## 2. RISK FACTORS

PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER, WITH THEIR OWN FINANCIAL AND OTHER PROFESSIONAL ADVISERS, THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS, AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THIS SECURITIES NOTE, BEFORE MAKING ANY INVESTMENT DECISION WITH RESPECT TO THE BONDS. SOME OF THESE RISKS ARE SUBJECT TO CONTINGENCIES WHICH MAY, OR MAY NOT, OCCUR AND THE ISSUER, AND ITS DIRECTORS, ARE NOT IN A POSITION TO EXPRESS A VIEW ON THE LIKELIHOOD OF ANY SUCH CONTINGENCIES OCCURRING.

THE RISK FACTOR FIRST APPEARING UNDER EACH SUB-CATEGORY CONSTITUTES THAT RISK FACTOR WHICH THE DIRECTORS HAVE ASSESSED TO BE THE MOST MATERIAL RISK FACTOR UNDER SUCH SUB-CATEGORY AS AT THE DATE OF THIS SECURITIES NOTE. SUBSEQUENT RISK FACTORS IN THE SAME SUB-CATEGORY ARE NOT RANKED IN ORDER OF MATERIALITY OR PROBABILITY OF OCCURRENCE. IN MAKING THEIR ASSESSMENT OF MATERIALITY, THE DIRECTORS HAVE EVALUATED THE COMBINATION OF: (I) THE PROBABILITY THAT THE RISK FACTOR OCCURS; AND (II) THE EXPECTED MAGNITUDE OF THE ADVERSE EFFECT ON THE FINANCIAL CONDITION AND PERFORMANCE, OPERATIONAL PERFORMANCE, BUSINESS AND, OR TRADING PROSPECTS OF THE ISSUER, AND, OR THE GROUP, IF THE RISK FACTOR WERE TO MATERIALISE. WHERE A RISK FACTOR MAY BE CATEGORISED IN MORE THAN ONE CATEGORY, SUCH RISK FACTOR ONLY APPEARS ONCE IN THE MOST RELEVANT CATEGORY OR SUB-CATEGORY FOR SUCH RISK FACTOR.

THIS SECURITIES NOTE, THE DOCUMENTATION INCORPORATED BY REFERENCE HEREIN, AND, OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH SECURITIES ISSUED BY THE ISSUER: (I) IS NOT INTENDED TO PROVIDE THE BASIS FOR ANY CREDIT OR OTHER EVALUATION; (II) IS NOT AND SHOULD NOT BE CONSIDERED AS A RECOMMENDATION BY THE COMPANY, THE DIRECTORS, ANY OF THE ADVISERS LISTED IN SECTION 3.3 OF THE REGISTRATION DOCUMENT OR ANY OF THE AUTHORISED FINANCIAL INTERMEDIARIES THAT ANY RECIPIENT OF THIS SECURITIES NOTE, THE DOCUMENTATION INCORPORATED BY REFERENCE HEREIN, OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION THEREWITH, SHOULD PURCHASE ANY SECURITIES ISSUED BY THE ISSUER, INCLUDING THE BONDS, AND, THEREFORE, PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN INDEPENDENT EVALUATION OF ALL RISK FACTORS, AND SHOULD CONSIDER ALL OTHER SECTIONS IN THIS SECURITIES NOTE; AND (III) CONTAIN STATEMENTS THAT ARE, OR MAY BE DEEMED TO BE, “*FORWARD-LOOKING STATEMENTS*”.

### 2.1 Forward-Looking Statements

This Securities Note contains statements that are, or may be deemed to be, “forward-looking statements”. These forward-looking statements can be identified by the use of forward-looking terminology, such as the terms “believes”, “estimates”, “anticipates”, “expects”, “intends”, “may”, “will” or “should” or, in each case, their negative or other variations or comparable terminology. Forward-looking statements relate to matters that are not historical facts. They appear in a number of places throughout the Prospectus, and documents incorporated therein by reference, and include statements regarding the intentions, beliefs or current expectations of the Issuer and, or the Directors concerning, amongst other things, the Issuer’s and, or the Group’s strategy and business plans, capital requirements, results of operations, financial condition, liquidity, prospects, the markets in which it operates and general market conditions. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. Forward-looking statements are not guarantees of future performance and should therefore not be construed as such. The Issuer’s and, or the Group’s actual results of operations, financial condition, liquidity, and the development of its business may differ materially from the impression created by the forward-looking statements contained in the Prospectus. In addition, even if the results of operations, financial condition, and, or liquidity of the Issuer and, or the Group are consistent with the forward-looking statements contained in the Prospectus, those results, or developments may not be indicative of results or developments in subsequent periods.

Potential investors are advised to read the Prospectus in its entirety and, in particular, all the risks set out in this section and in the section entitled “*Risk Factors*” in the Registration Document, for a review of the factors that could affect the Issuer’s performance. In light of these risks, uncertainties, and assumptions, the events described in the forward-looking statements in this Securities Note may not occur.

All forward-looking statements contained in this Securities Note are made only as at the date hereof. Subject to applicable legal and regulatory obligations, the Issuer and its Directors expressly disclaim any obligations to update or revise any forward-looking statement contained in this Securities Note to reflect any change in

expectations with regard thereto or any change in events, conditions, or circumstances on which any such statement is based.

## **2.2 Suitability**

An investment in the Bonds may not be suitable for all recipients of the Prospectus. Prospective investors are urged to consult an investment adviser licensed under the Investment Services Act (Cap. 370 of the laws of Malta) to determine the suitability or otherwise of an investment in the Bonds, before making any investment decision. In particular, such advice should be sought to ascertain that each prospective investor:

- a. has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds, and the information contained or incorporated by reference in the Prospectus or any applicable supplement;
- b. has sufficient financial resources and liquidity to bear all risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the prospective investor's currency and that the Bonds meet the investment objectives of the prospective investor;
- c. understands thoroughly the terms of the Bonds and is familiar with the behaviour of any relevant indices and financial markets; and
- d. is able to evaluate possible scenarios for economic, interest rate and other factors that may affect their investment and their ability to bear the applicable risks.

An informed investment decision can only be made by investors after they have read and fully understood the risk factors associated with an investment in the Bonds and the inherent risks associated with the business of the Issuer and the Group. In the event that an investor does not seek professional advice and, or does not read and fully understand the provisions of the Prospectus, there is a risk that such investor may acquire an investment which is not suitable for their risk profile.

## **2.3 Risks Relating to the Bonds**

### **2.3.1. Status of the Bonds**

The Bonds, as and when allotted, shall constitute the general, direct, unconditional, and unsecured obligations of the Issuer and shall at all times rank *pari passu*, without any priority or preference among themselves, and, save for such exceptions as may be provided by applicable law, without priority or preference to all present and future unsecured obligations of the Issuer. This means that any secured or privileged debts of the Issuer shall rank at all times ahead of the obligations of the Issuer under the Bonds, as a result of which the Bondholders may not be able to recover their investment in the Bonds in the case of insolvency or an equivalent situation, whether in full or in part. Furthermore, third-party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer, as the case may be, for so long as such security interests remain in effect, which registration may further impede the ability of the Bondholders to recover their investment upon enforcement of such security interests, whether in full or in part.

### **2.3.2. Subsequent changes in interest rates and the potential impact of inflation**

The Bonds carry a fixed interest rate. Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds. Investors should also be aware that the price of fixed rate bonds should theoretically move adversely to changes in interest rates. When prevailing market interest rates are rising, their prices decline, and conversely, if market interest rates are declining, the prices of fixed rate bonds rise. This is called market risk since it arises only if a Bondholder decides to sell the Bonds before maturity on the secondary market.

The coupon payable on the Bonds is a nominal interest rate. The real interest rate is computed by subtracting inflation from the nominal interest rate, the result of which indicates the real return on the Bond coupons. In a period of high inflation, an investor's real return on the Bonds will be lower than the Bonds' nominal interest rate potentially undermining an investor's expected return. Furthermore, an increase in inflation may result in a decrease in the traded price of the Bonds on the secondary market.

### **2.3.3. No prior market for the Bonds**

Prior to the Bond Issue and admission of the Bonds to listing and trading, there has been no public market for the Bonds within or outside Malta. Due to the absence of any prior market for the Bonds, there can be no assurance

that the price of the Bonds will correspond to the price at which the Bonds will trade in the market subsequent to the Bond Issue. The market price of the Bonds could be subject to significant fluctuations in response to numerous factors, including the occurrence of any of the risk factors identified in this section 2.

#### **2.3.4. Orderly and liquid secondary market**

The existence of an orderly and liquid market for the Bonds depends on a number of factors including, but not limited to, the presence of willing buyers and sellers of the Bonds at any given time and the general economic conditions prevailing in the market in which the Bonds are traded. Such factors are dependent upon the individual decisions of investors and general economic conditions, over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop or, if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to trade in the Bonds at all.

#### **2.3.5. Future public offers**

No prediction can be made about the effect which any future public offerings of the Issuer's securities (including, but not limited to, the effects arising out of a change in the cash flow requirements of the Issuer or other commitments of the Issuer *vis-à-vis* new security holders), or any takeover or merger activity involving the Issuer (including, but not limited to, a delisting, in full or in part, of the Bonds), will have on the market price of the Bonds prevailing from time to time.

#### **2.3.6. Currency of reference**

A Bondholder will bear the risk of any adverse fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the Bondholder's currency of reference, if different. Such adverse fluctuations may impair the return of investment of the Bondholder in real terms after taking into account the relevant exchange rate.

#### **2.3.7. Continuing obligations**

After the Bonds are admitted to trading on the Official List, the Issuer must remain in compliance with certain requirements. The MFSA has the authority to suspend trading of the Bonds if, *inter alia*, it comes to believe that such a suspension is required for the protection of investors or of the integrity or reputation of the market. Furthermore, the MFSA may discontinue the listing of the Bonds if, *inter alia*, it is satisfied that, owing to special circumstances, normal regular dealings in the Bonds are no longer possible, or upon the request of the Issuer or the MSE. Any such trading suspensions or listing revocations or discontinuations described above, could have a material adverse effect on the liquidity and value of the Bonds.

#### **2.3.8. Amendments to the Terms and Conditions**

The Terms and Conditions contain provisions for calling a Bondholders' Meeting to consider matters affecting the interests of Bondholders generally. In the event that the Issuer wishes to amend any of the Terms and Conditions, it shall call a Bondholders' Meeting in accordance with the provisions of section 5.11 of this Securities Note. These provisions permit defined majorities to bind all Bondholders, including Bondholders who did not attend and vote at the relevant meeting, and Bondholders who voted in a manner contrary to the majority.

#### **2.3.9. Changes in law**

The Terms and Conditions are based on Maltese law in effect as at the date of this Securities Note. No assurance can be given as to the impact of any possible judicial decision or change in Maltese law or administrative practice after the date of this Securities Note.

## 3. PERSONS RESPONSIBLE AND CONSENT FOR USE OF PROSPECTUS

### 3.1 Persons Responsible

All of the Directors, whose names and functions appear under the subheading “*Directors of the Issuer*” in section 3.1 of the Registration Document, accept responsibility for the information contained in this Securities Note. To the best of the knowledge and belief of the Directors, who have taken all reasonable care to ensure that such is the case, the information contained in this Securities Note is in accordance with the facts and does not omit anything likely to affect the import of such information. The Directors accept responsibility accordingly.

All representations and other statements made in the Prospectus are made by the Issuer, and the Directors accept sole responsibility for all such representations and statements. The Sponsor, the Registrar, and the Issuer’s advisers have advised and, or assisted the Issuer in the preparation of this Securities Note, but none make any representation or statement unless otherwise expressly stated in the Prospectus, and each of them disclaims any responsibility for any representations and other statements made in the Prospectus.

### 3.2 Consent Required in Connection with the Use of the Prospectus by the Authorised Financial Intermediaries

For the purposes of any subscription for Bonds through any of the Authorised Financial Intermediaries in terms of this Securities Note and any subsequent resale, placement, or other offering of Bonds by such Authorised Financial Intermediaries in circumstances where there is no exemption from the requirement to publish a prospectus under the Prospectus Regulation, the Issuer consents to the use of the Prospectus (and accepts responsibility for the information contained therein) with respect to any such subsequent resale, placement, or other offering of Bonds, provided that this consent is limited only to:

- i. in respect of Bonds subscribed for through the Authorised Financial Intermediaries listed in Annex I of this Securities Note;
- ii. to any resale or placement of Bonds subscribed for as aforesaid, taking place in Malta; and
- iii. to any resale or placement of Bonds subscribed for as aforesaid, taking place within the period of 60 days from the date of the Prospectus.

None of the Issuer, the Sponsor, the Registrar, or any of their respective advisers takes any responsibility for any of the actions of any Authorised Financial Intermediary, including their compliance with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to a resale or placement of the Bonds.

Other than as set out above, neither the Issuer, nor the Sponsor, or the Registrar has authorised (nor do they authorise or consent to the use of the Prospectus in connection with) the making of any public offer of the Bonds by any person in any circumstance. Any such unauthorised offers are not made on behalf of the Issuer, the Sponsor, or the Registrar, and neither the Issuer, nor the Sponsor, or the Registrar has any responsibility or liability for the actions of any person making such offers.

Investors should enquire whether an intermediary is considered to be an Authorised Financial Intermediary in terms of the Prospectus. If the investor is in doubt as to whether it can rely on the Prospectus and, or who is responsible for its contents, it should obtain legal advice.

No person has been authorised to give any information or to make any representation not contained in or inconsistent with the Prospectus. If given or made, it must not be relied upon as having been authorised by the Issuer, the Sponsor, or the Registrar. The Issuer does not accept responsibility for any information not contained in the Prospectus.

**In the event of a resale, placement or other offering of the Bonds by an Authorised Financial Intermediary, the Authorised Financial Intermediary shall be responsible to provide information to investors on the terms and conditions of the resale, placement, or other offering at the time such is made.**

Any resale, placement, or other offering of the Bonds to an investor by an Authorised Financial Intermediary will be made in accordance with any terms and other arrangements in place between such Authorised Financial Intermediary and such investor, including as to price, allocations, and settlement arrangements. Where such information is not contained in the Prospectus, it will be the responsibility of the applicable Authorised Financial Intermediary at the time of such resale, placement, or other offering to provide the investor with that information, and neither the Issuer nor the Sponsor has any responsibility or liability for such information.

**Any Authorised Financial Intermediary using this Securities Note in connection with a resale, placement, or other offering of the Bonds subsequent to the Bond Issue shall, limitedly for the period of 60 days from the date of the Prospectus, publish on its website a notice to the effect that it is using this Prospectus for such resale, placement, or other offering in accordance with the consent of the Issuer and the conditions attached thereto. The consent provided herein shall no longer apply following the lapse of such period.**

## 4. ESSENTIAL INFORMATION ON THE BOND ISSUE

### 4.1 Reasons for the Issue and Use of Proceeds

The net proceeds from the Bond Issue, which, after deduction of Bond Issue expenses, are expected to amount to approximately €29.5 million, are intended to be utilised by the Issuer primarily to support the Group's international expansion strategy within the gaming industry, outlined in section 5.3.1 of the Registration Document.

This strategy encompasses, *inter alia*, the enhancement and localisation of the Group's existing games portfolio, the introduction of new product categories and operating formats, entry into new regulated jurisdictions, expansion of both retail and digital distribution channels, and initiatives aimed at improving operating margins and scalability.

In assessing potential international opportunities, the Group applies the structured assessment framework outlined in section 5.3.1 of the Registration Document, which includes regulatory and licensing requirements, jurisdictional and cultural alignment, partnership and operating structures, brand deployment and market positioning, and financial, tax, and risk considerations. Participation in such opportunities—particularly in regulated markets and concession-based or competitive tender processes—typically requires demonstrable financial strength, balance-sheet flexibility, and the capacity to commit funding within defined timeframes. Accordingly, the Bond proceeds are intended to enhance the Group's balance-sheet resilience and liquidity headroom, enabling the refinancing of strategic indebtedness on appropriate terms while preserving the financial flexibility required to pursue qualifying international expansion opportunities that meet the Group's strategic, operational, and financial return thresholds.

In pursuit of the aforesaid, approximately €27 million of the Bond proceeds will be applied towards the execution and financing of such internationalisation and growth strategy of the Group, principally to:

- i. refinance, in whole or in part, the outstanding principal due under a loan facility obtained by the Issuer from Bank of Valletta p.l.c. in connection with the implementation of the Group's growth and early-stage international expansion initiatives (*circa* €4 million), thereby optimising the Group's capital structure and enhancing financial efficiency; and
- ii. strengthen the Group's financial position and funding capacity to support the continued identification, evaluation, and execution of international strategic opportunities (*circa* €23 million), in line with the abovementioned section 5.3.1 of the Registration Document.

The remaining balance of approximately €2.5 million will be applied towards general corporate funding purposes of the Group, including working capital and operational support associated with its expanding international footprint.

For the purpose of on-lending the net Bond proceeds to IZI International SARL, an intra-group loan agreement shall be entered into by and between the Issuer (as lender) and IZI International SARL (as borrower) (the “**Loan Agreement**”).

In the event that the Bond Issue is not fully subscribed, the Issuer shall proceed with the listing of the amount of Bonds subscribed for and shall apply the net proceeds received in the manner and order of priority set out above. Any residual amounts required by the Issuer for the purposes of the intended uses which shall not have been raised through the Bond Issue, shall be financed from the Group’s general cash flow and, or bank financing.

## 4.2 Expenses

Professional fees, and costs related to publicity, advertising, printing, listing, registration, sponsor, management, registrar fees, selling commission, and other miscellaneous expenses in connection with this Bond Issue are estimated not to exceed €500,000 in the aggregate. There is no particular order of priority with respect to such expenses. The expenses pertaining to the Bond Issue shall be borne exclusively by the Issuer.

## 4.3 Interest of Natural and Legal Persons Involved in the Bond Issue

Save for the subscription for Bonds by Authorised Financial Intermediaries (which include Rizzo Farrugia & Co (Stockbrokers) Ltd as the Sponsor & Co-Manager, and Bank of Valletta p.l.c. as Registrar & Co-Manager, and any fees payable in connection with the Bond Issue to the advisers listed in section 3.3 of the Registration Document, in so far as the Issuer is aware, no person involved in the Bond Issue has an interest, conflicting or otherwise, material to the Bond Issue.

There shall be entered in such electronic register the names, addresses, identity card numbers (in the case of natural persons), registration numbers (in the case of companies), and MSE account numbers of the Bondholders and particulars of the Bonds held by them respectively. Bondholders shall have, at all reasonable times during business hours, access to the register of Bondholders held at the CSD for the purpose of inspecting information held on their respective accounts.

The CSD shall issue, upon request by a Bondholder, a statement of holdings to such Bondholder evidencing their entitlement to Bonds held in the register kept by the CSD.

The Bonds will be issued in fully registered form, without interest coupons, in denominations of any integral multiples of €100, provided that on subscription the Bonds will be subscribed for at a minimum of €2,000 per individual Bondholder. Authorised Financial Intermediaries subscribing to the Bonds through nominee accounts for and on behalf of clients shall apply the minimum subscription amount of €2,000 to each underlying client.

Any person in whose name a Bond is registered may (to the fullest extent permitted by applicable law) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute owner of such Bond. Title to the Bonds may be transferred as provided below under the heading "*Transferability of the Bonds*" in section 5.8 of this Securities Note.

Applicants may opt to subscribe for the online e-portfolio of the MSE. The Bondholder's statement of holdings evidencing entitlement to the Bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facilities on <https://eportfolio.borzamalta.com.mt/>. Further details on the e-portfolio may be found on <https://eportfolio.borzamalta.com.mt/Help>.

## 5.3 Rights Attaching to the Bonds

A Bondholder shall have such rights as are, pursuant to this Securities Note, attached to the Bonds, including:

- i. the repayment of capital;
- ii. the payment of interest;
- iii. the right to attend, participate in and vote at meetings of Bondholders in accordance with the Terms and Conditions of the Bonds; and
- iv. the enjoyment of all such other rights attached to the Bonds emanating from the Prospectus.

## 5.4 Interest

The Bonds shall bear interest from, and including, 2 April 2026 at the rate of 5.5% per annum on the nominal value thereof, payable annually in arrears on each Interest Payment Date. The first interest payment shall be effected on 2 April 2027 (covering the period commencing 2 April 2026 up to and including 1 April 2027). Any Interest Payment Date which falls on a day other than a Business Day shall be carried over to the next following day that is a Business Day.

When interest is required to be calculated for any period of less than a full year, it shall be calculated on the basis of a 360-day year consisting of 12 months of 30 days each, and in the case of an incomplete month, the number of days elapsed.

## 5.5 Yield

The gross yield calculated on the basis of the interest, the Bond Issue Price and the Redemption Value of the Bonds is 5.5% per annum.

## 5.6 Payments

Payment of the principal amount of Bonds will be made in Euro (€) by the Issuer to the person in whose name such Bonds are registered, with interest accrued up to the Redemption Date by means of direct credit transfer into such bank account as the Bondholder may designate from time to time, provided such bank account is denominated in Euro (€). Such payment shall be effected within seven days of the Redemption Date. The Issuer shall not be responsible for any charges, loss or delay in transmission. Upon payment of the applicable Redemption Value, the Bonds shall be redeemed and the appropriate entry made in the electronic register of the Bonds at the CSD.

In the case of Bonds held subject to usufruct, payment will be made against the joint instructions of all bare owners and usufructuaries. Before effecting payment, the Issuer and, or the CSD shall be entitled to request any legal documents deemed necessary concerning the entitlement of the bare owner/s and the usufructuary/ies to payment of the Bonds.

Payment of interest on a Bond will be made to the person in whose name such Bond is registered at the close of business 15 days prior to the Interest Payment Date, by means of a direct credit transfer into such bank account as the Bondholder may designate, from time to time, which is denominated in Euro (€). Such payment shall be effected within seven days of the Interest Payment Date. The Issuer shall not be responsible for any charges, loss or delay in transmission.

All payments with respect to the Bonds are subject in all cases to any applicable fiscal or other laws and regulations prevailing in Malta. In particular, but without limitation, all payments of principal and interest by or on behalf of the Issuer in respect of the Bonds shall be made net of any amount which the Issuer is or may become compelled by law to deduct or withhold for or on account of any present or future taxes, duties, assessments or other government charges of whatsoever nature imposed, levied, collected, withheld or assessed by or within Malta or any authority thereof or therein having power to tax.

No commissions or expenses shall be charged by the Issuer to Bondholders in respect of such payments.

In terms of article 2156 of the Civil Code, the right of Bondholders to bring claims for payment of interest and repayment of principal on the Bonds is barred by the lapse of five years.

## 5.7 Ranking of the Bonds

The Bonds, as and when issued and allotted, shall constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall, at all times, rank *pari passu*, without any priority or preference among themselves and, save for such exceptions as may be provided by applicable law, without priority or preference to all present and future unsecured obligations of the Issuer. This means that any secured or privileged debts of the Issuer shall rank, at all times, ahead of the obligations of the Issuer under the Bonds, as a result of which the Bondholders may not be able to recover their investment in the Bonds in the case of insolvency or an equivalent situation, whether in full or in part. Furthermore, third-party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer, as the case may be, for so long as such security interests

remain in effect, which registration may further impede the ability of the Bondholders to recover their investment upon enforcement of such security interests, whether in full or in part.

## 5.8 Transferability of the Bonds

The Bonds are freely transferable and, once admitted to the Official List, shall be transferable only in whole (i.e. in multiples of €100) in accordance with the rules and regulations of the MSE applicable from time to time. The minimum subscription amount of €2,000 shall only apply during the Offer Period. No minimum holding requirement shall be applicable once the Bonds are admitted to listing on the Official List and commence trading thereafter, subject to trading in multiples of €100.

Any person becoming entitled to a Bond in consequence of the death or bankruptcy of a Bondholder may, upon such evidence being produced as may from time to time properly be required by the Issuer or the CSD, elect either to be registered himself as holder of the Bond or to have some person nominated by him registered as the transferee thereof. If the person so becoming entitled shall elect to be registered himself, he shall deliver or send to the CSD a notice in writing signed by him stating that he so elects. If he shall elect to have another person registered, he shall testify his election by transferring the Bond, or procuring the transfer of the Bond, in favour of that person.

All transfers and transmissions are subject in all cases to any pledge (duly constituted) of the Bonds and to any applicable laws and regulations.

The cost and expenses of effecting any registration of transfer or transmission, except for the expenses of delivery by any means other than regular mail (if any) and except, if the Issuer shall so require, the payment of a sum sufficient to cover any tax, duty or other governmental charge or insurance charges that may be imposed in relation thereto, will be borne by the transferee.

The Issuer will not register the transfer or transmission of Bonds for a period of 15 days preceding the due date for any payment of interest on the Bonds.

## 5.9 Redemption and Purchase

Unless previously purchased and cancelled, the Bonds will be redeemed at their nominal value (together with interest accrued to the date fixed for redemption) on the Redemption Date.

Subject to the provisions of this section 5.9, the Issuer may at any time purchase Bonds in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike.

All Bonds repurchased by the Issuer shall be cancelled forthwith and may not be reissued or re-sold.

## 5.10 Events of Default

The Bonds shall become immediately due and repayable at their principal amount, together with any accrued interest, if any of the following events ("**Events of Default**") shall occur:

- i. the Issuer shall fail to pay any interest on any Bond when due and such failure shall continue for 60 days after written notice thereof shall have been given to the Issuer by any Bondholder; or
- ii. the Issuer shall fail to pay the principal amount on any Bond when due and such failure shall continue for 60 days after written notice thereof shall have been given to the Issuer by any Bondholder; or
- iii. the Issuer shall fail duly to perform or shall otherwise be in breach of any other material obligation contained in the Terms and Conditions of the Bonds and such failure shall continue for 60 days after written notice thereof shall have been given to the Issuer by any Bondholder; or
- iv. if any representation or warranty made or deemed to be made or repeated by or in respect of the Issuer is or proves to have been incorrect in any material respect; or
- v. an order is made or resolution passed or other action taken for the dissolution, termination of existence, liquidation, winding-up or bankruptcy of the Issuer; or
- vi. the Issuer stops or suspends payments (whether of principal or interest) with respect to all or any class of its respective debts or announces an intention to do so or ceases or threatens to cease to carry on its respective business or a substantial part of its respective business; or
- vii. the Issuer is unable, or admits in writing its inability, to pay its debts as they fall due or otherwise becomes insolvent; or

- viii. any material indebtedness of the Issuer is not paid when properly due or becomes properly due and payable or any creditor of the Issuer (as the case may be) becomes entitled to declare any such material indebtedness properly due and payable prior to the date when it would otherwise have become properly due or any guarantee or indemnity of the Issuer in respect of indebtedness is not honoured when properly due and called upon; PROVIDED THAT for the purposes of this provision, material indebtedness shall mean an amount exceeding €5,000,000; or
- ix. in terms of article 214(5) of the Act, a Court order or other judicial process is levied or enforced upon or sued out against any part of the property of the Issuer is not paid out, withdrawn or discharged within one month; or
- x. if a judicial or provisional administrator is appointed upon the whole or any material part of the property of the Issuer; or
- xi. there shall have been entered against the Issuer a final judgement by a court of competent jurisdiction from which no appeal may be or is made for the payment of money in excess of €5,000,000 or its equivalent and 90 days shall have passed since the date of entry of such judgement without its having been satisfied or stayed; or
- xii. the Issuer fails to procure the Ratio-Specific Guarantee in terms of section 9.4 of the Registration Document within the timeframe stipulated therein, and a resolution is approved at a Bondholders' Meeting to declare such as an Event of Default.

Upon any such notice being made as aforesaid the said principal monies and interest accrued under the Bonds shall be deemed to have become immediately payable at the time of the Event of Default, which shall have happened as aforesaid.

## **5.11 Meetings of Bondholders**

The Bondholders' meeting represents the supreme authority of the Bondholders in all matters relating to the Bonds and has the power to make all decisions altering the terms and conditions of the Bonds.

Where the approval of the Bondholders is required for a particular matter, such resolution shall be passed at a Bondholders' meeting. Save as otherwise stated in below, resolutions passed at Bondholders' meetings shall be binding upon all Bondholders and prevail for all the Bonds.

The Issuer may from time-to-time call meetings of Bondholders for the purpose of consultation with Bondholders or for the purpose of obtaining the consent of Bondholders on matters which in terms of the Prospectus require the approval of a Bondholders' meeting and to effect any change to the applicable Terms and Conditions, including any change to a material term of the issuance of the Bonds or the Prospectus.

A meeting of the Bondholders may also be convened on the requisition of a Bondholder or Bondholders holding in aggregate, at the date of the deposit of the requisition, not less than 75% in aggregate nominal value of Bonds then outstanding, which requisition shall state the objects of the meeting and shall be signed by the requisitioning Bondholder/s and deposited at the registered office of the Issuer. The Issuer must then proceed duly to convene a meeting of Bondholders within 21 days from the date of the deposit of the requisition that complies with the requirements of this section.

A meeting of Bondholders shall be called by the Directors by giving all Bondholders listed on the register of Bondholders as at a date being not more than 30 days preceding the date scheduled for the meeting, not less than 14 days' notice in writing. Such notice shall set out the time, place and date set for the meeting and the matters to be discussed or decided thereat, including, if applicable, sufficient information on any amendment of the Prospectus that is proposed to be voted upon at the meeting and seeking the approval of the Bondholders. Following a meeting of Bondholders held in accordance with the provisions contained hereunder, the Issuer shall, acting in accordance with the resolution/s taken at the meeting, communicate to the Bondholders whether the necessary consent to the proposal made by the Issuer has been granted or withheld. Subject to having obtained the necessary approval by the Bondholders in accordance with the provisions of this section at a meeting called for that purpose as aforesaid, any such decision shall subsequently be given effect to by the Issuer.

The amendment or waiver of any of the Terms and Conditions may only be made with the approval of Bondholders at a meeting called and held for that purpose in accordance with the terms hereof.

A meeting of Bondholders shall only validly and properly proceed to business if there is a quorum present at the commencement of the meeting. For this purpose, at least two Bondholders present, in person or by proxy,

representing not less than 50% in nominal value of the Bonds then outstanding, shall constitute a quorum. If a *quorum* is not present within 30 minutes from the time scheduled for the commencement of the meeting as indicated on the notice convening same, the meeting shall stand adjourned to a place, date and time as shall be communicated by the Directors to the Bondholders present at that meeting. The Issuer shall, within two days from the date of the original meeting, publish by way of a company announcement the date, time, and place where the adjourned meeting is to be held. An adjourned meeting shall be held not earlier than seven days, and not later than 15 days, following the original meeting. At an adjourned meeting the number of Bondholders present, in person or by proxy, shall constitute a quorum and only the matters specified in the notice calling the original meeting shall be placed on the agenda of, and shall be discussed at, the adjourned meeting.

Any person who in accordance with the Memorandum and Articles of Association of the Issuer is to chair the annual general meetings of shareholders shall also chair meetings of Bondholders.

Once a quorum is declared present by the chairman of the meeting, the Bondholders' meeting may then proceed to business and address the matters set out in the notice convening the meeting. In the event of decisions being required at the meeting the Directors or their representative shall present to the Bondholders the reasons why it is deemed necessary or desirable and appropriate that a particular decision is taken. The meeting shall allow reasonable and adequate time to Bondholders to present their views to the Issuer and the other Bondholders present at the meeting. The meeting shall then put the matter as proposed by the Issuer to a vote of the Bondholders present at the time at which the vote is being taken, and any Bondholders taken into account for the purpose of constituting a quorum who are no longer present for the taking of the vote shall not be taken into account for the purpose of such vote.

The voting process shall be managed by the company secretary of the Issuer under the supervision and scrutiny of the auditors of the Issuer.

The proposal placed before a meeting of Bondholders shall only be considered approved if at least 75% in nominal value of the Bondholders present at the meeting at the time when the vote is being taken, in person or by proxy, shall have voted in favour of the proposal.

Save for the above, the rules generally applicable to proceedings at general meetings of shareholders of the Issuer shall *mutatis mutandis* apply to meetings of Bondholders.

## **5.12 Authorisations and Approvals**

The Board of Directors authorised the Bond Issue pursuant to a board of directors' resolution passed on 18 February 2026.

## **5.13 Notices**

Notices will be mailed to Bondholders at their registered addresses and shall be deemed to have been served at the expiration of 24 hours after the letter containing the notice is posted, and in proving such service it shall be sufficient to prove that a prepaid letter containing such notice was properly addressed to such Bondholder at his registered address and posted.

## **5.14 Governing Law and Jurisdiction**

The Bonds are governed by and shall be construed in accordance with Maltese law. Any legal action, suit or proceedings against the Issuer arising out of or in connection with the Bonds and, or the Prospectus shall be brought exclusively before the Maltese courts.

# **6. TAXATION**

## **6.1 General**

Investors and prospective investors are urged to seek professional advice regarding both Maltese and any foreign tax legislation which may be applicable to them in respect of the Bonds, including their acquisition,

holding, and transfer, as well as any income derived therefrom, or gains derived on the transfer of such Bonds. The following is a summary of the anticipated tax treatment applicable to Bondholders insofar as taxation in Malta is concerned. This information does not constitute legal or tax advice and does not purport to be exhaustive.

Kindly note that this overview is limited to the key Malta tax considerations. Investors and prospective investors are advised to seek counsel from their tax advisers outside Malta, where any foreign tax considerations may be relevant.

The information below is based on an interpretation of tax law and practice relative to the applicable legislation, as known to the Issuer at the date of the Prospectus, in respect of a subject on which no official guidelines exist. Investors are reminded that tax law and practice and their interpretation as well as the levels of tax on the subject matter referred to in the preceding paragraph, may change from time to time.

This information is being given solely for the general information of investors. The precise implications for investors will depend, among other things, on their particular circumstances and on the classification of the Bonds from a Maltese tax perspective, and professional advice in this respect should be sought accordingly.

## 6.2 Malta Tax on Interest

Since interest is payable in respect of a Bond which is the subject of a public issue and such interest should constitute “investment income” in terms of Article 41(a)(iv)(1) of the Income Tax Act, Chapter 123 of the laws of Malta (hereinafter the “**Income Tax Act**”), unless the Bondholder elects by means of an instruction in writing sent to the Issuer in terms of Article 35 of the Income Tax Act to receive the interest gross of any withholding tax, or if the Bondholder does not fall within the definition of “*recipient*” in terms of Article 41(c) of the Income Tax Act, interest shall be paid to such Bondholder net of a final withholding tax, currently at the rate of 15% (or 10% in the case of certain types of collective investment schemes) of the gross amount of the interest, pursuant to Article 33 of the Income Tax Act. Bondholders who do not fall within the definition of a “*recipient*” do not qualify for the said rate and should seek advice on the taxation of such income as special rules may apply.

This withholding tax is considered as a final tax and a Maltese resident individual Bondholder is not obliged to declare the interest so received in his income tax return (to the extent that the interest is paid net of tax). No person shall be charged to further tax in respect of such income. Furthermore, such tax should not be available as a credit against the recipient’s tax liability or for a refund, as the case may be, for the relevant year of assessment in Malta. The Issuer is required to submit to the Maltese Commissioner for Tax and Customs the tax withheld by the fourteenth day following the end of the month in which the payment is made. The Issuer will also render an account to the Maltese Commissioner for Tax and Customs of all amounts so deducted, including the identity of the recipient.

In the case of a valid election in terms of Article 35 of the Income Tax Act made by an eligible Bondholder resident in Malta to receive the interest due without the deduction of final tax, interest will be paid gross and such person will be obliged to declare the interest so received in his Maltese income tax return and be subject to tax on such interest at the standard rates applicable to such Bondholder at that time. Additionally, in this latter case the Issuer will advise the Maltese Commissioner for Tax and Customs on an annual basis in respect of all interest paid gross and of the identity of all such recipients. Any such election made by a resident Bondholder at the time of subscription may be subsequently changed by giving notice in writing to the Issuer. Such election or revocation will be effective within the time limit set out in the Income Tax Act.

In terms of article 12(1)(c) of the Income Tax Act, Bondholders who are not resident in Malta satisfying the applicable conditions set out in the Income Tax Act are not taxable in Malta on the interest received and will receive interest gross, subject to the requisite declaration/evidence being provided to the Issuer in terms of law.

## 6.3 Maltese Taxation of Capital Gains on Transfers of the Bonds

As the Bonds do not fall within the definition of “*securities*” in terms of article 5(1)(b) of the Income Tax Act, that is, “*shares and stocks and such like instrument that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return*”, to the extent that the Bonds are held as capital assets by the Bondholders, no tax on capital gains is chargeable in respect of transfer of the Bonds.

## 6.4 Duty on Documents and Transfers

In terms of the Duty on Documents and Transfers Act (Cap. 364 of the laws of Malta), duty is chargeable, *inter alia*, on the transfer *inter vivos* or transmission *causa mortis* of marketable securities. A marketable security is defined in the said legislation as “a holding of share capital in any company and any document representing the same”.

Consequently, the Bonds should not be treated as constituting marketable securities within the meaning of the legislation and, therefore, the transfer or transmission thereof should not be chargeable to duty.

Furthermore, even if the Bonds are considered marketable securities for the purposes of the Duty on Documents and Transfers Act, in terms of article 50 of the Financial Markets Act, since the Bonds constitute financial instruments of a quoted company (as defined in such Act), redemptions and transfers of the Bonds should, in any case, be exempt from duty.

**INVESTORS AND PROSPECTIVE INVESTORS ARE URGED TO SEEK PROFESSIONAL ADVICE AS REGARDS BOTH MALTESE AND ANY FOREIGN TAX LEGISLATION APPLICABLE TO THE ACQUISITION, HOLDING AND DISPOSAL OF BONDS AS WELL AS INTEREST PAYMENTS MADE BY THE ISSUER. THE ABOVE IS A SUMMARY OF THE ANTICIPATED TAX TREATMENT APPLICABLE TO THE BONDS AND TO BONDHOLDERS. THIS INFORMATION, WHICH DOES NOT CONSTITUTE LEGAL OR TAX ADVICE, REFERS ONLY TO BONDHOLDERS WHO DO NOT DEAL IN SECURITIES IN THE COURSE OF THEIR NORMAL TRADING ACTIVITY.**

## 6.5 Exchange of Information

In terms of applicable Maltese legislation, the Issuer and, or its agent may be required to collect and forward certain information (including, but not limited to, information regarding payments made to certain Bondholders) to the Maltese Commissioner for Tax and Customs. The Maltese Commissioner for Tax and Customs will or may, in turn, automatically or on request, forward the information to other relevant tax authorities subject to certain conditions.

Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directives 2014/107/EU, 2015/2376, 2016/881 and 2016/2258) provides for the implementation of the Common Reporting Standard (“CRS”) into Maltese legislation. The CRS has been proposed by the OECD as a new global standard for the automatic exchange of financial account information between tax authorities in participating jurisdictions. CRS has been transposed into Maltese legislation pursuant to the Cooperation with Other Jurisdictions on Tax Matters Regulations, Subsidiary Legislation 123.127 (“CRS Legislation”). Malta-based financial institutions (“FIs”) (defined as such for the purposes of CRS) are obliged to identify and report to the Maltese tax authorities financial accounts held by a Reportable Person, as defined under the CRS Legislation, and certain entities with one or more Controlling Persons, as defined under the CRS Legislation, which is classified as a Reportable Person. Financial information relating to Bonds and Bondholders may fall within the purview of CRS and may be subject to reporting and information exchange provisions.

In particular, with respect to CRS, the following information will be reported annually by the FIs to the Maltese competent authority in respect of each reportable account maintained by the FIs: (i) the name, address, jurisdiction of tax residence, tax identification number (TIN) and date and place of birth (in the case of an individual); (ii) the account number (or functional equivalent in the absence of an account number); (iii) the account balance or value as of the end of the relevant calendar year or other appropriate reporting period or, if the account was closed during such year or period, the closure of the account; and (iv) the total gross amount paid or credited to the account holder with respect to the account during the calendar year or other appropriate reporting period with respect to which the FI is the obligor or debtor, including the aggregate amount of any redemption payments made to the account holder during the calendar year or other appropriate reporting period.

The Maltese tax authorities shall, pursuant to the automatic exchange framework for reciprocal information exchange, communicate to the other competent authority, on an annual basis any relevant information that may be classified as reportable, and vice versa.

The Foreign Account Tax Compliance Act (“FATCA”) has been implemented into Maltese law through the Exchange of Information (United States of America) (FATCA) Order, Subsidiary Legislation 123.156 (“FATCA Legislation”). Under the FATCA Legislation, FIs in Malta (defined as such for the purposes of FATCA) are obliged to identify and report financial accounts held by Specified U.S. persons, as defined under the FATCA Legislation, and certain non-U.S. entities which are controlled by U.S. Controlling Persons, as defined under the FATCA Legislation, to the Maltese

tax authorities. The Maltese Government and the Government of the U.S. shall annually exchange the information obtained pursuant to the Order on an automatic basis. Non-compliance may result in a punitive 30% withholding tax on distributions captured by FATCA. Financial account information in respect of holders of the Bonds could fall within the scope of FATCA and may therefore be subject to reporting obligations.

In particular, FIs reserve the right to store, use, process, disclose and report any required information including all current and historical data related to the past and, or present account(s) held by Reportable Persons, including, but not limited to, the name, address, date of birth, place of birth and US TIN, the details of any account transactions, the nature, balances and compositions of the assets held in the account, to the Maltese competent authority.

FIs reserve the right to request any information and, or documentation required, in respect of any financial account, in order to comply with the obligations imposed under FATCA and CRS and any referring legislation. In the case of failure to provide satisfactory documentation and, or information, FIs may take such action as it thinks fit, including without limitation, the closure of the financial account.

## 7. TERMS AND CONDITIONS OF THE BOND ISSUE

### 7.1 General Terms and Conditions of the Bonds

The following Terms and Conditions shall be read in conjunction with all the other terms and conditions relative to and regulating the contractual relationship created between the Issuer and the Applicant on the other.

- 7.1.1** The issue and allotment of the Bonds is conditional upon the Bonds being admitted to the Official List. In the event that such condition is not satisfied, the Issuer undertakes to procure that any Application monies received by the Registrar during the Offer Period will be returned without interest by direct credit to the Applicants' bank accounts as indicated in the respective Applications.
- 7.1.2** The Bonds may be applied for by all categories of investors, including Existing Bondholders and the general public. Investors who wish to subscribe for Bonds are to contact any of the Authorised Financial Intermediaries through whom they may participate in the Bond Issue. Investors may apply for the subscription of Bonds by submitting an Application to an Authorised Financial Intermediary, in the manner instructed by such intermediary, during the Offer Period, which will close at 12:00 hours on 24 March 2026, unless otherwise shortened or extended by the Issuer as provided in section 4.4 of this Securities Note.
- 7.1.3** Placement AFIs are required to submit to the Registrar completed data file representing the amount subscribed for pursuant to the respective Placement Agreement by latest 12:00 hours on 24 March 2026. Authorised Financial Intermediaries are required to submit to the Registrar completed (i) Application Forms by Existing Bondholders; and (ii) subscription agreements pursuant to the Intermediaries' Offer as described in more detail in section 7.5 below by latest 12:00 hours CET on 24 March 2026. Authorised Financial Intermediaries may subscribe for Bonds either in their own name or in the name of underlying clients. The minimum amount which each Existing Bondholder and, or Authorised Financial Intermediary, and, or Placement AFI, as applicable, may apply for in terms of the applicable Application Form and, or subscription agreement, and/or Placement Agreement as applicable, is €2,000 and in multiples of €100 thereafter. Authorised Financial Intermediaries subscribing for Bonds through nominee accounts for and on behalf of clients shall also apply the minimum subscription amount of €2,000 and in multiples of €100 thereafter.

- 7.1.4** An Applicant applying for the Bonds is thereby confirming to the Issuer, the Registrar, and the Authorised Financial Intermediary through whom the Application is made, that the Applicant's remittance will be honoured on first presentation and agrees that, if such remittance is not so honoured on its first presentation, the Issuer, the Registrar, or the respective Authorised Financial Intermediary reserve the right to invalidate the relative Application. Furthermore, the Applicant will not be entitled to receive a registration advice or to be registered in the register of Bondholders, unless the Applicant makes payment in cleared funds and such payment is accepted by the respective Authorised Financial Intermediary, the Registrar, and, or the Issuer, as applicable, which acceptance shall be made in the Authorised Financial Intermediary's, Registrar's, and, or the Issuer's absolute discretion and may be on the basis that the Applicant indemnifies the Authorised Financial Intermediary, Registrar, and the Issuer against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of the Applicant's remittance to be honoured on first presentation.
- 7.1.5** The contract created by the Issuer's acceptance of an Application shall be subject to all the terms and conditions set out in this Securities Note and the Memorandum and Articles of Association. It is the responsibility of investors wishing to apply for the Bonds to inform themselves as to the legal requirements of so applying, including any requirements relating to external transaction requirements in Malta and any exchange control in the countries of their nationality, residence, or domicile.
- 7.1.6** If an Application is submitted on behalf of another person, whether legal or natural, the person submitting such Application will be deemed to have duly bound such other person, whether legal or natural, on whose behalf the Application has been submitted. The person submitting such Application shall be deemed also to have given the confirmations, warranties and undertakings contained in these terms and conditions on their behalf. Such representative may be requested to submit the relative power of attorney or resolution, or a copy thereof duly certified by a lawyer or notary public, if so required by the Issuer and the Registrar, but it shall not be the duty or responsibility of the Registrar or the Issuer to ascertain that such representative is duly authorised to appear on the Application. Furthermore, in cases where the decision to invest is taken by a third party authorised to transact on behalf of the Applicant (a "**decision maker**"), such as an individual that holds a power of attorney to trade on the Applicant's account or Applications under a discretionary account, details of the decision maker need to be included in the relative panel of the Application.
- 7.1.7** In the case of joint Applications, reference to the Applicant in these terms and conditions is a reference to each of the joint Applicants, and liability therefor is joint and several. The person first-named in the register of Bondholders shall, for all intents and purposes, be deemed to be such nominated person by all those joint holders whose names appear in the register, as the case may be. Such person shall, for all intents and purposes, be deemed to be the registered holder of the Bond/s so held.
- 7.1.8** In the case of corporate Applicants or Applicants having separate legal personality, the Application must be signed by a person/s authorised to sign and bind such Applicant. It shall not be incumbent on the Issuer or the Registrar to verify whether the person or persons purporting to bind such an Applicant is or are in fact authorised. Applications by corporate Applicants have to include a valid legal entity identifier ("**LEI**") which must be unexpired. Applications without such information or without a valid LEI will not be accepted.
- 7.1.9** In respect of a Bond held subject to usufruct, the name of the bare owner and the usufructuary shall be entered in the register. The usufructuary shall, for all intents and purposes, be deemed *vis-à-vis* the Issuer to be the holder of the Bond/s so held and shall have the right to receive interest on the Bond/s and to vote at Bondholders' Meetings but shall not, during the continuance of the Bond/s, have the right to dispose of the Bond/s so held without the consent of the bare owner, and shall not be entitled to the repayment of principal on the Bond (which shall be due to the bare owner). Furthermore, the signatures of both the bare owner and the usufructuary will be required in the respective Application.
- 7.1.10** Applications in the name and for the benefit of minors shall be allowed provided that the Applicant already holds an account with the MSE. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption monies payable to the parents or legal guardian/s until such time as the minor attains the age of 18 years, following which all interest and redemption monies shall be paid directly to the registered holder, provided that the Issuer has been duly notified in writing of the fact that the minor has attained the age of 18 years.

**7.1.11** All Applications are to be lodged with any of the Authorised Financial Intermediaries listed in Annex I to this Securities Note, together with payment of the full price of the Bonds applied for, in Euro (€). Payments may be made through any method of payment accepted by the respective Authorised Financial Intermediary.

**7.1.12** By completing and delivering an Application, the Applicant:

- a. accepts to be irrevocably contractually committed to acquire the number of Bonds allocated to such Applicant at the Bond Issue Price and, to the fullest extent permitted by law, accepts to be deemed to have agreed not to exercise any rights to rescind or terminate, or otherwise withdraw from, such commitment, such irrevocable offer to purchase, and pay the consideration for, the number of Bonds specified in the Application submitted by the Applicant (or any smaller number of Bonds for which the Application is accepted) at the Bond Issue Price (as applicable) being made subject to the provisions of the Prospectus, the Terms and Conditions, the Application, and the Memorandum and Articles of Association;
- b. agrees and acknowledges to have had the opportunity to read the Prospectus and to be deemed to have had notice of all information and representations concerning the Issuer and the issue of the Bonds contained therein;
- c. warrants that the information submitted by the Applicant in the Application is true and correct in all respects. All Applications need to include a valid MSE account number in the name of the Applicant/s. Failure to include an MSE account number will result in the Application being cancelled by the Issuer (acting through the Registrar) and subscription monies will be returned to the Applicant in accordance with section 7.1.12(g) below. In the event of a discrepancy between the personal details (including name and surname and the Applicant's address) appearing on the Application and those held by the MSE in relation to the MSE account number indicated on the Application, the details held by the MSE shall be deemed to be the correct details of the Applicant;
- d. acknowledges the processing of any personal data for the purposes specified in the privacy notice published by the Issuer, which is available on the Issuer's website at <https://izigroup.com/investors/>. The Applicant hereby acknowledges that the processing of personal data may validly take place, even without the Applicant's consent, in the circumstances set out in the Data Protection Act (Cap. 586 of the laws of Malta) (the "**Data Protection Act**"), the General Data Protection Regulation (GDPR) (EU) 2016/679 ("**GDPR**") and any applicable subsidiary legislation, as may be amended from time to time. The Applicant has the right to request access to, and rectification of, the personal data relating to him in relation to the Bond Issue. Any such requests must be made in writing and sent to the Issuer and the CSD at the MSE. The requests must be signed by the Applicant to whom the personal data relates;

- g. agrees that any refund of unallocated Application monies will be paid by direct credit, without interest, at the Applicant's own risk, to the bank account as indicated in the Application. The Issuer shall not be responsible for any loss or delay in transmission or any charges in connection therewith;
- h. warrants that the remittance will be honoured on first presentation and agrees that, if such remittance is not so honoured: (i) the Applicant will not be entitled to receive a registration advice or to be registered in respect of such Bonds, unless and until payment is made in cleared funds within the Offer Period for such Bonds and such payment is accepted by the respective Authorised Financial Intermediary or by the Issuer acting through the Registrar (which acceptance shall be made in its absolute discretion and may be on the basis that the Authorised Financial Intermediary

or the Issuer acting through the Registrar is indemnified for all costs, damages, losses, expenses and liabilities arising out of, or in connection with, the failure of the Applicant's remittance to be honoured on first presentation at any time prior to unconditional acceptance by the Issuer acting through the Registrar of such late payment in respect of the Bonds); or (ii) the Issuer may, without prejudice to other rights, treat the agreement to allocate such Bonds as void and may allocate such Bonds to another person, in which case the Applicant will not be entitled to a refund or payment in respect of such Bonds (other than return of such late payment);

- i. agrees that the registration advice and other documents and any monies returnable to the Applicant may be retained pending clearance of his remittance and any verification of identity as required by the Prevention of Money Laundering Act (Cap. 373 of the laws of Malta) and regulations made thereunder; and that such monies will not bear interest;
- j. agrees to provide the Registrar and, or the Issuer, as the case may be, with any information which it/ they may request in connection with the Application;
- k. agrees that all Applications, acceptances of Applications and contracts resulting therefrom will be governed, and construed, in accordance with Maltese law, and to submit to the jurisdiction of the Maltese courts, and agrees that nothing shall limit the right of the Issuer to bring any action, suit or proceedings arising out of or in connection with any such Applications, acceptance of Applications and contracts resulting therefrom in any manner permitted by law in any court of competent jurisdiction;
- l. warrants that, where an Applicant signs and submits an Application on behalf of another person or on behalf of a corporation or corporate entity or association of persons, the Applicant is duly authorised to do so and such person, corporation, corporate entity, or association of persons will also be bound accordingly and will be deemed also to have given the confirmations, warranties and undertakings contained in the Terms and Conditions and accordingly will be deemed also to have given the confirmations, warranties and undertakings contained in the Terms and Conditions and undertake to submit his power of attorney or a copy thereto duly certified by a lawyer or notary public if so required by the Issuer and, or the Registrar;

- o. warrants that all applicable exchange control or other regulations (including those relating to external transactions) have been duly and fully complied with;

- s. renounces to any rights the Applicant may have to set off any amounts the Applicant may at any time owe the Issuer against any amount due under the terms of the Bonds.

- 7.1.13** In the event that an Applicant has not been allocated any Bonds or has been allocated a number of Bonds which is less than the number applied for, the Applicant shall receive a full refund or, as the case may be, the balance of the price of the Bonds applied for but not allocated, without interest, by credit transfer to such account indicated in the Application, at the Applicant's sole risk. The Issuer shall not be responsible for any charges, loss or delay arising in connection with such direct credit transfer.
- 7.1.14** For the purposes of the Prevention of Money Laundering and Funding of Terrorism Regulations (Subsidiary Legislation 373.01 of the laws of Malta), as amended from time to time, the Authorised Financial Intermediaries are under a duty to communicate, upon request, all information about clients as mentioned in Articles 1.2(d) and 2.4 of the "Members' Code of Conduct" appended as Appendix 3.6 to Chapter 3 of the MSE Bye-Laws, irrespective of whether such Authorised Financial Intermediaries are MSE Members or not. - 7.1.15** It shall be incumbent on the respective Authorised Financial Intermediary to ascertain that all other applicable regulatory requirements relating to subscription of Bonds by an Applicant are complied with, including without limitation the obligation to comply with all applicable requirements set out in Regulation (EU) No. 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Regulation (EU) No. 648/2012, as well as applicable MFSA Rules for investment services providers.
- 7.1.16** By not later than 2 April 2026 (or such earlier or later date in the event that the Offer Period is shortened or extended, as set out in section 4.4 of this Securities Note), the Issuer shall announce the result of the Bond Issue through a company announcement on its website.
- 7.1.17** No person receiving a copy of the Prospectus or an Application in any territory other than Malta may treat the same as constituting an invitation or offer to such person, nor should such person in any event use the Prospectus or make an Application, unless, in the relevant territory, such an invitation or offer could lawfully be made to such person or the Prospectus or Application could lawfully be used without contravention of any registration or other legal requirements. In light of the aforesaid, including but not limited to the onerous requirements involved in the registration of the Prospectus in any territory other than Malta and, or compliance with the relevant legal or regulatory requirements, the Issuer has elected not to send Application Forms to Existing Bondholders having their address (as included in the register of bondholders) outside Malta, except where, *inter alia*, in the absolute discretion of the Issuer, it is satisfied that such action would not result in a contravention of any applicable legal or regulatory requirement in the relevant jurisdiction.
- 7.1.18** Subscription for Bonds by persons resident in, or who are citizens of, or who are domiciled in, or who have a registered address in, a jurisdiction other than Malta may be affected by the law of the relevant jurisdiction. Those persons should consult their professional advisers (including tax and legal advisers) as to whether they require any governmental or other consents, or need to observe any other formalities, to enable them to subscribe for the Bonds. It is the responsibility of any person (including, without limitation, nominees, custodians, depositaries and trustees) outside Malta wishing to participate in the Bond Issue to satisfy himself as to full observance of the applicable laws of any relevant jurisdiction, including, but not limited to, obtaining any requisite governmental or other consents, observing any other requisite formalities and paying any transfer or other taxes (of any nature whatsoever) due in such territories. The Issuer shall not accept any responsibility for the non-compliance by any person with any applicable laws or regulations of foreign jurisdictions.
- 7.1.19** The Bonds have not been and will not be registered under the Securities Act of 1933 of the United States of America and accordingly may not be offered or sold within the United States or to, or for the account or benefit of, a U.S. person.

Placement AFIs shall subscribe for Bonds, for their own account or for the account of their clients, by submitting Placement Agreements entered into or to be entered into between the Issuer and the respective Placement AFI. During the Offer Period, Existing Bondholders may subscribe for the Bonds by submitting the Application Form, whereas Authorised Financial Intermediaries shall subscribe to Bonds, for their own account or for the account of their clients, by submitting conditional subscription agreements to be entered into by the Issuer and the respective Authorised Financial Intermediaries.

Applications for subscription to the Bonds shall be made through Authorised Financial Intermediaries (which include the Sponsor and the Registrar) subject to a minimum subscription amount of €2,000 in nominal value of the Bonds and in multiples of €100 thereafter.

It is expected that Applicants will be notified of the amount of Bonds allocated to them respectively by means of an allotment letter to be sent upon admittance of the Bonds to listing on the Official List.

The registration advice and other documents and any monies returnable to Applicants may be retained pending clearance of the remittance and any verification of identity as required by the Prevention of Money Laundering Act (Cap. 373 of the laws of Malta), and regulations made thereunder. Such monies shall not bear interest while retained as aforesaid.

Dealings in the Bonds shall not commence prior to the Bonds being admitted to the Official List.

### 7.3 Pricing

The Bonds are being issued at par, that is, at €100 per Bond, with the full amount payable upon subscription.

### 7.4 Placement Agreements

The Issuer has entered into or shall enter into, as applicable, Placement Agreements with the Placement AFIs whereby the Issuer bound itself, or shall bind itself, as applicable, to allocate up to €15 million in nominal value of Bonds to such Placement AFIs, which in turn, bound themselves or shall bind themselves, as applicable, to subscribe to, for their own account or for the account of their underlying clients, a specified number of Bonds, subject to:

- i. the Prospectus being approved by the Malta Financial Services Authority; and

The Placement AFIs must effect payment to the Issuer for the Bonds subscribed to by not later than the Placement Date.

### 7.5 Intermediaries' Offer

An amount of €7.5 million in nominal value of Bonds together with the balance of the Bonds not subscribed to by: (i) Placement AFIs in terms of section 7.4 above; and (ii) by Existing Bondholders as contemplated in section 7.2 above, shall be offered for subscription by Authorised Financial Intermediaries participating in the Intermediaries' Offer.

The Issuer shall enter into conditional subscription agreements with Authorised Financial Intermediaries whereby it shall bind itself to allocate Bonds to the Authorised Financial Intermediaries in accordance with the terms of such subscription agreements.

The subscription agreements shall be subject to the terms and conditions of the Prospectus and will be conditional on the Bonds being admitted to listing on the Official list of the Malta Stock Exchange, and other conditions set out in the relevant subscription agreement. Moreover, the subscription agreements shall become binding on each of the Issuer and the respective Authorised Financial Intermediary upon signing, provided that the Authorised Financial Intermediary would have paid the Registrar all subscription proceeds in cleared funds by latest 24 March 2026.

The minimum amount which each Authorised Financial Intermediary may apply for in terms of the applicable subscription agreement is €2,000 and in multiples of €100 thereafter and such minimum and multiples shall also apply to each underlying Applicant in the case of applications under nominee.

Completed subscription agreements, together with evidence of payment, are to reach the Registrar by 24 March 2026. The Issuer, acting through the Registrar shall communicate the amount allocated under each subscription agreement by latest 25 March 2026. Where the Authorised Financial Intermediary has been allocated a lesser number of Bonds than the amount being subscribed for, such unsatisfied amount shall be refunded by the Registrar to the Authorised Financial Intermediary to the account specified in the respective subscription agreement by latest 26 March 2026.

In terms of the subscription agreements to be entered into, Authorised Financial Intermediaries will have the right to subscribe for the Bonds either for their own account or for the account of underlying customers and shall, in addition, be entitled to distribute any portion of the Bonds subscribed for to their underlying clients upon commencement of trading or to complete a data file representing the amount being allocated in terms of the respective subscription agreement as provided by the Registrar by latest 27 March 2026.

## Notes on how to complete this Application Form and other information

*The following notes are to be read in conjunction with the Prospectus regulating the Bond Issue*

1. This Application is governed by the Terms and Conditions of the Bonds contained in section 7 of the Securities Note dated 26 February 2026 forming part of the Prospectus. Capitalised terms not defined herein shall, unless the context otherwise requires, have the meaning ascribed to them in the Prospectus.
2. This Application Form is to be completed in BLOCK LETTERS. For applicants who are non-residents in Malta for tax purposes, the relative box in Panel F must be completed.
3. The MSE account number pertaining to the Existing Bondholders, has been preprinted in Panel A and reflects the MSE account number on the respective register held at the CSD as at 25 February 2026 (trading session of the 23 February 2026). If an MSE account pertains to more than one person (including husband and wife), the full details of all individuals must be given in Panels A and B but the first named bondholder shall, for all intents and purposes, be deemed to be the registered holder of the Bonds (vide note 6 below). Applications by more than two persons are to use the Addendum to the Application Form.  

Upon submission of an Application Form, Applicants who opt to have an online e-portfolio facility (by marking the relative box in Panel A), will receive by mail at their registered address a handle code to activate the new e-portfolio login. Registration for the e-Portfolio facility requires a mobile number to be provided on the Application Form. The Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Further detail on the e-portfolio may be found on <https://eportfolio.borzamalta.com.mt/Help>.
4. Applications in the name and for the benefit of minors shall be allowed provided that the applicant already holds an account with the MSE. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption proceeds payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption proceeds shall be payable directly to the registered holder, provided that the Company has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years. Panel C must be inserted with full details of the parents/legal guardians.
5. In the case of a body corporate, a valid Legal Entity Identifier ("LEI") needs to be inserted in Panel A. **Failure to include a valid LEI code, will result in the Application being cancelled by the Registrar.** Applications must be signed by duly authorised representatives indicating the capacity in which they are signing.
6. **EXISTING BONDHOLDERS ARE TO NOTE THAT ANY SECURITIES ALLOTTED TO THEM WILL BE RECORDED BY THE MALTA STOCK EXCHANGE IN THE MSE ACCOUNT QUOTED ON THIS APPLICATION FORM EVEN IF THE DETAILS OF SUCH MSE ACCOUNT NUMBER, AS HELD BY THE CSD OF THE MALTA STOCK EXCHANGE, DIFFER FROM ANY OR ALL OF THE DETAILS APPEARING OVERLEAF. A SEPARATE REQUEST BY THE APPLICANT TO CHANGE THESE DETAILS AS RECORDED AT THE MSE, WILL HAVE TO BE EFFECTED.**
7. Where a decision to invest is taken by a third party authorised to transact on behalf of the Applicant (a "decision maker") such as an individual that holds a power of attorney to trade on the Applicant's account or applications under a discretionary account, details of the decision maker need to be included in Panel C.
8. Where an MSE account number is held subject to usufruct, Panel C needs to be completed and both the bare owner/s and the usufructuary/ies are to sign this Application Form.

10. Only Applicants who hold a valid official Maltese Identity Card or companies registered in Malta will be treated as resident in Malta. In such a case the Applicant may elect to have final withholding tax, currently 15%, deducted from interest payments in which case such interest need not be declared in the Applicant's income tax return. The Applicant may elect to receive the interest gross (i.e. without deduction of final withholding tax), but will be obliged to declare interest so received in the tax return. The Company will render an account to the Maltese Commissioner for Revenue of all interest paid, all amounts of tax deducted by the payor in respect of the interest paid and of the identity of all such recipients. Interest received by non-resident Applicants is not taxable in Malta and non-residents will receive interest gross. Authorised entities applying in the name of a prescribed fund will have final withholding tax (currently 10%), deducted from interest payments.  

In terms of section 6.2 of the Securities Note, unless the Company is otherwise instructed by a Bondholder, or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act (Cap. 123 of the laws of Malta), interest shall be paid to such person net of final withholding tax, (currently 15%) of the gross amount of interest, pursuant to article 33 of the Income Tax Act (Cap. 123 of the laws of Malta).
11. Non-residents of Malta should note that payment of interest to individuals and certain residual entities residing in another EU Member State is reported on an annual basis to the Director General Inland Revenue, Malta, who will in turn exchange the information with the competent tax authority of the Member State where the recipient of interest is resident. This exchange of information takes place in terms of the Council Directive 2014/107/EU, of 9 December 2014 amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation.  

*The contents of Notes 10 and 11 above do not constitute tax advice by the Company and Applicants are to consult their own tax advisors in case of doubt.*
12. Interest, refund and redemption proceeds will be credited to the account indicated in Panel G or as otherwise amended by the Bondholder/s during the term of the Bond.
13. The Offer Period will open at 08:30 hours on 3 March 2026 and will close at 12:00 hours on 24 March 2026. The Issuer reserves the right to shorten or extend the Offer Period depending on the level of subscription in the Bond Issue. Application for Bonds may be lodged with any of the Authorised Financial Intermediary listed in Annex I of the Securities Note during normal office hours. Remittances by post are made at the risk of the Applicant and the Company, the Registrar and Authorised Financial Intermediaries disclaim all responsibility for any such remittances not being received by the date of closing of the subscription lists. Although the Issuer was set up on 30 December 2021, its subsidiaries have extensive experience in the industry having been in business since 2004.

The Group is a key player in the land-based gaming sector in Malta, operating two major gaming concessions, namely the National Lottery and the Dragonara Casino.

## 2. GROUP STRUCTURE

The Group is made up of a number of companies, as shown in the chart below.

National Lottery plc has been operating the National Lottery concession for just over three (3) years. The company operates all terrestrial lotteries, including Video Lottery Terminals (VLTs<sup>1</sup>) and Historical Horse Racing (HHR)<sup>2</sup> on an exclusive basis. Dragonara Gaming Limited (which is a subsidiary of Peninsula Gaming Group Limited) has successfully operated the Dragonara Casino since 2010.

IZI Interactive Limited is the iGaming operating subsidiary of the Group and offers all product verticals in digital format via three domains, [www.dragonara.com](http://www.dragonara.com), [www.izibet.com](http://www.izibet.com) and [www.lottery.mt](http://www.lottery.mt). <sup>1</sup> A video lottery terminal (VLT) is a video gaming device offering lottery type games through a video interface, the outcome of which is centrally determined by a random number generator installed in a central system outside the gaming device itself.

<sup>2</sup> Historical Horse Racing (HHR) is an electronic gaming product that allows players to bet on replays of horse races that have already taken place, using terminals that typically resemble slot machines.

The companies forming part of the Group are as follows:

### 3. BUSINESS OVERVIEW

#### NATIONAL LOTTERY

The National Lottery of Malta was established in 1923 and was operated by the Government of Malta until it was first privatised in 2004. Between the years 2004 and 2022 the National Lottery of Malta was operated and managed by Maltco Lotteries Ltd, a subsidiary of the Intralot Group. Following an international call for tenders issued in 2021, National Lottery p.l.c. was awarded the National Lottery concession and the National Lottery licence issued by the Government of Malta and the Malta Gaming Authority respectively with operations commencing on 5 July 2022. The National Lottery licence is valid for ten years expiring on 4 July 2032 and grants National Lottery p.l.c. the rights to operate all terrestrial Lottery Games on an exclusive basis and other games on a non-exclusive basis.

National Lottery p.l.c. offers the games portfolio described below through a network of authorised agents, own stores and online.

- **Lottery Games**

Lottery games comprise some of the most popular legacy draw-based games such as Lotto, Super5, FastKeno and Pick3 and subsets of these games such as Super5 Plus and Super5-4-3-2-1 and Super5-4-3-2-1 Plus. Lottery games also include VLTs, HHR, Virtuals and instant scratch cards; the latter sold under the brand name ScratchIZ.

- **Other Games**

Other games comprise a wide range of products including sports betting, pool-based betting (Tote) and EGMs.

Since taking over the management and operation of the National Lottery of Malta, National Lottery p.l.c. has embarked on a growth strategy that has transformed the sector in many ways. This transformative approach has enabled National Lottery p.l.c. to increase Gross Gaming Revenue (GGR) by 75.8%, when comparing the best performing year of the previous operator (FY2021)<sup>3</sup> with the last fiscal year of National Lottery p.l.c. (July 2024 – June 2025)<sup>4</sup>.

National Lottery p.l.c. has attained this remarkable growth, while ensuring its commitment to safe, transparent and responsible gaming. During the past year, National Lottery p.l.c. upheld its commitment to Responsible Gaming and Operations Security as evidenced by its Level 4 Responsible Gaming and Level 2 Operational Security certifications respectively, from the World Lottery Association (WLA) and European Lotteries (EL). National Lottery p.l.c. operates under the highest levels of

operational excellence as attested by its ISO/IEC27001:2022 certification for excellence in security and operations from the WLA. More recently, National Lottery p.l.c. became a member in ULIS (United Lotteries for Integrity in Sport), the international body safeguarding sports integrity.

#### LAND BASED CASINO

Since 2010, Dragonara Gaming Limited (“DGL”) has been the concessionaire of the Dragonara Casino located within the Dragonara Palace, a 19<sup>th</sup> century palace which is one of the most iconic properties in Malta. The Dragonara was granted its first casino licence by the Government of Malta in 1964 in a bid to attract high-value tourism to Malta post-independence. In 2010, DGL successfully tendered for the concession of the Dragonara Casino which it also successfully retained in 2021 for a further 10-years after again winning an international tender launched by the Malta Government in this respect.

In connection with the casino concession, DGL currently holds a B2C licence (covering Type 1, 2 & 3 gaming services) issued by the MGA, which is valid until 31 July 2031 (extendable to 2033 in line with the concession to operate the Dragonara Casino).

The Dragonara Casino offers a strong product portfolio featuring 274 slots and 20 live gaming tables, including a live dual-play roulette available online. Moreover, the service offering at Dragonara Casino is complimented by several in-house facilities including 130 parking bays (offering free parking to casino patrons), dining facilities and a VIP lounge.

Moreover, DGL holds a temporary sub-emphyteusis over the title of the property constituting the Dragonara Casino and its immediate surroundings. This sub-emphyteusis was granted by Casma Limited and expires in March 2083. DGL is permitted to use the property exclusively for a land-based casino and other gaming activities, retail, catering, entertainment, hospitality, and tourism. The long-term lease enables the Group to consider further development of this site. The Group has undertaken preliminary studies on the possibility of extending the Dragonara Casino, a project that aims at offering a more holistic and diversified casino experience.

#### iGAMING

The iGaming segment is operated by IZI Interactive Limited (“IIL”) which was incorporated in May 2016 to extend the reach of the Group to the ever-growing digital gaming market with the support of various providers. Through the provision of iGaming the Group can target a diverse audience through different delivery channels.

ILL operates and manages three domains<sup>5</sup>: [www.izibet.com](http://www.izibet.com) (offering online sports and casino), [www.dragonara.com](http://www.dragonara.com) (offering online casino) and [www.lottery.mt](http://www.lottery.mt) (offering online lottery and casino).

ILL utilises its Type 1 gaming licence to provide online lottery services for National Lottery p.l.c.

ILL holds a B2C licence (covering Type 1 & 2 gaming services) issued by the MGA which expires on 11 May 2027 and renewable upon request.

As a result, the Group can leverage synergies by extending both the resources and the know-how to effectively distribute, predominantly in the local market, lottery, casino, and sports betting under three very strong brand names.

## PROPERTY MANAGEMENT

This business sector is a non-core activity of the Group.

On 20 July 2019, IZI Properties Limited (formerly known as St. George Developments Limited), a subsidiary of the Issuer, entered into a temporary emphyteusis agreement for a period of 30 years in respect of a property in St. Julian's. Construction commenced in 2020 and has now been completed, with the property fully finalised and is expected to be leased out to third parties during the current financial year ending 30 June 2026. Furthermore, on 19 December 2022, the subsidiary acquired a retail outlet in Sliema for €120,000, which is being held for the purpose of earning rental income.

As at the date of this report, the Group owns arable land known as 'Ta' Minka', situated in Wardija, Malta, measuring approximately 4,347 square metres. This land is held for future agricultural use. During financial year ending 30 June 2025, IZI Properties Limited acquired three additional plots of land from related parties: one in Naxxar and two in St Paul's Bay, at a total cost of €2.7 million. In addition, the same subsidiary also acquired a maisonette in Balzan for the cost of €0.4 million. These properties are being held for potential future capital appreciation.

## OTHER DEVELOPMENTS

The Group has experienced exponential growth in the past years, principally as it managed to incorporate the business opportunities afforded to it by virtue of the concession of the National Lottery which mandated the takeover of all the activities and personnel of the former concessionaire (Maltco Lotteries Limited) and the introduction of new product verticals. Today, the Group has a workforce of 517 employees. In terms of facilities requirements, the Group has transitioned its corporate

headquarters from the Portomaso Business Tower to the Quad Towers in Mriehel. Moreover, due to its logistical and inventory requirements, the Group has also rented warehousing and storage facilities in Mriehel.

### STRATEGIC OUTLOOK AND INTERNATIONAL OPPORTUNITIES

The Group has been actively preparing for international expansion, through leveraging of established relationships, operational set-up and expertise, particularly as a lottery and casino concessionaire. The HHR project launched in July 2024 is a clear example of how the Group can leverage its operations to introduce a new product vertical into the market, which was the first HHR installation outside the USA. Such project opens scalable business development opportunities, primarily in EU markets. Through such project and other similar initiatives, the Group is laying the groundwork for scalable international business opportunities that could possibly change the fabric of the Group in the future. As part of its broader growth strategy, the Group is actively exploring international expansion, with a strong focus on land-based casinos, lottery, retail gaming and HHR.

In FY2026 and beyond, the primary focus of the Group is to further maximise and consolidate its operations. The growth focus is expected to be achieved through a five-pronged strategy, including:

- continued enhancements to the current games' portfolio;
- introduction of new product categories and the establishment of another Bingo & HHR facility;
- augment, expand and sustain improvements in the retail distribution network;
- strengthening the Group's digital reach; and
- improve margins through further cost-optimisation measures.

## 6. MARKET OVERVIEW<sup>6</sup>

### ECONOMIC CONTRIBUTION

As duly reported by the Malta Gaming Authority (MGA) in its 2024 Annual Report, the gaming sector in Malta is one of the most important economic pillars given its significant contribution to the country, generating just under 7% of the Gross Value Added (GVA) of the Maltese economy. This performance reflects the industry's resilience and strategic importance, even as other sectors record accelerated growth. The gaming industry generated €1,386 million in GVA representing 6.7% of the economy total, a growth of 3.6% when compared to the previous year.

The sector also ranks as an important pillar of employment in Malta. The industry is a key driver of employment in companies that provide essential services to gaming operators. Based on estimates compiled by the MGA, in 2024 the total employment directly or indirectly tied to the gaming industry in Malta stood at approximately 18,000 individuals, representing 6.2% of the national workforce.

## THE REGULATOR – MALTA GAMING AUTHORITY

The Gaming Act (Chapter 583 of the laws of Malta) established the Malta Gaming Authority (“MGA”) as the competent authority responsible for the oversight of the gaming sector in Malta.

MGA licences govern four types of gaming services as detailed hereunder:

- **Type 1:** including games of chance played against the house, where the outcome is determined by a random generator. This usually includes casino type games, such as blackjack, baccarat and roulette, lotteries and poker played against the house (casino).
- **Type 2:** including games of chance played against the house. However, the outcome of the game is not determined by a random generator but is instead determined by the result of a game or competition which is external to the game being played. The operator of the game will manage their risk by managing the odds offered to the player. This encapsulates sports betting and fixed odds betting.
- **Type 3:** including games of chance played not against the house but against other players. The operator is not exposed to gaming risk as it generates revenue by taking a commission or other charges based on the stakes or prize. This includes games such as peer-to-peer poker and peer to peer bingo. Betting exchanges and other commission-based games are also included; and
- **Type 4:** including controlled skill games which includes fantasy sports. Gaming revenue can be levied by software vendors taking commission on wagers placed.

## GAMING IN MALTA

The gaming sector in Malta is split into four different categories as described below.

**A Casino Gaming Premises:** any premises accessible to the public, which holds a valid casino concession issued by the Government and a valid casino licence issued by the MGA.

The land-based casino market in Malta is highly competitive. There are three casino concessions and four operative land-based casinos namely:

- o the Dragonara Casino (operated by Dragonara Gaming Limited);
- o the Oracle Casino located at the Dolmen Resort in Qawra (operated by Tumas Group);
- o the Portomaso Casino, St. Julian’s (operated by Tumas Group); and

- o Casino Malta located at the Intercontinental Hotel in St. Julian's (operated by Eden Leisure Group).

Management estimates that within the first 11 months of CY2025<sup>7</sup>, the Dragonara Casino consolidated its leadership position in the land-based casino market with a market share (in terms of GGR) of circa 41% (CY2024: 40%). The MGA interim casino report issued in December 2025 shows how the casino industry in Malta grew from a total GGR of €56.6 million in CY2023, to €59.4 million in CY2024 and that in the first 11 months of CY2025 the industry had already reached the €59.8 million threshold, an increase of 9% when compared to the same period last year.

**B Controlled Gaming Premises:** any premises intended to make available for use, to host or operate one or more gaming devices (up to a maximum of 10 devices), but shall not include premises in which gaming is carried out in virtue of a concession by Government. The significance of this category continued to diminish as the downward trend in both the number of operators and value generated from this category continued to fall.

By the end of CY2024, the number of approved Controlled Gaming Premises in Malta came down to 21 from 29 a year before and the total number of licensed gaming devices continued to decline reaching a total of 162, with each designated shop having an average of 7.7 gaming devices. The value in this category continued its downward spiral as the estimated GGR generated in 2024 came in at approximately €1.96 million. Visits within this category fell sharply to 83,243 from 118,218 in CY2023. The average Gross Revenue per visit also fell from €24.10 in CY2023 to €23.60 in CY2024.

**C National Lottery:** National Lottery p.l.c. has commenced the operation of the national lottery of Malta on July 5, 2022. Under the stewardship of National Lottery p.l.c. the lottery industry in Malta has experienced a major transformation. National Lottery p.l.c., offers the full suite of Lottery Games, Sports Betting and Electronic Gaming Machines as authorised by the MGA. The National Lottery was established by the Government of Malta in 1923 and was first privatised in 2004. The National Lottery is operated under a concession granted by the Government of Malta for a term of 10 years and provides the concessionaire with the exclusive right to sell all terrestrial Lottery Games as well as Sports Betting and EGMs on a non-exclusive basis through a network of authorised agents and own stores.

Several changes have been undertaken by National Lottery p.l.c. with the aim of growing the market size. This includes product changes such as faster draw intervals in FastKeno, and the introduction of

new games such as Super5-4-3-2-1 Plus. National Lottery p.l.c also undertook a complete overhaul of the Super5 game that was relaunched on 4 July 2025, shortly after the end of FY2025. The market has also witnessed the expansion of the distribution network, taking the total number of National Lottery Outlets (NLOs) from 221 to 238 by the end of CY2024. Moreover, several NLOs underwent a thorough refurbishment programme to bring them in line with the retail brand strategy of the company. National Lottery p.l.c. also introduced the concept of the Secondary Distribution Network, through which retail establishments whose primary activity is other than selling lottery products, are licensed to sell limited range of lottery products. In FY2025, National Lottery p.l.c. had a total of 102 secondary network agents selling Instant Scratch Cards up from 73 secondary network points of sale a year prior.

**D iGaming:** comprising gaming services which are offered online. As at the end of 2024, the number of gaming companies offering online services through a licence issued by the MGA stood at 304 (CY2023: 305). There are 129 online B2C licensees offering Type 1 games, 94 offering Type 2 games, 42 offering Type 3 games and 8 offering Type 4 games. The Group operates in this market segment through its subsidiary IZI Interactive Limited, providing online casino, online sports and online lottery via three domains, namely lottery.mt, Dragonara.com and IZIBET.com. This has been an area of growth for the Group, with online casino and sport growing 43% in FY2025 when compared to FY2024, reaching a total GGR of €4.3 million (FY2024: €3 million). This upward trend has been sustained in the first quarter of FY2026 with record revenues of €1.2 million when compared to just under €1 million in the same period a year prior.

In its 2024 Annual Report, the MGA portrays a very positive outlook for the industry in the years to come. A high percentage of the MGA licensed operators expect gaming revenues to increase in CY2025 and are looking at the future of the gaming industry with optimism. Moreover, the increased population and the strong tourism sector continue to provide the right conditions for the land-based gaming sector to thrive. The growth across all gaming verticals and across different access channels attest to positive outlook of the industry.

## GAMING IN EUROPE

The European Gambling & Betting Association (EGBA) defines the land-based gaming market slightly differently to how the MGA defines the market in Malta. The land-based gaming market in Europe, as per the EGBA categorisation, is split into three broad categories:

- Betting: comprising horse racing and sports events;

- Lottery: comprising draw-based games and instant scratch cards; and
- Other: comprising casinos, gaming machines outside of casinos and bingo.

The European gambling market maintained its upward trajectory, with total GGR reaching €117.4 billion in 2023, and expected to grow by 5% in 2024 to reach €123.4 billion in 2024. Land-based gaming remains the dominant market segment, with GGR from this segment reaching €75.5 billion, equal to 61% of the total market value. Looking ahead, Europe’s gambling market is projected to maintain steady growth, estimated to reach €149.2 billion by 2029, driven predominantly by continued digital adoption and the full recovery of the land-based gaming segment, which in many EU countries is yet to reach the pre-COVID thresholds. The growth trajectory assumes a stable economic and regulatory environment while factoring in potential downturns that are likely to hit core markets over the next 10 years. Over the shorter 5-year horizon, the European land-based gaming market is estimated to grow by 1.8%<sup>8</sup>, while the European online gambling market is expected to grow by 6.9%<sup>9</sup> throughout the same period.

## HISTORIC FINANCIAL REVIEW – FY2023 TO FY2025

Following the launch of the National Lottery on 5 July 2022 and the successful transition between operators, the Group executed a series of targeted initiatives to scale the Lottery business. These included the rollout of new products, optimisation of legacy product features and draw structures, recalibration of the distribution network, and the introduction of additional access channels. Together, these actions materially expanded the addressable market and drove sustained growth across the sector.

The Group also completed a substantial CAPEX programme across all business verticals, focused on product innovation and improved service delivery throughout the distribution network. This investment has strengthened the platform's long-term competitiveness while supporting near-term revenue growth.

As a result, the Group delivered strong topline and earnings growth. Turnover increased from €660 million in FY2023 to approximately €920 million in FY2025, with revenue rising from €70.1 million to €94.2 million over the same period. In FY2025, player winnings reached €826 million, up 16.6% year-on-year, while Gross Gaming Revenue increased to €93.7 million, representing an 8.4% increase compared to FY2024.

Profitability improved materially alongside this growth. EBITDA reached €28.9 million in FY2025, representing 24% year-on-year growth, while Net Profit Before Tax increased from €2.6 million to €7.1 million, a 175% improvement versus the prior year. Operating profit margins expanded from -1.0% in FY2023 to 8.5% in FY2024 and further to 12.6% in FY2025, reflecting improved operating leverage, disciplined cost control, and the benefits of the Group-wide cost rationalisation programme.

The record performance in FY2025 provides clear evidence that the Group's strategic plan is translating into scalable growth, margin expansion, and improved earnings quality.

## OUTLOOK FOR FY2026 & FY2027

The performance for the Group for FY2026 and FY2027 has been split in two – (i) the analysis for FY2026, which is largely aligned with the analysis published in the FAS dated 26 November 2025 (save as explained in further detail below); and (ii) the analysis for FY2027, which incorporates the Group's internationalisation strategy. Further below, FY2027 is split to show the continuation of the Group's operations from its Malta-based business, comparable to the years that have been presented to date, as well as another column that highlights how the performance of the Group will be effected by the internationalisation strategy, including the respective narrative.

## FY2026 & VARIANCE ANALYSIS

In FY2026, total revenue is expected to increase to €101 million. The increase is mostly attributable to improved results across all lottery type games, and the continued strength shown from sports betting. The Group opened a new Bingo & HHR facility in Gozo on 5 February 2026. The uplift in revenues of both the iGaming and land-based casino verticals are forecast to continue throughout FY2026, albeit at slower rates of growth.

In FY2026, the Group will yet again sustain sizeable depreciation and amortisation charges, reflecting the bulk of the CAPEX programme that has already been undertaken. Nevertheless, in FY2026, the Group is expected to register an uplift in both the operating profit to €13.4 million (FY2025: €11.9 million) and its net profit before tax to €8.5 million (FY2025: €7.1 million).

In the update FAS that the Company published on 26 November 2025, the Group reported an income statement forecast for FY2026, which is not materially different from the one presented above, save for the increase in the finance costs, reflecting the additional borrowing costs associated with the new bond issue. Finance costs which were reported at €4.4 million in the update FAS, are now anticipated to increase to €4.9 million, reflecting an uplift of 10.3%, thereby resulting in a net profit before tax of €8.5 million (from €8.9 million as previously reported).

## OUTLOOK FOR FY2027

The investments undertaken by the Group in FY2025 resulted in improved revenue generation capabilities for the Group. While sustaining its efforts to continue increasing revenue thresholds, the Group is also looking at several initiatives to improve operating margins, including undertaking cost sensitivity exercises.

The growth strategy referred to in section 3 of this report is expected to continue to provide ammunition for the Group to grow its footprint internationally, with the aim of improving revenue levels and margins, through the leveraging of the expertise and set-up as a lottery and casino concessionaire.

The main impact of the efforts related to the Group's internationalisation strategy is noticed on the expenditure side, as the Group lays the groundwork for scalable international business opportunities that ought to change the fabric of the Group in the future. FY2027 is expected to be a foundational year, during which the groundwork necessary for successful international operations is established, with the benefits of these investments anticipated to materialise in the years that follow.

Total revenue for FY2027 is primarily reflective of the turnover generated from the Malta operations, which is expected increase further to €104 million, reflecting continued growth in the local market across all three revenue-generating units of the Group, namely National Lottery plc, Dragonara Gaming Limited, and IZI Interactive Limited.

The cost base in Malta is expected to remain largely comparable to the previous financial period. However, as FY2027 marks the year in which the Group begins implementing its internationalisation strategy, operating expenses for the international segment are expected to increase, primarily due to investments required to establish operations in the selected jurisdictions. Staff costs in this respect are expected to rise as the Group builds the necessary team in advance, so that by CY2028 — when foreign operations are anticipated to ramp up and generate sustained revenues — the required personnel will already be in place.

The CAPEX programme undertaken by the Group in earlier periods, as well as that related to the internationalisation efforts, is anticipated to result in increased depreciation charges in FY2027.

The operating profit that the Group expects to generate in FY2027 from the Malta operations is reflective of the additional growth being anticipated in the existing markets, growing from €13.4 million reported for FY2026 to €14.1 million in FY2027. On a consolidated basis, taking into account the operational expenses related to the foreign operations, this will be lower at €11.7 million, reflective of the €2.4 million operating loss related to the international operations.

The new bond issued during FY2026 will result in increased finance costs for the Group, which will be related primarily to the internationalisation expansion plans of the Group.

The improved performance of the Malta operations is expected to leave a positive impact on the profitability of this segment for FY2027, as profit before tax is anticipated to exceed the €10 million mark (FY2026: €8.5 million). nevertheless, consolidating the impact of the operational expenses for the foreign operations undertaken during the year, the reported profit before tax is expected to be just over €6 million.

This position is expected to improve in FY2028, when operations in the foreign jurisdictions start contributing meaningful gross gaming revenues to the Group.

## HISTORIC FINANCIAL REVIEW – FY2023 TO FY2025

### ASSETS

As highlighted in section 5 of this report, the major assets of the Group comprise: (1) goodwill generated by the Group over the years; (2) intangible assets consisting of software, tradenames and domains development through its integrated verticals and highly successful brands as well as control over the two government concessions to manage and operate the National Lottery of Malta (from July 2022) and the Dragonara Casino; (3) control rights over immovable properties (mainly comprising the retail gaming outlets and the Dragonara Casino) used in the operations of the Group (right of use of assets) as well as leased gaming premises used in the National Lottery operations, office space, warehouses, motor vehicles, and other properties leased by the Group; (4) investment property valued at €5.5 million, comprising of land and property as described in further detail in section 3 under '*Property Management*'; (5) property, plant equipment (PPE) used throughout the Group's day to day operations; and (6) cash balances. In aggregate, these assets represented in excess of 97% of the Group's total assets as of 30 June 2025.

Over the years, total assets were impacted by the CAPEX undertaken by the Group, net of annual depreciation and amortisation charges.

### LIABILITIES

As of 30 June 2025, the Group's main liabilities included borrowings, debt securities (which consisted of the listed bond issued in 2022), trade and other payables, deferred tax liability and leases liabilities accounted for in accordance with IFRS16.

The total liabilities of the Group as of 30 June 2025 stood at €174 million of which €145 million are non-current liabilities. The main element of this class of liability refers to the obligations arising from the National Lottery concession which is payable over the concession term of 10 years.

\* Further detail on the balances of restricted cash below.

The Group's borrowings over the three years ended 30 June 2025 continued to decline, as payments were made to reduce, primarily, the long-term bank borrowings in terms of contractual obligations related thereto. The bank borrowings related to the National Lottery concession and other borrowings drawn down to finance working capital requirements. Cash and cash equivalents varied during the three-year period, reflecting, in the main, the continued CAPEX and the servicing of the said bank borrowings. Lease liabilities relating to the properties over which the Group holds a right of use, namely the retail gaming outlets and the Dragonara Casino accounted for in accordance with IFRS 16 – Leases, amounted to €28.1 million by the end of FY2025.

As of 30 June 2025, the Group's deferred tax liability stood at €10.8 million which mainly reflects the uplift in value recognised on the Dragonara immovable property in accordance with IAS 12 - Income Tax.

## EQUITY BASE

The Group's equity stood at €85.8 million at the end of FY2025, consisting primarily of €80 million in share capital, non-controlling interest, and net of the negative retained earnings.

## OUTLOOK FOR FY2026 & FY2027

Going forward, the Group's financial position is expected to reflect the new bond issue of 2026. The funds from the new bond will be used to support the Group's international expansion, explained in earlier parts of this FAS, as equity contribution to the subsidiaries participating in concession bids and other growth projects that the Group pursues. Such funds, shown on the asset side as 'restricted cash' would subsequently be deployed by the Group in the operations of concessions that the Group is expected to win. Until such time when the concessions are awarded, the funds would be diverted towards finance income-generating assets, which ought to also alleviate the net finance costs incurred by the Group during such period.

## HISTORIC FINANCIAL REVIEW – FY2023 TO FY2025

The cash generation capabilities of the Group have improved considerably over the years, reflecting the growth in operations of the National Lottery and the sustained growth in all the other business verticals within the Group.

The capital expenditure undertaken during the three years ended 30 June 2025 supported the groundwork for longer-term sustainable growth and revenue generation capabilities of the Group, including the allocation of resources for its own retail distribution network. The bank loan drawn in 2022 (and reflected in FY2023) related to the National Lottery concession was serviced annually

through the cash-generative capabilities of the Group, despite also the capital expenditure made during the same period, as mentioned above. The resultant closing cash position at the end of FY2025 was of just over €7 million.

#### OUTLOOK FOR FY2026 & FY2027

The cash flows from operations are expected to exceed €33 million in both FY2026 and FY2027, reflecting the improved operational levels of the Group, as the Malta-based operations are expected to generate improved GGR across the three verticals.

Investing activities reflect the applied proceeds from the bond issue towards the capitalisation of entities within the Group that will lead the internationalisation strategy, as well as further CAPEX necessary both in this regard as well as continued operations in Malta. Meanwhile, financing activities reflect the bond issue proceeds in FY2026, net of scheduled repayment of bank facilities, servicing of interest on the various Group's borrowings, and the payments related to lease liabilities.

Consequently, the Group is forecasting a positive cash balance of €27.2 million by the end of FY2027. This projection also takes into account the Group's obligation to repay the principal of the 4.25% Bond, which is set to be redeemed on 14 April 2029.

*Source: Management information*

*Note: Readers may wish to note the disclosure made in section 7 with respect to the Group's performance for FY2027, which in turn explains the weakening of some of the ratios presented on a consolidated basis, which are not reflective of the performance of the comparable Maltese operations.*

The performance of the Group is manifested in the improved margins and profitability ratios that the Group has reported in the historic periods covering FY2023, FY2024 and FY2025. These ratios are expected to continue to improve further in FY2026, as the Group's profitability is also anticipated to grow on the back of continued cost containment and new verticals as explained earlier in this report. Meanwhile, as anticipated in earlier parts of this report, on a consolidated basis, FY2027 is expected to be characterised by additional costs required in relation to the internationalisation strategy that the Group is embarking on, which as a result, is expected to put pressure on profitability ratios.

Nevertheless, management expects these ratios to improve again from FY2028 onwards, once income from international concessions start being recognised.

The Group's current ratio improved during the historic period covered in this report, primarily reflecting the increase in cash generated from operations, alongside cash utilisation for additional investments made during the year. This ratio and the cash ratio are expected to improve further in FY2026 and FY2027, reflecting the additional cash from the bond proceeds.

As EBITDA improved year on year, the Group's interest coverage ratio strengthened accordingly and is expected to improve further in FY2026. In FY2027, however, the ratio is expected to weaken due to higher operating costs associated with the new international concessions, which are anticipated to reduce EBITDA, alongside finance costs reflecting a full-year interest impact from the newly issued bonds. Despite this deterioration, interest coverage is expected to remain at a robust level.

Gearing ratios (excluding lease liabilities) remained below the 50% level in the historic period covering FY2023 to FY2025, extending also to FY2026 and FY2027, despite the additional borrowings being undertaken by the Group, reflecting the Group's continued prudent capital management and adequate capitalisation. When including lease liabilities, the Group's gearing ratios show a higher level of leverage which is, however, still at an acceptable level at below 60%, including when accounting for the additional borrowing related to the new bonds in issue.
