a Property or Property portfolio by a Property Company which is a transaction falling within the criteria set out at Listing Rule 8.92, financial information in the form of a comparative table or Accountants’ report will not normally be required (see Listing Rule 14.4.2).~~

~~14.3 The acquisition or disposal by a Property Company of a Property in the ordinary course of business which, in the case of an acquisition will be classified as a current asset in the Issuer's published Accounts, or, in the case of a disposal, was so classified in the Issuer's published Accounts, will not be subject to the rules contained in Chapter 8 relating to specific transactions. The Listing Authority may deem a transaction not to be in the ordinary course of business because of its size or incidence. Subsequent transfers of Property assets from current to fixed assets or from fixed to current assets in the Accounts of a Property Company may be subject to the rules regarding the classification of transactions and the Listing Authority must be consulted at an early stage.~~

~~Requirement for a Valuation and a Valuation Report~~

~~14.4 A valuation must be obtained by:~~

~~14.4.1 a New Applicant if it is a Property Company;~~

~~14.4.2 an Issuer if it makes an acquisition or disposal of Property, or of a Property Company which is not listed;~~

~~Independence of Valuer~~

~~14.36 The valuation [report referred to in Listing Rules 5.2.14, 11.1.13 or 11.17.6](#) must be ~~carried out~~[prepared](#) by a competent and independent Expert unless otherwise authorised by the Listing Authority. The Listing Authority may permit the valuation to be carried out by the Issuer's internal valuer.~~

#### *Valuations of Property in course of Development*

14.58 Where the valuation is in respect of Property currently being developed the following additional information must be given in the valuation report:

14.58.1 whether the relevant planning permits have been obtained, and, if so, the date of the relevant permits and whether there are any material or onerous conditions attached to the issue of such permits;

14.58.2 the date when the development is expected to be completed and any estimate of letting or occupation dates;

14.58.3 the estimated total cost of completion including, without limitation, the cost of financial carrying charges, letting commissions and other ancillary costs;

14.58.4 the open market value of the Property in its existing state at the date of valuation;

14.58.5 the estimated capital values at current prices and on the basis of current market conditions:

14.58.5.1 after development has been completed; and

14.58.5.2 after the development has been completed and the Property has been let.

#### *Progressive Development*

14.69 Where Property in the course of development is being developed in phases over a period of time by the erection of a number of buildings, each of which is intended to be sold soon after completion of construction, the requirements of Listing Rules 14.58.3 and 14.58.5 may be satisfied by the provision of information for each phase or for groups of phases. For this purpose, Property in the course of development includes any phase where, at the date of valuation, work is in progress and any other phase where a start is imminent, all appropriate consents have been obtained and a building contract has been entered into. Later phases, where construction at the date of valuation has not yet started, or where all appropriate consents and permits have not been obtained or a building contract has not been entered into, may be treated as Properties held for development (see Listing Rule 14.740).

#### *Properties held for Development*

14.740 Where Property is held for future development the valuation report must contain the following additional information so far as it is known and relevant at the valuation date:

14.740.1 whether or not the relevant planning permits have been applied for, whether such applications have been granted or refused and the date of such grant or refusal;

- 14.740.2 the nature and a brief description of the proposed development;
- 14.740.3 an indication of when it is reasonable to expect development to commence;
- 14.740.4 the expected development period; and
- 14.740.5 the estimated total costs of the development including, without limitation, the cost of financial carrying charges, letting commissions and other ancillary costs.

*Valuation of Property for Business Use*

- 14.811 A Property which is occupied for the purposes of a business should be valued at existing use value. Where open market value for an alternative use significantly exceeds this basis the alternative use valuation must be stated in the valuation report, together with the Directors' estimate of the costs of cessation and removal of the business. Where the alternative use value is significantly lower than the existing use value and the existing use value is no longer appropriate, the alternative use valuation must be stated in the valuation report.

*Overseas Property*

- 14.912 If the Issuer owns any overseas Property then this Property must be shown separately in the valuation report and its basis of valuation clearly identified.

*Rentals used in Valuations*

- 14.103 In respect of each Property which is rented out by the Issuer, the Net Annual Rent and the estimated Net Annual Rent (based on its current open market rental value) at a specified future date (where this differs materially) must be included in the valuation report.

*Summary of Valuations*

- 14.114 The valuation report must include a summary of the number of Properties and the aggregate of their valuations must be split to show the separate totals for the freehold and leasehold Properties. Negative values must be shown separately and not aggregated with the other valuations. Separate totals must be given for:

- 14.141.1 properties valued on an open market basis;
- 14.114.2 properties valued on an existing use value basis;
- 14.114.3 properties valued on a depreciated replacement cost basis; and
- 14.114.4 for any overseas Properties.

*Condensed Format*

- 14.125 If the Properties held are too numerous to enable the Issuer to comply with the normal requirements for a valuation report, the Listing Authority may consent to a suitably condensed format in the relevant Prospectus or Circular. The full valuation report must be available for inspection.

~~pursuant to Listing Rule 7.15.~~

- 14.136 The Listing Authority may authorise the omission of any specific item of information in the valuation report if the Listing Authority considers that disclosure would be seriously detrimental to the Issuer and omission is not likely to mislead investors

with regard to facts and circumstances, knowledge of which is essential for the assessment of the Securities in question.

*Continuing Obligations*

- | 14.1<sup>47</sup> In addition to their continuing obligations (see Chapter 8), Property Companies must also provide for regular independent valuations of their Property portfolio after a Class of their Securities become Admissible to Listing as agreed to with the Listing Authority.
