Put Option of the Bondholders: The Bonds do not have a fixed maturity date. If Bonds are redeemed in USD, the redemption amount will be equal to the proceeds of sale of the Cryptocurrency Entitlement using the BTC Auction Procedure (as defined below) ("*1.3.3. Auction cannot be carried out due to missing participants or insufficient bids*"), if such procedure results in a successful sale. In order to terminate his Bonds, the Bondholder needs to (i) submit the put option exercise form, (ii) pay an upfront redemption fee in an amount of ~~USD 2,500.00~~EUR 50.00¹ (which is subject to certain exemptions) (the "Upfront Redemption Fee") and (iii) transfer the Bonds, in relation to which the Put Option (as defined below) is exercised, to the Issuance Account free of payment. If a Bondholder exercises his Put Option vis-à-vis the Issuer or vis-à-vis an Authorised Participant ~~redemption an exercise fee in addition to the Upfront Redemption Fee (where applicable) in an amount equal to 1.00 percent of the Cryptocurrency Entitlement for each Bond in relation to which the Put Option is exercised~~ will be charged (the "**Exercise Fee**"). However, if the Bondholder sells his Bonds on the stock exchange - then no redemption fees from the Issuer or Authorised Participant will be incurred. If a Bondholder is prevented from receiving Bitcoin due to legal or regulatory reasons and the Issuer holds a BTC Auction Procedure, the Auctioneer (as defined below) will announce that it is auctioning the required amount of Bitcoin on the Issuer's website (<https://www.btc-etc.com>). The sale proceeds will be used for redemption of the Bonds. Bids submitted for less than 80 percent of the reference price, which is on the relevant determination date, the price for Bitcoin as displayed by Bloomberg at a certain time (the "**Reference Price**") or bids for less or more than the full amount of Bitcoin being auctioned will be rejected. If such a failed auction occurs, the Issuer shall return all Bonds to the Bondholder within 7 (seven) business days. The Issuer may choose to charge an Exercise Fee to the respective Bondholder in case of a failed auction."

"Fees related to the redemption of the Bonds upon exercise of the put option.

Subject to certain exceptions (as further described in the Terms and Conditions of the Bonds), the Issuer may charge an upfront redemption fee of ~~USD 2,500.00~~ EUR 50.00³ at its sole and absolute discretion for the exercise of a Put Option by a Bondholder who is not an Authorised Participant, and where the Put Option is exercised in relation to a number of Bonds which, if multiplied by the Cryptocurrency Entitlement and then multiplied by the Reference Price, is less than USD 250,000.00 (the "**Upfront Redemption Fee**"). Payment of the Upfront Redemption Fee can lead to a lower than expected yield when exercising the Put Option. In addition to the Upfront Redemption Fee, the exercise of the Put Option triggers an exercise fee which can amount to up to 1.00 percent of the Cryptocurrency Entitlement for each Bond in relation to which the Put Option is exercised (depending on whether the Put Option is exercised by an Authorised Participant or other Bondholders than Authorised Participants) (the "**Exercise Fee**"). The Exercise Fee will be deducted from the Cryptocurrency Entitlement or, in the case of USD settlement, from the proceeds of the Bitcoin sale and accordingly the redemption amount per Bond received will be less than the actual Cryptocurrency Entitlement or, in the case of USD settlement, the proceeds of the Bitcoin sale. Additionally, in the case of USD settlement, the Issuer reserves the right to charge relevant redemption fees even if the BTC Auction Procedure fails and, subsequently, the redemption request is cancelled."
