MFSA Releases a Cyber Threats Awareness Brief

The Malta Financial Services Authority (the 'MFSA', or the 'Authority') hereby informs Authorised Persons that the first iteration of its [Cyber Threats Awareness Brief](#) has been published on its official website. The Brief provides an overview of key cyber threat trends observed throughout 2025 and the period from January to May 2026, together with forward-looking insights relevant to the financial sector. It is intended to support awareness of evolving cyber threats and contribute to the strengthening of cyber resilience across Authorised Persons. This document is issued for awareness purposes only and does not introduce any new regulatory obligations. Authorised Persons are encouraged to review the publication and consider its relevance within the context of their own risk environment.

For further information, kindly go to the Significant Cyber Threat Notification section of the [Supervisory ICT Risk and Cybersecurity](#) page within the MFSA website.
