INTRODUCTION

The Retirement Pensions Act, 2011

The Retirement Pensions Act, (“the Act”), provides a statutory basis for the regulation in Malta of Retirement Schemes, Retirement Funds and related Service Providers:-

- *Retirement Schemes:* A Retirement Scheme may be an Occupational Retirement Scheme or a Personal Retirement Scheme established for the principal purpose of providing Retirement Benefits.

The Act makes it illegal for a retirement scheme situated in Malta to carry on any activity for the provision of Retirement Benefits in or from within Malta, or for any person to accept money or other consideration from a Contributor with respect to a retirement scheme carrying on any activity for the provision of Retirement Benefits in or from within Malta unless such retirement scheme is duly licensed under the Act. The Act also makes it illegal for a retirement scheme formed in accordance with or existing under the laws of Malta to carry on any activity for the provision of Retirement Benefits in or from within a country, territory or other place outside Malta unless it is duly licensed under the Act.

- *Retirement Funds:* Retirement Funds are arrangements established for the principal purpose of holding and investing contributions made to one or more retirement schemes and/or overseas retirement schemes.

The Act makes it illegal for a retirement fund situated in Malta to carry on any activity in relation to a retirement scheme and, or overseas retirement scheme, in or from within Malta unless such retirement fund is duly licensed under the Act. The Act also makes it illegal for a retirement fund formed in accordance with or existing under the laws of Malta to carry on any activity in relation to a retirement scheme and, or overseas retirement scheme, in or from within a country, territory or other place outside Malta unless it is duly licensed under the Act.

- *Service Providers:* Service Providers are entities that are licensed under the Act to provide one or more services listed in the Schedule to the Act.

The Act stipulates that a person requires a licence under the Act to provide to a Retirement Scheme and/or Retirement Fund or to a similar or equivalent arrangement overseas, any one or more of the services listed in the Schedule to the Act. The Act also makes it illegal for a body corporate, unincorporated body or association formed in accordance with or existing under the laws of Malta, to provide or hold itself out as providing a service in or from within a country, territory or other place outside Malta unless duly licensed under this Act.

The Pension Rules made by the MFSA by virtue of the Act

Pursuant to article 38(1) of the Act, the administration of the Act shall be vested in the MFSA.

In terms of article 38(2) of the Act, the MFSA may make Pension Rules as may be required for carrying into effect any of the provisions of the Act. The MFSA may amend or revoke such

Pension Rules which shall be binding on licence holders and under the Act and others as may be specified therein.

In exercise of those powers, the MFSA has made these Pension Rules for Personal Retirement Schemes.¹

Breach of these Pension Rules may give rise to administrative penalties and other measures against the offending person, and to offences, in terms of articles 46 and 48, of the Act, respectively.

Structure of the Pension Rules for Personal Retirement Schemes

The Pension Rules for Personal Retirement Schemes are divided into four main parts:

- Part A specifies the nature and licensing process and criteria applicable to Personal Retirement Schemes;
- Part B sets out the Standard Licence Conditions for Personal Retirement Schemes licensed under the Act;
- Part C includes the Appendices and reporting schedules;
- Part D contains Application forms and related information.

General

Any questions concerning the contents of these Pension Rules for Personal Retirement Schemes and their practical application should be addressed to the Insurance and Pensions Supervision Unit of the MFSA.

Copies of the Pension Rules for Personal Retirement Schemes can be downloaded from the MFSA's website (www.mfsa.com.mt).

These Pension Rules for Personal Retirement Schemes refer to various parts of the Act but do not attempt to reproduce it, and therefore should not be treated as a substitute for reading the Act itself. Where necessary, reference should be made directly to the provisions of the Act. Capitalised words and expressions used here and defined in the Act have the same meaning as in the Act, unless indicated otherwise in the Glossary to the Pension Rules issued under the Act.

¹ There are separate Rules for Occupational Retirement Schemes, Retirement Funds and for Service Providers which are available from the MFSA website.

PART A

AN OVERVIEW OF THE LICENSING REQUIREMENTS APPLICABLE UNDER THE RETIREMENT PENSIONS ACT, 2011 (“the Act”)

A.1 Overview of Personal Retirement Schemes

A.1.1 Definition

- 1.1.1 In terms of articles 2 and 3 of the Act, a Personal Retirement Scheme is a retirement scheme which is not an occupational retirement scheme and to which contributions are made for the benefit of an individual with the principal purpose of providing Retirement Benefits for that individual. Retirement Benefits refer to benefits payable with reference to retirement or on having reached a particular age, and may involve supplementary benefits paid on disability or death.
- 1.1.2 Moreover, a scheme or arrangement does not constitute a Personal Retirement Scheme under the Act, if it provides for:
- (a) the payment of Retirement Benefits to five or fewer Members; or
 - (b) the commencement of payment of Retirement Benefits to a Member on a date that is earlier than that on which such Member has attained the age of fifty, or later than that specified in Pension Rules for Personal Retirement Schemes, except in those cases where the retirement scheme or arrangement provides that the payment is made by reason of the disability or death of a Member.

Provided that a scheme or arrangement described in paragraph (a) above may, by written notice to the MFSA, apply to be considered as a Personal Retirement Scheme for purposes of the Act.

- 1.1.3 If there is any doubt as to whether, for the purposes of the Act, a scheme or other arrangement is a Personal Retirement Scheme within the meaning of the Act, the MFSA should be approached and it shall conclusively determine the matter.

A.1.2 Establishment and Form

- 1.2.1 A Personal Retirement Scheme may be established in the following forms under Maltese law:
- (a) as an investment company with variable share capital (“SICAV”) under the Companies Act (Chapter 386 of the Laws of Malta);
 - (b) as a non-discretionary trust by trust deed under the Trusts and Trustees Act (Chapter 331 of the Laws of Malta);
 - (c) by contract in terms of the Civil Code (Chapter 16 of the Laws of Malta); or
 - (d) in any other legal form as may be approved by the MFSA.

- 1.2.2 A Personal Retirement Scheme shall be established exclusively:
- (a) as a non-member directed Scheme; or
 - (b) as a member-directed Scheme as specified under Section B.9 of Part B of these Pension Rules.
- 1.2.3 A non-member directed Scheme shall include a Scheme which offers a selection of investment options by the Retirement Scheme Administrator (a number and diversity of investment choices) for the Member to choose from. In that case, the following conditions shall be complied with by the Retirement Scheme Administrator of such Scheme:
- (a) the Scheme Document shall clearly outline the list of investment options it offers to Members, approved by the Investment Manager of the Scheme. The said investment options shall also include a default investment option adequate for retail members. Members are to be provided with complete information as to the investment options sufficient to permit them to construct an appropriate investment portfolio in light of their own individual circumstances and in the context of the Scheme Document;
 - (b) information provided to the Members regarding any investment options offered by the Scheme is to be standardised and readily comparable. As a minimum, this information is to include disclosure of all charges, fees and expenses associated with each investment choice, as well as portfolio composition and historical data.

A.1.3 Nature and Operation

- 1.3.1 A Personal Retirement Scheme is established with the purpose of providing retirement benefits to an individual or a number of unrelated individuals. Access to these Schemes is not offered through the employment of the individuals concerned. The latter is meant to exclude personal pension schemes where the relationship of group is one of employment, but access refers to the fact that the Scheme itself is not established at the initiative of the employer.
- 1.3.2 A Personal Retirement Scheme is operated in accordance with a written instrument (known as the “*Scheme Document*”) which lays down the rules stipulating the Retirement Benefits and the conditions under which these are granted. The Scheme Document may be incorporated as part of the Constitutional Document of the Scheme.
- 1.3.3 A Personal Retirement Scheme may offer retirement benefits by reference to the contributions and the returns or gains that are received on the invested contributions less expenses and any losses in relation thereto. A Personal Retirement Scheme may also provide cover against Biometrical Risk or guarantee a given level of investment performance or level of benefits subject to the conditions outlined in the Pension Rules for Personal Retirement Schemes.
- 1.3.4 Personal Retirement Schemes are schemes established by a Retirement Scheme Administrator, and their membership is open to a number of individuals acceptable to the Retirement Scheme Administrator.

A.1.4 Governance Arrangements & Related Parties

1.4.1 A Personal Retirement Scheme, irrespective of its legal form, requires the appointment of the following:

- (a) a *Retirement Scheme Administrator* - A Service Provider licensed under the Act who would be responsible for the overall operation, management and administration of the Personal Retirement Scheme. The Retirement Scheme Administrator is required to carry out duties specified in Part B.1 of the Pensions Rules for Service Providers issued in terms of the Act.² The Retirement Scheme Administrator carries out the day-to-day administration duties and may also, in the case of non-member directed Schemes, either carry out the investment management of the assets or provide custody services, if it is duly licensed to do so under the Act;
- (b) an *Auditor*, in terms of the article 16 of the Act; and
- (c) an *Actuary* (whose appointment is required only in the case of a Defined Benefit Retirement Scheme).

1.4.2 A Personal Retirement Scheme requires the appointment of an Investment Manager and Custodian, unless one of the functions is carried out by the Retirement Scheme Administrator. The appointment of an Investment Advisor is optional.

1.4.3 Without prejudice to the provisions of Part IV of the Act relating to governance, the MFSA may consider different structural and governance proposals as long as these arrangements provide appropriate protection for Members and Beneficiaries of the Personal Retirement Scheme and its assets.

A.1.5 Mandatory Functions

1.5.1 A Personal Retirement Scheme, irrespective of its legal form, is also required to have the following:

(a) *Investment Management Function*

The function relating to the investment management is mandatory. Depending on the structure and nature of the Personal Retirement Scheme an investment manager, separate from the Retirement Scheme Administrator, may need to be appointed for the investment management of the assets. Separation of the custody and investment management function is compulsory.

(b) *Custody Function*

² Please refer to the Rules issued under the Act for Service Providers for details regarding the licensing criteria and requirements as well as the operational conditions applicable to Service Providers.

The function relating to the custody of assets is mandatory. Depending on the structure and nature of the Personal Retirement Scheme, a custodian separate from the Retirement Scheme Administrator may need to be appointed for the safe-keeping of assets. The Custodian shall also be responsible for monitoring the extent to which the Investment Manager is abiding by the investment restrictions of the Scheme laid out in Part B.3.2 of the Pension Rules for Personal Retirement Schemes. Separation of the custody and investment management function is compulsory.

- 1.5.2 In delegating/outsourcing functions to third parties, the *Retirement Scheme Administrator* retains responsibility for the overall operation, management and administration of the Personal Retirement Scheme and the investment management and custody of the assets of the Retirement Scheme. The Retirement Scheme Administrator is expected to put in place adequate monitoring arrangements to ensure the appointed third parties are carrying out the functions in line with the stipulated requirements.

A.1.6 Funding

- 1.6.1 Personal Retirement Schemes are funded by the *Contributor(s)*, who may be either:
- (a) solely the individual concerned;
 - (b) any other person (including the Employer) on behalf of the individual Member.

A.1.7 Technical Provisions

- 1.7.1 A Personal Retirement Scheme providing cover against biometric risks or guaranteeing a given level of investment performance or given level of benefits is required to meet certain technical provisions requirements as set out in the Retirement Pensions (Defined Benefit Retirement Schemes) Regulations, 2015 and Part B of these Pensions Rules for Personal Retirement Schemes.

A.1.8 Investment of Contributions

- 1.8.1 A Personal Retirement Scheme is required to invest its Contributions in accordance with the Constitutional Document, Scheme Document and Scheme Particulars (as applicable), and the investment restrictions set out in Part B of the Pension Rules for Personal Retirement Schemes issued in terms of the Act. A Personal Retirement Scheme may opt to invest either directly or indirectly on the market.

A.2 Licensing Requirements

A.2.1 Licensing Requirement

2.1.1 In terms of article 4 of the Act, a Personal Retirement Scheme requires a licence to carry on any activity for the provision of Retirement Benefits. In terms of this article:

- (a) no retirement scheme shall carry on any activity for the provision of Retirement Benefits in or from within Malta unless such scheme is situated in Malta; and
- (b) no retirement scheme formed in accordance with or existing under the laws of Malta shall carry on any activity for the provision of Retirement Benefits in or from within a country, territory or other place outside Malta; and
- (c) no person shall accept money or other consideration from a Contributor with respect to a retirement scheme carrying on any activity for the provision of Retirement Benefits in or from within Malta unless such scheme is situated in Malta,

unless such scheme is duly licensed under the Act.

2.1.2 Subarticle (6) of article 4 of the Act permits the initial steps for the incorporation or establishment of a Personal Retirement Scheme to be taken before a licence has been obtained, but a retirement scheme may not deal or carry out any licensable activity before it is licensed.

A.2.2 Licensing Criteria

2.2.1 A Personal Retirement Scheme must be constituted and structured in line with the requirements set out by the MFSA and must have a Scheme Document as stipulated in Part B.2.1 of the Pension Rules for Personal Retirement Schemes. Moreover, the MFSA shall refrain from licensing a Personal Retirement Scheme unless it is satisfied that:

- (a) the Personal Retirement Scheme and the *Retirement Scheme Administrator*, will comply with and observe the provisions of the Act and any regulations or Pension Rules made thereunder;
- (b) the Personal Retirement Scheme and *Retirement Scheme Administrator* are fit and proper persons, also to carry out the functions required of them;
- (c) the name of the Personal Retirement Scheme is one which, in the opinion of the MFSA, is not misleading; and
- (d) any aspect of or related to the application does not raise any regulatory concerns.

2.2.2 When considering whether to grant or refuse to grant a licence to a Personal Retirement Scheme, the MFSA shall in particular have regard for:

- (a) the protection of Members and Beneficiaries;
 - (b) the promotion of competition and choice; and,
 - (c) the reputation and suitability of the Personal Retirement Scheme, the persons responsible thereof and all other parties connected therewith.
- 2.2.3 The MFSA will consider the nature of the Personal Retirement Scheme and will need to be satisfied that appropriate governance structures and mechanisms are in place. Sound and prudent management, adequate resources, and a responsible attitude towards Members and Beneficiaries are essential. The business should be well organised and have adequate controls and sufficient records should be maintained to demonstrate these attributes.
- 2.2.4 The MFSA will also need to be satisfied that the applicant, the Service Providers and the related parties are fit and proper to provide or carry out the indicated activities. The MFSA has the right to refuse a Licence if it does not approve a party involved with the Personal Retirement Scheme.
- 2.2.5 The "fit and proper" test is one which a Personal Retirement Scheme and its Service Providers and related parties must satisfy on a continuing basis. Each case is assessed on the basis of the relevant circumstances. The onus of proving that it meets the required standards is on the Personal Retirement Scheme and its Service Providers and related parties. It is not the duty of the MFSA to prove the converse before it can refuse or before it intends to suspend or cancel a Licence. The MFSA's approach is cumulative that is to say the MFSA may conclude that a Personal Retirement Scheme and/or its Service Providers and/or related parties has failed the test on the basis of considering several situations, each of which on its own merit would not lead to that conclusion. An open and honest relationship with the MFSA is thus essential. When arriving at its decision as to whether a Personal Retirement Scheme and its Service Providers and related parties are fit and proper, the MFSA will take account of all material facts whether such facts are divulged or not (for example in respect of a Director's criminal record). It should be noted that it is an offence to provide information or make statements which are inaccurate, false or misleading.
- 2.2.6 In general terms, there are three criteria which must be all met, to satisfy the "fit and proper" test:
- (a) integrity;
 - (b) competence; and
 - (c) solvency.

Integrity involves the Personal Retirement Scheme and its Service Providers and related parties acting honestly and in a trustworthy fashion in relation to the Members and Beneficiaries.

Competence means that those people carrying on the business of the Personal Retirement Scheme should be able to demonstrate an acceptable amount of knowledge, qualifications, professional expertise and experience directly relevant to the retirement activities with which they are dealing. The MFSA will also look into the experience and track record of all parties who will be involved in the management of the Personal

Retirement Scheme to assess competence. The degree of competence required will depend upon the job being performed.

Solvency means ensuring that proper financial control and management of liquidity and capital is applied. The business should have sufficient technical/ financial resources to meet not only the financial demands on the business but also the technical/ financial resources requirements established by the MFSA.

- 2.2.7 Although Personal Retirement Schemes may vary in nature, the MFSA will apply consistent standards in dealing with different types of Personal Retirement Schemes. Each application is assessed on its own merits and on the basis of the relevant circumstances.

A.2.3 Application Documents

- 2.3.1 A request for the licensing of a Personal Retirement Scheme should be made by submitting a duly completed Application in the form set out in Schedule A in Part D to these Pension Rules for Personal Retirement Schemes, supported by the documents requested in the Application Form. It is important to note that there are two separate Application Forms, one for member-directed Schemes and one for non-member directed Schemes, and therefore the relevant Application Form should be completed. The MFSA may require any additional documents as deemed necessary.

A.2.4 The Licensing Process

- (a) The Pension Rules for Personal Retirement Schemes should be read carefully before an Application Form for licensing is submitted. It is recommended that due consideration is given to the applicable legal and regulatory requirements. Applicants may wish to arrange to meet representatives of the MFSA in advance of submitting a formal application for licensing and, to describe the background to its application and the way in which it intends to operate. Although guidance will be given on the applicable regulatory requirements and on the completion of the Application documents, responsibility for the formulation of the proposal and the completion of an Application will remain with the Applicant.
- (b) When submitting an application, the application pack should be as comprehensive as possible. An application is deemed to have been officially submitted once a full application pack (i.e. Application Form and all relevant supporting documentation) together with the relevant application fee is submitted to the MFSA. In the instance where application documents are submitted in a piecemeal fashion or are incomplete, the processing of an application will not start and will be delayed until receipt of all the relevant documents and fees concerned.

The application forms and related Schedules in Part D under these Pension Rules should not be amended in any way. All questions in the application form should

be answered and any questions which are not relevant to the application at hand should be marked 'Not Applicable' and not deleted.

- (c) Following submission, the Application and supporting documentation will be reviewed and comments provided to the Applicant directly and/or to the Applicant's professional advisors. The MFSA may ask for more information and may make such further enquiries as it considers necessary. The MFSA will only accept comments on issues arising from its review of the application documents, either directly from the Applicant or the professional advisors thereof or from any other person if the latter is so authorised by the Applicant upon evidence of the said authorisation. The 'fit and proper' checks begin at this stage.
- (d) The MFSA will analyse the submissions and on the basis of this, make a decision regarding the licensing application.

As part of this process the Standard Licence Conditions which are to apply are also determined. Some of the Standard Licence Conditions outlined in the Pension Rules for Personal Retirement Schemes may not be applicable or be amended (where the circumstances justify such treatment) and supplementary conditions applied.

- (e) Following notification of the MFSA's decision regarding the licensing application, the Applicant will be required to finalise any outstanding matters, such as (in the case of a new entity) its incorporation and capitalisation.
- (f) Thereafter, licensing will be effected. Where the application is one of a number of related licensing applications, the MFSA will normally require that licensing for all the relevant entities takes place simultaneously. Alternatively, where the MFSA agrees that licensing need not be simultaneous, this will normally be on the condition that business is not commenced until all the necessary licences are in place.
- (g) The Applicant may also be required to satisfy a number of post-licensing matters prior to formal commencement of business.

A.2.5 Fees

2.5.1 The fees can be found in the Retirement Pensions (Fees) Regulations, 2015. Where applicable, Application Fees are payable on submission of the Application Form and are not refundable. Annual Supervisory Fees are payable on the day the licence is granted and thereafter annually, upon the anniversary of that date. Details of the applicable fees can be downloaded from the MFSA's website.

A.2.6 Variation of a Licence

2.6.1 Requests for a variation of a Licence should be submitted to the MFSA in writing, giving details of the variation requested and the reasons.

A.3 Pension Rules for Personal Retirement Schemes licensed under the Act

- 3.1 The Standard Licence Conditions which are to be satisfied by Personal Retirement Schemes licensed under the Act are stipulated in the Act itself, in Regulations made from time to time, and in these Pension Rules for Personal Retirement Schemes issued by the MFSA.
- 3.2 The Standard Licence conditions applicable are set out in Part B of these Pension Rules for Personal Retirement Schemes. While the Standard Licence Conditions should be sufficiently flexible to operate in a range of different situations, they may be supplemented or varied according to the particular nature of the Personal Retirement Scheme. A Personal Retirement Scheme licensed under the Act will be notified of the applicable Standard Licence Conditions which are to be applied under the Act or generally. The Standard Licence Conditions will be notified to the applicant prior to final licence.
- 3.3 The MFSA has the right, at any time and from time to time, to vary or revoke any Standard Licence Condition or impose new Standard Licence Conditions.

Confirmation that Retirement Benefits are paid out should also be provided.

B.6 Supplementary Conditions for Defined Benefit Schemes

B.6.1 Schedule of Payments

6.1.1 Apart from the requirements in SLC B.2.5 of the Pension Rules for Personal Retirement Schemes, a Defined Benefit Scheme shall also comply with the requirements regarding the maintenance of a Schedule of Payments as prescribed in regulation 8 of the Retirement Pensions (Retirement Defined Benefit Schemes) Regulations, 2015.

B.6.2 Technical Provisions

6.2.1 A Defined Benefit Scheme shall comply with technical, financial and actuarial management requirements as well as requirements regarding the under-provision or overprovision of Technical Funding Requirement as prescribed in regulation 4 of the Retirement Pensions (Retirement Defined Benefit Schemes) Regulations, 2015.

6.2.2 The calculation of the technical provisions shall be carried out according to the following principles:

- (a) the minimum Technical Funding Requirement shall be calculated by a sufficiently prudent actuarial valuation. It must be sufficient both for pensions and benefits already in payment to Beneficiaries to continue to be paid, and to provide Beneficiaries with an actuarial value of their accrued pensions rights;
- (b) the minimum Technical Funding Requirement shall be assets that, had the Scheme wound up on the valuation effective date, the assets would have provided for:
 - i. benefits in course of payment;
 - ii. benefits, other than those referred to in (i), which consist of additional benefits secured or granted under the Scheme on behalf of the Beneficiary concerned by way of additional voluntary contributions or a transfer of rights from another Scheme;
 - iii. benefits with at least uniform attribution, other than those referred to in (i) or (ii), payable in respect of reckonable service completed up to the effective date; and
 - iv. the estimated expenses of administering the winding up of the Scheme;
- (c) where the Scheme underwrites biometrical risks or guarantees any investment performance or a given level of benefits, the MFSA may require the scheme to hold additional assets above the technical provisions to serve as a buffer;
- (d) in calculating the minimum Technical Funding Requirement the actuary may assume that the liabilities of the Scheme could have been provided on winding

up by paying assets of equivalent actuarial value to the above benefits to another Scheme or purchasing of appropriate insurance contracts to provide the same benefits;

- (e) any maximum Technical Funding Requirement which may be prescribed;
- (f) the biometrical tables used for the calculation of technical provisions shall be based on prudent principles, having regard to the main characteristics of the Beneficiaries and the Scheme, in particular the expected changes in the relevant risks;
- (g) the rate of interest used shall be chosen prudently taking into account, if applicable, an appropriate margin for adverse deviation and determined in accordance with any conditions of the MFSA including other provisions of these Pension Rules;
- (h) the prudent rates of interest shall be determined by taking into account:
 - i. the yield on the corresponding assets held by the Scheme and the future investment returns and/or
 - ii. the market yields of high quality or government bonds;
- (i) the method and basis of calculation shall in general remain constant from one Scheme Year to the other. However, modifications may be justified due to a change in legal or economic circumstances underlying the assumptions.

B.6.3 Appointment of an actuary

- 6.3.1 A Defined Benefit Scheme shall appoint an actuary approved by the MFSA.
- 6.3.2 The appointment, including the replacement, of an actuary of a Scheme shall be subject to the prior approval of the MFSA. - 6.3.4 The Scheme shall not appoint an individual as an actuary to the Scheme, nor appoint an actuarial firm where the individual directly responsible for the actuarial duties or her/his firm is:
 - (a) employed under a contract of service by the Retirement Scheme Administrator or any Contributor or is a Contributor, Member or Beneficiary to or of the Scheme;

- (b) an Affiliate of the Retirement Scheme Administrator.
- 6.3.5 The Scheme shall obtain from its actuary a signed letter of engagement defining clearly the extent of the actuary's responsibilities and the terms of his/her appointment. The letter of engagement shall contain at least the information in Appendix 9 in Part C of these Pension Rules for Personal Retirement Schemes. The Scheme shall confirm in writing to its actuary its agreement to the terms in the letter of engagement.
- 6.3.6 On the appointment or a change in actuary the MFSA shall be provided with the declaration referred to in Annex III of the Application Form for Licensing as a Personal Retirement Scheme in Part D of these Pension Rules for Personal Retirement Schemes.
- 6.3.7 If at any time when the Scheme is required to have an actuary, the Scheme fails to have an actuary in office for a period exceeding four weeks, the MFSA shall be entitled to appoint a person to fill the vacancy, the fees and charges so incurred being payable by the Scheme or Retirement Scheme Administrator.

B.6.4 Duties of an actuary

- 6.4.1 The actuary of a Defined Benefit Scheme shall:
- (a) advise the Scheme and/or the Retirement Scheme Administrator (on an on-going basis) on the appropriate rates of Scheme contributions;
 - (b) calculate the technical provisions for any Biometrical Risks or investment risks or level of benefits for which the Scheme provides cover in accordance with recognised actuarial methods and complete and certify such calculations at least as frequently as the prescribed intervals;
 - (c) prior to the commencement of the Scheme, provide the Scheme Administrator with a certificate (in the form of that in Appendix 6 in Part C of these Pension Rules) setting out whether or not in the actuary's opinion the contributions payable towards the Scheme (as set out in the Schedule of Payments in the form of Appendix 7 in Part C of these Pension Rules) are likely in the normal course of events to be adequate to continue to meet the Scheme's minimum Technical Funding Requirement over the period to which the Schedule of Payments relates;
 - (d) provide the Scheme and/or the Retirement Scheme Administrator, following the end of the first Scheme Year on an annual basis thereafter, with an actuarial report containing the following:
 - i. an actuarial valuation of the assets and liabilities of the Scheme as at the end of the relevant Scheme Year including a note of the assumptions and methods of valuation used and expressed so as to enable the expected

future course of the Scheme's contribution rates and funding level to be understood;

- ii. a certificate (in the form of that in Appendix 6 in Part C of the Pension Rules for Personal Retirement Schemes) setting out the position of the Scheme with respect to the minimum Technical Funding Requirement and whether or not in the actuary's opinion the contributions payable towards the Scheme (as set out in the Schedule of Payments) are likely in the normal course of events to be adequate to continue to meet the Scheme's minimum Technical Funding Requirement over the period to which the Schedule relates or is expected to restore the funding position over this period and indicating any relevant changes that have occurred since the most recent actuarial valuation was prepared.

B.6.5 Actuarial valuation - General

- 6.5.1 An actuarial valuation is required with an effective date no later than the first anniversary of the date on which the Scheme commenced and on an annual basis thereafter.
- 6.5.2 The actuarial valuation report and accompanying certificate must relate to the position of the Scheme at the date 14 days before it is signed.

B.6.6 Transfer of benefits

- 6.6.1 Where a Member wishes to transfer the value of her/his accrued benefits to another Scheme, such Member shall request the Scheme or the Retirement Scheme Administrator to obtain the actuarial value of these benefits. The actuary shall certify (in the form of that in Appendix 8 in Part C of the Pension Rules for Personal Retirement Schemes) that the method used to calculate this value is appropriate. Such an actuarial value shall be assessed using market rates of interest.
- 6.6.2 The calculations of actuarial values for transfer to another Scheme shall be carried out according to the following principles:
 - (a) market rates of interest used to calculate the actuarial value of accrued benefits shall be determined on the basis of market redemption yields on Government bonds of appropriate currency, duration and type at the time of transfer with allowance for investment of future interest/redemption receipts at such rates as the actuary considers reasonable;
 - (b) guaranteed or statutory increases, both in deferment and after payment commences, should be valued as part of the accrued benefit;
 - (c) the actuary should first advise and then establish with the Scheme and/or the Retirement Scheme Administrator whether and to what extent it is considered appropriate to make any addition for future discretionary increases to the

accrued benefits or for any other benefits that may be granted on a discretionary basis;

- (d) in general it would be inappropriate to allow for discretionary benefits in the calculation of transfer values unless the Scheme could satisfy the minimum Technical Funding Requirement with allowance made for such benefits for all Beneficiaries or Members;
- (e) the method and assumptions used for calculating the actuarial value of benefits to be transferred out of the Scheme should be consistent with the method and assumptions used to calculate benefits for a person acquiring transfer credits in the Scheme.

³ The said investment restrictions shall apply to the current investments of members in a member directed scheme once any movements occur within the member's pension account or in the case of new investments entered into, as from 1st January 2019.

- (aa) where structured notes are included in a Member's account, these will be permitted up to a maximum of 30% of the Member's account total value, with no more than 20% of the Member's account to be subject to the same issuer / guarantor default risk;
- (bb) unless a Member requests to be classified as a professional member, a Member may only invest in investments which can be classified as suitable for a retail member:

Provided that the responsibility of the Retirement Scheme Administrator in assessing the investments chosen shall be limited to carrying out due diligence on the proposed investment, following which the Retirement Scheme Administrator is satisfied on reasonable grounds that the investment can be classified as suitable for a retail member.
