The Supervisory ICT Risk and Cybersecurity ('SIRC') Function's Contact Points

This circular summarizes the contact points of the Supervisory ICT Risk & Cybersecurity ('SIRC') Function within the Malta Financial Services Authority ('MFSA', the 'Authority') and the purpose/s of each contact point:

Electronic Mail

1. **mirt@mfsa.mt** – to be used for correspondence related to: reporting of *Major ICT-Related Incidents*; notification of *Significant Cyber Threats*; and participation in *Information-sharing Arrangements*; as defined by Regulation (EU) 2022/2554 on digital operational resilience (the DORA Regulation), as well as any underlying information systems used for these processes.

2. **roi@mfsa.mt** – to be used for correspondence related to the *Register of Information* (RoI) as defined by the DORA Regulation, as well as any underlying information systems used for this process.

3. **tlpt@mfsa.mt** – to be used for correspondence related to Threat-Led Penetration Testing (TLPT) as defined by the DORA Regulation.

4. **sirc@mfsa.mt** – this is the generic electronic mailbox of the SIRC function and is to be used for any other correspondence not related to 1, 2 or 3 above. This contact point should be used, for instance, for correspondence related to ongoing supervision and legislation and policy management.

Telephone Number

The SIRC Function can be reached via telephone, by dialing **(+356) 2548 5260**.
