Invitation to the MFSA Conference – FinTech 2030: Shaping the Next Era of Financial Services

The Malta Financial Services Authority ("MFSA" or the "Authority") is pleased to invite you, or a senior representative from your organisation, to attend its upcoming conference, **FinTech 2030: Shaping the Next Era of Financial Services, which will be held on 22 September 2026**, taking place at **The Xara Lodge, Limits of Rabat, Malta**.

The financial services sector is undergoing a profound transformation, driven by technological innovation, evolving customer expectations, increasing digitalisation, and an expanding regulatory landscape. Emerging technologies such as artificial intelligence, distributed ledger technology, tokenisation and digital payments are reshaping financial markets, while cyber resilience and financial crime prevention continue to grow in strategic importance.

Against this backdrop, the Authority is bringing together regulators, policymakers, financial institutions, fintech innovators, technology providers and other industry stakeholders to discuss the opportunities and challenges that will define the future of financial services.

The conference will provide a platform for insightful discussions on a number of key themes, including:

- MICA - Insights Across Europe and beyond
- Artificial Intelligence and its implications for financial services and supervision;
- Digital finance and innovation;
- Crypto-assets and tokenisation;
- The future of payments;
- Cybersecurity and operational resilience;
- Financial crime prevention in an increasingly digital ecosystem; and
- The evolving regulatory landscape supporting responsible innovation.

As the Authority continues to promote a resilient, innovative and trusted financial services sector, constructive dialogue between regulators and industry remains essential. We believe that conferences such as this provide valuable opportunities to exchange perspectives, share emerging trends and strengthen collaboration on issues of strategic importance to Malta's financial services sector.

Your participation would greatly contribute to these discussions, and we encourage you to attend this event together with members of your senior management team whose responsibilities encompass innovation, digital transformation, technology, compliance, risk management or business strategy.

The conference agenda, together with information on the speakers and registration, is available on the Authority's website:

[FinTech 2030: Shaping the Next Era of Financial Services - MFSA](#)

We encourage you to register at your earliest convenience, as places are limited.

Should you have any questions, please contact the Authority on communications@mfsa.mt.

We look forward to welcoming you on 22 September 2026.

Yours sincerely,

Malta Financial Services Authority

Prof. Christopher P Buttigieg Ph.D.
Chief Officer Supervision
